

**Report On Training Programmes Conducted by The Institution in The Last 5 Years  
(2017-2022)**

DSCDS has constantly focused on enriching the knowledge of the staff and students by organizing various CDE programs; helping them stride forward in the Field of Dentistry.

Individual departments hold various programs by eminent personalities in their respective fields to enhance the knowledge and keep abreast of the advancements in dentistry.

Implant workshops are conducted by integrating various departments, thus providing an overall perspective and thorough understanding of the subject. It is conducted every year in modules. Basic Life support workshops are conducted every year to ensure all students are able to manage emergency situations. Workshops on Lasers and Suturing is also conducted every year to refresh the students in these aspects.

Mentorship workshops are conducted for the staff to understand the needs of the students and techniques to handle challenging situations. This program has enabled the staff to personally monitor students on a one-on-one basis and guide them in their professional and personal problems.

Soft skill programs are conducted for students enabling them in management of patients' needs comfortably and ensuring they treat patients with empathy.

The college ensures that the students are trained for the future by conducting various career guidance programs and competitive exams.

A list of the various training programs conducted in college is attached in the following document-
