DENTAL COUNCIL OF INDIA
(A STATUTORY BODY CONSTITUTED UNDER THE DENTISTS ACT, 1948)

By Speed Post / E-mail

No.DE-232-Act(Regulations-Digi.Lib.)-2019/ 7749   Dated the 28 January, 2020

To

The Principals of all the dental colleges in the country

Sub: Formation of Digital Library by the DCI-Fee access to necessary Journals published by 'Wiley' and 'Elseiver'

Sir,

In continuation to DCI's letter No.DE-232-Act(Dig.-Lib.)-2019/7113 dated 02.01.2020 on the subject mentioned above, I am directed to say that the DCI is considering to have all necessary Journals in digital format instead of having physical copies at dental colleges to reduce the cost of Journals and to enable all colleges to provide E-Journals easily to their students and faculty. In this connection, the Council is also in a process to finalize a list of necessary Journals in this regard and is at the final stage to establish E-Consortium for improvement of standards of dental education and research activities, in a cost-effective manner.

2.   I am also directed to clarify that the free trial access to the necessary Journals published by 'Wiley' and 'Elseiver' shall be for 30 days only from the starting date of subscription on I.P. addresses furnished by the Dental Colleges.

3.   The Dental Colleges who wish to avail free trial access to the above journals and have not yet furnished their I.P. addresses may furnish the same positively by 15th February, 2020.

4.   This issues with the prior approval of the Competent Authority.

Yours faithfully,

(Mukesh Kumar)
Deputy Secretary
Dental Council of India

Dear Madam/Sir

We are pleased to inform you that Dayananda Sagar College of Dental Sciences-Bangalore now has access to Wiley's Peer Reviewed Online Dental Journals (as attached) through the RGUHS-HELINET Consortium for the period January 1, 2020 to December 31, 2020.

The access to Wiley Online Journals have been activated against your below mentioned static IP address, as provided by RGUHS (Rajiv Gandhi University of Health Sciences)

Static IP: 182.72.191.26/182.71.135.170

We have also designed a landing page to have seamless access to these 26 journals.

Kindly click the below link to see the list of journals:

https://www.wileyindia.com/helinet-dentistry/

You are requested to kindly confirm the access to my email ID: vsr@wiley.com at the earliest with cc to : library@rguhs.ac.in & manchashetty@gmail.com

In case there is there is additional IP range OR some other issues please inform us

Your early action in this matter will be highly appreciated to provide you better service. In case of ay clarification or query, please feel free to contact me.

Warm Regards

S.R.Varun

Dear HELINET Members,

Greetings from ProQuest!

This is to inform you that we have enabled the access to your institutes for the below ProQuest databases under HELINET Consortium.

- Health Medical Collection and Nursing Allied Health Database

IP based access link: https://search.proquest.com

Remote access details:

- Product access link: https://search.proquest.com/60975
- Username: RGUHS2019
- Password: Welcome2PQ!

We have been asked by the HELINET Consortium to collect **Activation Certificate** on the institution letter head immediately soon after the activation. Please share the soft copy of Activation Certificate. Draft of Activation Certificate is attached for your reference.

If you are still facing any difficulty in accessing the databases, please send us the updated IP or call us. We will fix the issue at the earliest.

Kindly ignore this email if you had already sent us the activation confirmation certificate.

For any support kindly reach us out to below representatives:

1. Ms.Hamsa Babu - Client Relationship Manager - 96866 64462 - Hamsa.Babu@proquest.com
2. Mr.Lakshmikanth A – Account Manager - 9886339117 - Lakshmikanth.Aswathanarayan@proquest.com

Regards,

Ms. Hamsa Babu, Client Relationship Manager – South India

ProQuest |315, AKD Tower | Sector 14 | Gurgaon – 122001 | India

To: RGUHS Dental <rguhsdental@googlegroups.com>

Dear Sir

Kindly share below link with all Nursing and Dental colleges to access EBSCO's resources. It's working. Also I request you to use this link to integrate in
your library page to enable colleges to get access link;

https://search.ebscohost.com/login.aspx?authtype=ip,uid&custid=ns189108&groupid=main&profile=ehost&user=rguhs&password=library@2019

Contact me if you need any further information/clarification.

