Sir,

Sub: Letter of Appreciation of Doctors from Department of Prosthodontics,
Dayananda Sagar Dental College.

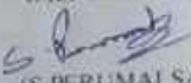

We are very thankful for the kind gesture and concern shown by your esteemed institution, towards the senior citizens of our Ashram.

The hardwork and efforts of your team of Doctors and dental technicians of your Department, comprising of Dr.C.M.Zameer Ahmed, Dr. Shelvi Pandey, Dr.Sujana.S, Dr. Monika.N, and Mr.Ranaa, to provide complete Dentures, that too Free of cost, is really commendable.

These dentures which may have otherwise cost the patients several thousands of rupees, and several visits have been provided 'free' by your institution, that too at our own doorstep, in just 2-3 visits have benefited our residents, in a big way both economically, as well as improved their day-to-day appearance and chewing. Such a gracious act has never before been shown by any other Dental College in the past.

We whole heartedly thank you and your team members, from the Department of Prosthodontics, who have provided a yeoman service to our establishment. Your act of kindness and concern to our senior citizens is truly appreciated.

With Warm Regards,

Respected Ma'am,

Mobility India (MI), established in Bangalore, as a registered society, in 1994 has been a progressive force in the Disability, Development and Rehabilitation sector. Mobility India provides Medical Rehabilitation Services, Education and Training programs in the areas of Assistive Technology, including prosthetics, orthotics, wheelchairs, rehabilitation therapy, and community based rehabilitation and accessibility. MI's reach over the last two decades has been in South, East, and North-Eastern Regions to address the real needs of the people and strives for the inclusion of people with disabilities in all development activities, especially those who are poor and disadvantaged. Mobility India's Rehabilitation Research & Training Centre in Bangalore, a model of disability friendliness, encompasses all its activities.

This year marks 25 years of Mobility India work and we have come a long way. We are planning to organize a string of events this year to mark this milestone.

MI is planning to organise one day "Health Screening Programme" to improve health and well-being for women, older people and disabled elderly. This will be held on **Saturday 15 September 2018, from 9.30 am to 5 pm** in its premises

MI will be grateful if your institution can provide free consultation services in the **Dental and Oral Screening**. There would be other health providers/specialist as well who would be conducting screening on Eye, Ear, Heart and Chest, Obesity, Cancer, Bone and Joints, etc

Looking forward for your positive response and your support in this endeavour.

Dear Sir/Madam,

Sub: Conducting Dental Screening Camp for Persons with Disabilities at Shristi Special Academy.

Warm Greetings from Shristi Special Academy!!!

Shristi Special Academy is a non-profit organization dedicated to helping those with Intellectual Disability, Cerebral Palsy, Autism Spectrum Disorder, Multiple Disabilities and Pre school normal children to lead more independent, enriching contributory lives. We empower such individuals from all age groups to realize their highest potential through specialized training programmes.

From our beginnings in a small, two-bedroom house with three special educators and three students, we have now grown to a dedicated team of over 50 and nearly 150 students. Most of the students come from the rural area or from Below Poverty line families. It is through community support and philanthropic initiatives that Shristi provides services for Persons With Disabilities and their families free or at a very nominal fee.

Shristi's comprehensive intervention program also includes providing nutritious breakfast and lunch and transportation to access our services.

Sir,

Sub: Letter of Appreciation of Doctors from Department of Prosthodontics,
Dayananda Sagar Dental College.

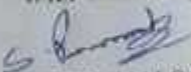

We are very thankful for the kind gesture and concern shown by your esteemed institution, towards the senior citizens of our Ashram.

The hardwork and efforts of your team of Doctors and dental technicians of your Department, comprising of Dr.C.M.Zameer Ahmed, Dr. Shelvi Pandey, Dr.Sujana.S, Dr. Monika.N, and Mr.Ranaa, to provide complete Dentures, that too Free of cost, is really commendable.

These dentures which may have otherwise cost the patients several thousands of rupees, and several visits have been provided 'free' by your institution, that too at our own doorstep, in just 2-3 visits have benefited our residents, in a big way both economically, as well as improved their day-to-day appearance and chewing. Such a gracious act has never before been shown by any other Dental College in the past.

We whole heartedly thank you and your team members, from the Department of Prosthodontics, who have provided a yeoman service to our establishment. Your act of kindness and concern to our senior citizens is truly appreciated.

With Warm Regards,

(S.PERUMALSAMY)
