1.3. Feedback by Alumni

- 49.5% of Our alumni rated the syllabus as good.
- 77% felt there were few irrelevant parts that needs to be changed.
- 37% rated the career assistance given was good, 43% rated it as neither good nor poor.
- 40.5% rated the offering of electives in relation to healthcare advancements as neither good nor poor.23% remained neutral.
- 69% felt their learning experience in college was good.
- 50.5% felt the relevance to of curriculum to practice was good.
- 67% rated the practical experience to be good.
- 80% were wanting to be a part of guest lecture to the juniors if needed by institution.
- Wanted alumni meets to influence and motivate the students towards clinical practices

1.4. Fcedback by employers

- 67% rated our students performance as good.
- 64% rated academic system to be satisfactory, 20% rated good.
- 61.5% felt our students were encouraged to newer ideas and techniques.
- 39% rated curriculum provided vast opportunities for research, 45% remained neutral.
- 71.5% strongly agreed that our student could handle patients independently.
- 25% said our students involved in social and extra curricular activity, 75% remained neutral.
- 69% said our students had leadership qualities

1.5. Feedback by professionals

- 47% professional said the curriculum somewhat fitted the needs of students for job placement 19% said some what disagree.
- 66% strongly agreed curriculum and sylabi fitted the needs of students higher education.
- 37% of professionals have opined that the curriculum is inadèquate to face real life situations,35% remained neutral.
- 57% strongly agreed the program and curriculum is sufficient for dental health care entrepreneurship, 31% remained neutral.
- 72% strongly agreed theory and practical are sufficiently balanced in curriculum and syllabus.

Actions taken by the college for the feedback and suggestions

1. Improving the availability and access to learning resources — LMS software is being procured to address this issue
2. Patient exposure - improved through many camps where students are posted.
3. Faculty training programs in research methodology to improve the research and innovation quality of the institutions.
4. Increase in number of faculty to strengthen the teaching learning environment — will be discussed with concerned personnel in the management.
5. Career development programs being initiated for students, knowledge on our role in clinical trials and medical writing.
6. Alumni meet planned

1.3. Feedback by Alumni

59.5% of Our alumni rated the syllabus as good.

80% felt there were few irrelevant parts that needs to be changed.

45% rated the career assistance given was good, 25% rated it as neither good nor poor.

36% rated the offering of electives in relation to healthcare advancements as neither good nor poor. 30% remained neutral.

71% felt their learning experience in college was good.

62.5% felt the relevance to of curriculum to practice was good.

59% rated the practical experience to be good.

83% were wanting to be a part of guest lecture to the juniors if needed by institution.

They have suggested that the dental faculty team be strengthened further and newer advances to be included in the curriculum. The students need to be trained in soft skills which helps them to further their skills in people management.

1.4. Fedback by employers

87% rated our student's performance as good.

64% rated academic system to be satisfactory, 20% rated good.

71.5% felt our students were encouraged to newer ideas and techniques.

56% rated curriculum provided vast opportunities for research, 35% remained neutral.

83.5% strongly agreed that our student could handle patients independently.

25% said our students involved in social and extracurricular activity, 75% remained neutral.

59% said our students had leadership qualities.

The employers have stated that the clinical and technical skills of our students have been good. The students need to be aware of the latest advances in the different specialties and emphasis should be increased on providing clinically relevant training.

1.5. Feedback by professionals

57% professional said the curriculum somewhat fitted the needs of students for job placement 19% said somewhat disagree.

69% strongly agreed curriculum and syllabi fitted the needs of student's higher education.

42% of professionals have opined that the curriculum is inadequate to face real life situations, 55% remained neutral.

57% strongly agreed the program and curriculum is sufficient for dental health care, entrepreneurship, 32% remained neutral.

Actions taken by the college for the feedback and suggestions

Faculty support system — It is good. 40% of the students want additional support. In this context, the faculty will be trained in a phase wise manner to strengthen the support system, formative assessment and feedback systems.

Infrastructure — increased number of e-books and e journals.

Workshops- Mentor ship committee formed and one on one mentoring of students undertaken to address the issue as due to pandemic students were expressing their issues over online classes. Soft skill training — the current Patient safety training program will be expanded to cover all students.

**Feedback on the curriculum for the year 2020-21 by Students, Faculty,
Alumni, Employers and Professionals.**

Contents

1. Summary of the feedback
2. Action taken by the committee

1.1. Student feedback on the curriculum

75.3% Students felt that the course objectives were clear.

67% of them said the content was completed at the end of the term.

71.5% felt they were encouraged to actively participate in the teaching learning process, and was supported by theory /practical classes.

74% of the students felt that the learning resources in the library were adequate.

66% of the students felt curriculum was effective in developing innovative thinking.

54% of the students were happy with the assessment system and said that the feedback helped them to learn while 34% remained neutral on this.

65% of the students felt that the course created curiosity.

61% felt assessment in practical classes were adequate where as 15% remained neutral on this.

69% felt assessment in theory classes were adequate where as 20% remained neutral on this aspect.

They were concerned on the practical aspects as lockdowns did not expose them to patient work

1.2 Faculty feedback on the curriculum

59% of the faculty felt the content addressed the objectives of learning in their respective specialty 15% disagreed 10% remained neutral.

67% felt the curriculum addresses the training need for the student in dental education 20% disagreed and 5% remained neutral.

70% felt there is flexibility for innovation and newer ideas.

63% felt curriculum involves technology and recent advances, whereas 30% strongly disagreed.

49% felt institutional infrastructural for innovative teachings were provided 35% disagreed and 10% remained neutral.

61% of the faculty feel that the assessment methods are in alignment with the course objectives.

Practical classes are lesser, difficult for students to correlate what is thought in the theory.

1. Challenges faced with regards to conducting/appearing for final year university examinations 2020.

Dr. Ramnarayan briefed the agenda of the meet and the purpose. The meet was conducted along with the final year students to allay fears of exam and postponement of exam and the

Dayananda Sagar College of Dental Sciences,
Shavige Malleshwara Hills, Kumaraswamy Layout, Bengaluru

impact it would have on their academic calendar.

The chairperson informed the students that Engineering students could be promoted this year and then give exams. However BDS final year can't go out without the exams. Students have not had many postings which means they lack the practical knowledge of those departmental skills needed for patient management. Dr. Ram was asked to read the calendar of events.

Calendar events

June July exams and internships begins in Sep 20 and finishes 21 Sep Pg exams 2021 for which eligibility will be to finish internship by march 2022.

Exams even in September can still be done

Dr. Roopa Nadig informed the students that Training and exams- two aspects. Patients' work is a must. How long you need after working on patients. she suggested September theory, oct and November posting then the practical's in dec or jan.

Students concern was travelling from native through air, road ways. Stay in Bangalore as hostels and PGs are not allowing them back. Quarantine place once they are back.

People in assam have no access to classes or online study materials due to floods. They cant even travel back right now

They suggested exit exams in internship, but according to DCI PDC is required to start the internship program. Students said if we can have practical on typho or something now and again a exit exams in internship. Even localities concerned about travelling to and fro and infecting their people back home. As the situation is unpredictable students don't want to postpone the exams too much. They were concerned of their course getting extended and being incompetent when they finish the course and start their practice.

Principal , Dean and Dr.Chaya counselled the students and assured them that all their concerns will be put forth to the university and there is no need to panic. All staff are with the students for support.

It was decided to bring to the notice of the university the concerns of the students in the next meeting of Principals.