Thank you

regards,

Venkatesha Kumar. S

Dear Sir

Please find attached list of resources subscribed
Here -- all the resources list --- please choose of Dental faculty
Please call them and get the resources enabled for access to all

Our expectation is every college should get all the respective e-resources enabled on the campus network
if not possible get the ID and password -- proportionate to the users.

We want to see that the access should never break and we want to ensure continuity

For any assistance, do not hesitate contact me

Please do not forget to communicate me once the resources are enabled

when the publishers come to your institute to enable the resources.. please use opportunity and cooperate to complete the job, because they have to cover so many institutions
Also we asked publishers to educate the librarians and users ... please utilize the service

We are always ready for any suggestion
All the best
With warm regards
Dr.H.S.Siddamallaiah

NDLI Club Application of DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES is Approved.
3 messages

NDLI CLUB <ndl.club@iitkgp.ac.in>   Sat, Sep 18, 2021 at 10:22 AM
To: A V N MURTHY <dscdslibrary@gmail.com>, ndl.support@iitkgp.ac.in

NDLI Club

Dear A V N MURTHY,

Greetings from the National Digital Library of India (NDLI):

We are happy to inform you that your application to start NDLI Club in your institute, DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES has been approved.

Your Institute Passkey is: **2b65d98a-8dea-4b6c-ad65-793942070d14**

Your NDLI Club Registration ID is: **INKANC5KHM7ENUY**

As a next step, we request you to perform the following activities:

1) You need to share the above mentioned passkey with all the interested students, faculty members and other staff members to enroll at NDLI Club by visiting this URL: https://club.ndl.iitkgp.ac.in/sign-up. Kindly ensure that a minimum of 100 students/ faculty members register within 60 days of receipt of this email.

2) You are requested to conduct an NDLI User Awareness Session for all the students and faculty members within 60 days of receipt of this email and upload this activity in the Club Admin section.

3) On successful completion of registering a minimum of 100 candidates and conducting NDLI user awareness session, you will be issued with a Certificate of Registration. This will be valid for 1 year. Within this 1 year, you need to conduct a minimum of six institute-level reading-related events and participate in 4 National level events. On satisfactory fulfillment, your NDLI Club membership will be renewed.

We look forward to your continued support.

To verify your Club role, please Click Here. In case of any difficulty in accessing the above link please click on the url below

Introduction of GNWebSoft Pvt. Ltd.

GNWebSoft Pvt. Ltd. is a Rajkot, India, based next generation software development firm. It was founded in 2006 with **CARE** (Commitment to Quality, Additional Services, Robust Solutions and Easy to use UI) as its core working principle. It provides high value software solutions to Educational institutions, Retail industry, Manufacturing industry, Healthcare industry, Travels & Transport industry etc. Since 2015, their main area of focus is educational institutions like Universities, Colleges & Schools.

Introduction of Dayananda Sagar Institutions

Dayananda Sagar Institutions founded in the 60s by one such visionary, late Sri Dayananda Sagar committed to take knowledge to the people, transforms today's students into responsible citizens and professional leaders of tomorrow. DSI is a comprehensive educational centre offering a wide range of undergraduate and postgraduate degrees. DSI's excellent academic programmes emphasize quality teaching, small class size and real-world career applications. Outside the classroom, you may participate in internship or cooperative education programmes.

Introduction to GNUMS

GNUMS is a University Management Software. It is an ERP solution for the educational institutions like university and college. It is an online solution for digitalization of the academic and administrative activities of the university. GNUMS is a flagship product of GNWebSoft Pvt. Ltd.

