**To**  
The Vice Chairman  
Dayananda Sagar Institutions  
Bangalore

Respected Sir

**Sub:** Infrastructural requirements for DIMS (Patient management software)

The smooth working of DIMS (Patient management software) in the institute requires some basic infrastructure. Since we are planning for a complete paperless system for managing the patients, lack of sufficient infrastructure will create serious delays for the patients and their treatment. Following are the recommendations from this committee.

1. Billing section has to be separately allotted a computer.
2. Printer in the reception/billing section for printing bills.
3. ID card printer for providing patient registration cards.
4. Barcode reader in reception and oral medicine department.
5. Scanner in Reception to scan consent forms.
6. Tablet PC has to be increased in all departments to a minimum of 3 nos. per department.
7. Purchase of Microsoft SQL server 2017/2019 as this license is required for the DIMS software.

Based on this, following purchase are required.

SL NO.	PARTICULARS	QUANTITY
1	Computer (minimum configuration i3 processor- 7 <sup>th</sup> gen, 4gb ram, 1tb hard disk, windows 10 pro. )	1
2	Multifunctional laser printer with scanner (with networking capabilities-wifi)	1
3	ID Card printer	1
4	Barcode scanner	2
5	10 inch android tablet PC (minimum ram 3gb)	13 nos
6	License for Microsoft SQL server 2017/2019	1

Kindly provide these facilities at the earliest.

Thanking you

IT Committee members

Dr. Sunil.S

Dr. Ramnarayan BK

Dr. Vinod Rangan

Dr. Jayaprasad Darsan