It has 25+ modules to manage university operations like enrollment, academics, fees collection, exam conduction, result generation, attendance processing, etc. These tasks are critical in nature and they consume lot of time and resources. GNUMS is useful to streamline and automate these activities effectively and efficiently.

The modules are designed using the expertise and experience of the renowned educationists. GNUMS is a perfect blend of educational experience and technical precision. It helps universities to build and manage their digital campus more efficiently. It is designed to reduce time and efforts of each stakeholder of the university in significant way.

Statement of confidentiality and non-disclosure

- This document contains proprietary and confidential information. All data submitted herein is provided in the client consent not to use or disclose any information contained herein except in the context of its business dealings with GNWebSoft Pvt. Ltd. The recipient of this document agrees to inform present and future employees of the client who view or have access to its content of its confidential nature.
- GNWebSoft Pvt. Ltd. retains all title, ownership and intellectual property rights to the material and trademarks contained herein, including all supporting documentation, files, marketing material, and multimedia.
- BY RECEIVING AND USE OF THIS DOCUMENT, THE RECIPIENT AGREES TO BE BOUND BY THE AFOREMENTIONED STATEMENT.

GNWebSoft Pvt. Ltd. desires to provide services and products to the client as part of this **"GNUMS AGREEMENT"** on the terms and conditions set forth and agreed below –

For the purposes of this Agreement, Client and Vendor may each be referred to as "Party" or, collectively, as the "Parties."

The Parties, intending to be legally bound, hereby agree as follows:

1. **Definitions**

In this Agreement the following expressions shall have the meanings indicated below:

   a) **"Affiliates"** includes any entity that controls or is controlled by or under the common control of GNWebSoft Pvt. Ltd. It includes all subsidiaries, associate companies or group companies or concerns.

   b) **"Confidential Information"** includes, without limitation, any of the following:

      I. Proprietary information disclosed in connection with this Agreement as part of the scope of service agreed between parties.

II. The term "Confidential Information" shall mean any and all information or proprietary materials (in every form and media) not generally known in the relevant trade or industry and which has been or is hereafter disclosed or made available by either Party (the "Disclosing Party") to the other (the "Receiving Party") in connection with the efforts contemplated hereunder, including

    i.   all trade secrets,

    II. existing or contemplated products, services, designs, technology, processes, technical data, engineering, techniques, methodologies and concepts and any information related thereto, and

    iii. information relating to business plans, sales or marketing methods and customer lists or requirements.

c) **"GNUMS"** means the name of a software product "GN University Management Software" offered by the vendor

d) **"Deliverables"** means GNUMS of the vendor for the client pursuant to this Agreement;

e) **"IP Rights"** means all patents, trade-marks, service marks, registered designs and applications and registrations for any of the foregoing, copyright, trade secrets, confidential information, trade or business names and any other similar protected rights of the vendor.

f) **Warranty**

Warranty, Maintenance & Ongoing support is to enable the client to adapt to the system, stabilize it, and make it a dependable tool for deriving continuous operational benefits. If however, during the tenure of warranty the vendor withdraws the support for the Solution, the vendor should replace the product with an equivalent or better alternative product which is acceptable to the client, or support the existing box with spares for the five year period, from the date of installation, at no additional cost to the client and without causing any performance degradation. If the vendor fails to provide the product as specified above the client reserves the right to invoke payments and retain the right to terminate the agreement. Software is a virtual entity, not a physical entity. Usage of the software shall start from the day one of implementation i.e., going live, in all installations of each Phase.

Warranty includes following

    i.   Use by the client of a licensed version, for use, during the duration of this agreement.

    ii. Updated software from time to time to fulfil the requirements of the client.

    iii. Online support for the smooth functioning of the software.

    iv. Remedy a defect / error / bug in the system, within agreed timelines.

    v.   Training of the user as and when required.

g) **Acceptance Criteria** are conditions that GNUMS should satisfy to be accepted by the client. GNUMS should meet pre-defined requirements of the client and change in requirements from time to time. The module wise acceptance criteria are attached in separate annexure. The acceptance criteria should be fulfilled after implementing the modules listed in Annexure A.

h) **New Modules** is major functionalities or a set of requirements which are not covered under the list of modules available in Annexure A. New module is neither available in the current package nor an enhancement to existing module, nor an upgrade in software version of existing module.

i) **Maintenance Services** is defined as the installation of GNUMS, user training, user support, change in software as per requirements, development of new requirements, technological up-gradation or error-correction services identified for the GNUMS within the period of this agreement.

j) **Implementer** is a person appointed by the vendor on the client side for the implementation of GNUMS who has knowledge of the GNUMS. He / She can be project leader, team leader, analyst, developer, tester, trainer, support person or any.

k) **ERP Support Engineer** is a person appointed by the client to help and assist the end users to use GNUMS.

2. Term of the Agreement

1. The initial term of this Non Exclusive Agreement is 10 years effective from the date of the agreement. After the initial term, the Agreement shall be renewed within 60 days as per mutual understanding between the parties.

3. Indemnification

1. The vendor shall defend, indemnify and hold harmless the client, its employees, from and against any direct claims, direct loss/damage or expense (including legal fees) relating to bodily injury or death of any person or damage to real and/or tangible personal property incurred while the vendor is performing the services and to the extent proximately caused by the willful negligence or willful misconduct of GNUMS or its personnel in the performance or implementation of the GNUMS.

4. Independence

1. It is expressly agreed, represented and understood that the parties hereto have entered into the **"GNUMS Agreement"** for GNUMS of the vendor and that the vendor is not the employee, agent of the client. Further, this Agreement shall not be deemed to constitute or create any partnership, joint venture, master-servant, employer-employee, principal-agent or any other relationship apart from an independent the vendor and contracted relationship.

2. The vendor shall not enter any contract or commitment in the name of or on behalf of the client or bind the client in any respect whatsoever and in same manner.

3. The client shall also not sign any term or contract or liability or binding condition regarding the implementation, maintenance, data storing, compliance, GDPR adoption with any other party with reference to GNUMS.

4. It is also agreed that during the term of this Agreement, the vendor shall have the right to provide the GNUMS agreement or version to other clients irrespective of the features, location and timeline.

5. The client permits the vendor to use their name and/or logo as a customer of the vendor's marketing and PR purposes, after approval from authorized client representative. The vendor shall not disclose any confidential information related to the project.

5. Intellectual Property Rights (IPR)

1. The client hereby acknowledges that the GNUMS is solely owned by the vendor only and all intellectual proprietary rights shall be owned by the vendor only.
2. The client cannot amend or perform any customization or replication on the GNUMS. Any breach relating the same shall provide right to the vendor for claiming damages which shall be unlimited in nature as it shall be against the intellectual proprietary rights of the vendor for the GNUMS.

3. Source Code ownership shall be retained with the vendor even after customization.

4. Any new functionality added at suggestion of the client and co-developed with the client personnel and the vendor, shall be under the joint IPR of both, the vendor and the client.

6. **Data / General Data Protection Regulation**

1. During the use of the GNUMS by the client, the data which shall be stored or used as part of providing the platform to the client, shall be owned by the client only. The vendor has no rights or cannot claim ownership of the data.

2. The vendor acknowledges that Confidential Information or any data thereof to be used shall remain the sole and exclusive property of the client. Further, the vendor hereby agrees to protect the confidentiality of the data and confidential information of the client.

3. All compliances related to data protection regulations as part of the Information Technology Act 2000 and / or Information Technology (reasonable security practices and procedures and sensitive Data and Information) rules, 2011 shall be the responsibility of the both parties. The vendor in any manner shall not be responsible for its protection and applicability as data is stored by the client and all data servers are responsibility of the client. The vendor is only providing the platform for providing such service and all.

4. The vendor shall assist the client in generating reports for verification of data entered as requested by the client and also access control list of data in the software.

7. **Non-Solicitation / Employee Poaching**

1. The vendor shall refrain from recruiting any employees of the client. Even while dealing with all the staff members of the client, the vendor shall follow ethical business practices which shall never influence / force anyone to take irrational decisions favoring anyone.

2. At the same time, the vendor also expects that the client to follow ethical business practices in which the client can neither offer (direct/indirect) recruitment in their own or other group companies/organizations nor can they deploy their services by offering tangible/intangible incentives for carrying out any work/assignment pertaining to the GNUMS. If any such incident comes to the knowledge of the management of the vendor or the client, then the both parties should mutually agree and resolve the issue.

3. If employees of the either party want to join other party then they can do so after 1 year.

8. **Liability**

1. In no event, shall either party be liable to the other for any punitive, exemplary, indirect, special, incidental or consequential damages of any kind including commercial loss, loss of profits, loss of savings, loss of use, loss of relations, in connection with or arising out of the relationship between the parties.
9. **Force Majeure**

   1. Neither party shall be responsible for failure or delay of implementation / training / performance if caused by: an act of war, hostility, or sabotage; act of God; electrical, internet or telecommunication outage or any epidemic that is not caused by the obligated party; natural pandemic or lockdown or quarantine restrictions; strikes; government restrictions (including the denial or cancellation of any export or other licenses).

   2. Both parties shall use reasonable efforts to mitigate the effect of a force majeure event. This provision does not excuse either party's obligations to take reasonable steps to follow its normal disaster recovery procedures.

   3. The client shall not have any claim for the damages against the vendor in respect of such non-performance or delay in performance of services.

10. **Governing Law**

    1. This Agreement shall be governed by and construed in accordance with the laws of the INDIA for arbitration and litigation matters and jurisdiction shall be Bangalore, Karnataka, India only.

    2. If any dispute arising out of these terms and conditions require intervention and/or adjudication by courts, then the courts located within the limits of Bangalore, Karnataka, India shall alone have jurisdiction and jurisdiction of other courts are hereby excluded.

11. **Scope of the Work & Services of the vendor**

    1. The Scope of the GNUMS is divided in various modules as listed in Annexure-A. The scope doesn't cover any other modules or functionalities like Hospital Management System, School Management System, Trust or College Websites, Social Media Promotion, etc.

    2. The Agreement sets out the conditions that shall govern the implementation of GNUMS as mutually agreed by the both Parties as per the business requirement of the client.

    3. Either Party shall be entitled to propose changes in the features or related amendment as per business needs as per mutual agreement.

    4. The vendor shall also provide development and maintenance services as part of agreement to meet the customization and service demanded by the client.

    5. The scope includes unlimited changes in existing modules / features subject to technical feasibility, business requirements and performance matrices of the GNUMS.

    6. New module development shall be charged extra.

    7. **Institutions covered under this agreement shall be as follow:**

    Void
    Void
    Void
    Void

4.5	Dayananda Sagar Institute of Technology (www.dayanandasagar.edu)	380	Diploma Engineering

This agreement also covers new programs opened by these institutions and increase in number of students.

8. **Implementation**

The vendor shall implement the modules in phased manner as per the Annexure-A as per the timelines defined in Annexure-B. The vendor shall put their best efforts to match the deadlines however the client agrees that the time duration for the implementation depends mostly on the number of changes and timely responses from the end user. The vendor shall deploy up-to total 4 implementers on premises to implement the GNUMS.

9. **Data Porting**

The vendor shall import / process / transfer data once from the existing software / database / excel / csv files. The client should take utmost care to provide the correct data in the given format. The vendor shall verify the random samples of the imported data, however the client agrees that the client shall verify the complete data before using the software. If there are new columns that are required mandatorily by GNUMS, then these shall have to be captured by the client. The vendor shall provide forms and reports for such new data items. Ensuring privacy of data during data porting shall be the responsibility of the vendor.

10. **Training**

After completion of implementation, the vendor shall arrange training sessions for the ERP support engineers as and when required. If required, then the vendor shall do multiple rounds of the
training for seamless usage of the GNUMS. The vendor shall provide user manual and training videos for the end users. The vendor shall also provide training instance with sample data for hands on training.

11. **Customization in Existing Modules**

The vendor shall implement changes recommended by the committee of the client in due course of time subject to technical feasibility, business requirements and performance matrices. The vendor agrees to implement changes in the existing modules at no extra cost however if the new module is demanded by the client then the client shall pay the charges mutually agreed by the both parties.

12. **Support**
    1. The vendor shall provide necessary onsite support during implementation.
    2. One implementer shall be deployed at the client side post implementation for a period of one year.
    3. After one year of implementation, if implementer or support person is required to be deployed at the client side then the charges shall be bared by the client as per Annexure-C
    4. Online support through Phone & Email: Monday to Friday, 10AM to 7PM.
    5. Visit to DSU Premises: Once Every Quarter. However, in the case of emergency, it can be arranged on the demand.

13. **Exclusion from the scope of the vendor**

The vendor's scope under the agreement doesn't include
    1. Software for Exam conduction under procured environment and online paper assessment
    2. Websites for the colleges, university & trust
    3. Hosting, Server, Hardware, Networking, SSL, Domain, etc.
    4. Payment Gateway charges, Email & SMS API charges
    5. Google Play store / Apple App store charges
    6. License cost of operating system, database server, server, etc.
    7. Any other 3rd party licenses, Paid APIs

12. **Warranties**

The vendor warrants that:

   i. The GNUMS shall operate / comply in accordance with the specifications mentioned in clause 13.3 & 13.4, provided the update is installed as per the product requirement or release as identified by the vendor.
   ii. It shall perform the services in accordance with all applicable laws, rules or regulations, including without limitation, the laws rules and regulations regarding intellectual property based on recommendation of local laws by the client and the client shall obtain all permits required to comply with such laws, rules and regulations.
   iii. It shall use all reasonable endeavors to remedy a defect / error / bug in GNUMS product which have been reported by Client in writing during the tenure of this agreement.

iv. Unless stated otherwise or agreed in writing between the parties, the GNUMS solution shall be updated time to time with newer versions.

v. If any bug/error is reported in the GNUMS while working on the same, it shall be rectified in due course of time depending upon criticality of the same. Critical level shall be decided by the client only. Bugs shall be resolved only if the agreement is in force.

vi. The client agrees that the warranties set out in this article are in lieu of and exclude all other terms, conditions or warranties implied by statute, law or otherwise as to the quality or fitness for any particular purpose of the Scope of Delivery.

13. Responsibilities of the client

1. Implementation Support

The client shall depute qualified engineers from existing IT team to coordinate ERP implementation services like legacy data porting, end user training, user requirement coordination, etc. Generally they are known as ERP Support Engineers. Their role shall be to help and assist end users to use GNUMS. The ERP support engineer shall be thoroughly trained by the vendor about features, functionalities and usage of GNUMS. The ERP support engineer shall be solely responsible for any communication between the client & the vendor post implementation.

2. Availability of Licensed software

It shall be the responsibility of the client to ensure that all the software used by the client are original and are sourced from the respective authorized persons / companies.

3. Server Requirements

The client shall manage the server(s) as per recommendation of the vendor with Windows Server Operating System, IIS, MS SQL Server 2016 Web / Standard Edition or higher for the GNUMS. The vendor shall provide the minimum configuration of the server time to time.

4. End User Computer

The end user computer / laptop should have minimum screen resolution of 1366 x 768 with the latest version of Google Chrome. The GNUMS is web based solution so operating system can be any of Windows or Linux or macOS or other which supports Google Chrome. The GNUMS is online solution so end user computer shall have good quality consistent internet connection.

5. Hardware, Networking, Printers

The vendor recommends usage of standard printers (laser printer / barcode printers) available in the local market, from where local support is possible from existing vendors. Even networking should be done from local vendors, who can support your organization easily. The vendor recommends to opt the service of hosting from local vendors for better support.

6. Data Entry & Usage of the GNUMS

The client shall take care that all the end users enter correct data on time for the smooth functioning of the GNUMS. If end user finds any error / bug in the software, then they should intimate to the vendor through proper channel at the earliest.
7. Data validation

The GNUMS has been tested and is of highest quality. The vendor shall not have any control on input of data, which shall be done by the operator / users from the client side. The vendor shall not be responsible for any discrepancy in reports arising out of tallying of manual and GNUMS generated reports. It is in the interest of the client that they should verify the results computed by GNUMS from time to time. The verification of correctness of reports generated by the GNUMS shall be the responsibility of the client however the vendor should help up to their best to resolve the mismatch in the reports.

8. Passwords

It would be the responsibility of the client to ensure that the password, where provided, is kept secret and not disclosed to anyone and to change the password time to time for better security. The client shall not part with the password with anyone and the vendor shall not be held liable for the misuse of the same.

14. Payment Terms

- The client shall compensate the vendor for GNUMS as per Annexure C.
- Payment of the invoices shall be made to the vendor within fourteen (14) days from the completion of each milestone.
- In case there is any issue/dispute with the invoice or service, the client shall communicate to the vendor within seven (7) days otherwise invoice shall be deemed to be accepted.
- If the invoice still remains unpaid then the vendor is entitled to suspend the GNUMS Services and cancel the GNUMS rights with immediate effect until the invoice is fully paid. In such case, the client is not entitled for any compensation and the vendor does not bear any liability for the suspension or cancellation of the said services.

15. Taxes

- GST shall be charged extra as per the prevailing rates of Tax from time to time.

16. Disclaimer

- While every efforts is made by the vendor to provide highest quality of GNUMS product and services to the client, the client acknowledges that the performance is entirely dependent on external factors like the type of hardware, printers, networking, performance of anti-virus, availability of internet connection, performance of hosting server, bandwidth, ISP policies and other original third party software like Operating System, Database Engine, etc. Besides, the quality of the input data which plays a major part in the tallying of reports are all beyond the control and purview of the vendor. Hence, the vendor shall in no event be responsible to the client for any inconvenience, damage or loss that may be caused to any one or of any kind arising there from.
- Under no circumstances shall the vendor be liable for any direct, indirect, incidental, special, punitive or consequential damages that result in any way from the client's use of or inability to use the service or access the GNUMS or any part thereof or that result from mistakes, omissions, interruption, deletion of files, errors, defects, delays in operation or failure of performance.
- This GNUMS has been designed and developed for the purpose of managing legitimate data of the University/Institute. After supply of this product, if any illegal use or misuse of this product is made by the client or the person in-charge of the computer resource or any misuse by any miscreant of this product for the purpose which are prohibited under any government laws / bylaws / sections prevalent in any country where the product is used (including India), GNWebSoft Pvt. Ltd. shall not be responsible in any way and the client or any person in charge of the computer resource shall be solely responsible as the purchaser of GNUMS.

17. **Complete Agreement**
- This Agreement and its Appendices sets forth the entire understanding between the parties hereto and supersedes all prior agreements, arrangements and communications, whether oral or written, with respect to the subject matter hereof. No other agreements, representations, warranties or other matters, whether oral or written, shall be deemed to bind the parties hereto with respect to the subject matter hereof. The client acknowledges that it is entering into this Agreement solely on the basis of the agreements and representations contained herein, and for its own purposes and not for the benefit of any third party. This Agreement may not be modified or amended except by the mutual written agreement of the parties.

18. **Severability / Remedies / Non-waiver**
- If a provision of this Agreement shall be deemed to be invalid or unenforceable, such invalidity or unenforceability shall not invalidate or render unenforceable the entire Agreement, but rather the entire Agreement shall be construed as if not containing the particular invalid or unenforceable provision or provisions. The Parties' rights and remedies under this Agreement are cumulative and in addition to and not in substitution for any right or remedy that may be available at law or in equity to the Parties.
- No waiver of any term or provision or of any breach or default of this Agreement shall be valid unless in writing and signed by the Party giving such waiver and no such waiver shall be deemed a waiver of any other term or provision or of any subsequent breach or default of the same or similar nature.

19. **Assignment**
- The client shall not assign this Agreement or any of its license rights, duties or obligations thereunder to any person or entity without the prior written consent of the vendor. Similarly, the vendor shall not assign this Agreement or any of its license rights, duties or obligations thereunder to any person or entity without the prior written consent of the client.

Annexure – B: Tentative Implementation Plan for Phase I & II Modules

Modules are categorized in Phase I to IV for the hassle free implementation. Phase I & II modules shall be implemented first. Phase III modules shall be implemented after implementation of Phase I & II modules. Phase IV modules shall be implemented as and when required.

Both the parties, Client & Vendor, play vital role in the implementation of ERP. Moreover, many activities are interdependent on each other. Hence it's not possible to define precise time duration for the implementation of each module but tentatively it can be planned as follow,

Sr.	Activity	Tentative Time Duration
1	Kick-off implementation. Understanding of the DSI.	1 Week
2	Porting of the Legacy Data.	4 to 6 Weeks
3	Demonstration of the modules, GAP analysis, approval of the changes in the GNUMS.	4 to 6 Weeks
4	Implementation of the changes approved by the client.	6 to 8 Weeks
5	User Training.	2 to 4 Weeks

Implementation shall be done simultaneously for DSU and DSCE in the Phase-1 and followed by completion of Phase-1 implementation for the other Institutions like DSATM, DSCASC, DSCDS, DSBA, DSCA and DSIT shall be carried out.

Multiple teams of the vendor shall be working in parallel on the different modules for the implementation. The client shall ensure that the responsible persons from the various institute shall remain present at ERP Implementation cell as and when they are demanded by the vendor.

Implementation Steps and Tentative Timeline for the Phase I & II Modules

Sr.	Activity	Approximate Days to complete the activity
A. Data Porting (To be completed in 4 to 6 weeks)		
1	The vendor shall send excel templates for the data porting.	7 Days
2	The client shall send data in the excel templates sent by the vendor or as per the formats of the current system.	7 Days
3	If data is complete and successfully validated as per the standard checks then the vendor shall import the data into the ERP. If data is incomplete or fails standard validation checks then the vendor and The client shall work together for correcting the data before importing.	15 Days
B. Demonstration of the modules (To be completed in 4 to 6 weeks)		
4	Demonstration of the modules shall be arranged by The client as per the priority decided by both the parties.	28 Days
5	GAP analysis / Change requirements to be identified after demonstration of the each module.	7 Days
6	The vendor shall define timeline to complete the changes identified and approved by the customer.	7 Days
C. Development of the new or changed requirements (To be completed in 6 to 8 Weeks)		
7	The vendor shall develop & customize the ERP to fulfill the changes.	As per step 7
8	The client shall arrange the Re-demonstration of the module after the intimation from the vendor.	7 Days
D. Training of the user (To be completed in 2 to 4 Weeks)		
9	The client shall arrange training sessions for the ERP support engineer	7 Days
10	The vendor shall provide training data instance for the hands on sessions for the end users.	7 Days
11	The client shall conduct the end user survey for the review / comments after module goes live	15 Days
12	If end user survey fulfills the acceptance criteria then sign-off of the module.	7 Days

- There are 51 modules so it is possible that one module may be in 4th activity step where as another module in 6th activity step.
- If any activity takes reasonably longer time, then both the parties should mutually agree to resolve the issue.
