CIRCULAR
IMPLANT WORKSHOP

We are happy to inform that we are conducting a Implant workshop for three days from 30/01/2018 to 01/02/2018 in our college for interns, PG's and staff. This will be the first of a series of workshop by the implant department which will be very informative and illustrative.

The three day workshop would include:

Day 1: Morning Session - Lecture Session
Afternoon Session - Live Surgery

Day 2: Morning Session - Table Clinic
Afternoon Session - Live Surgery & placement of implants under guidance of Resource by delegates

Day3: Morning - Placement of implants by delegates under guidance of Resource Persons

This workshop with hands on course is sponsored by reputed company JD Evolution Implants with the following mentors:

- 1. Prof. Dr. Anuradha Navaneeth - Dr MR Ambedkar Dental College, Bangalore**
- 2. Prof. Dr. Vinayak Gowda - VS Dental College, Bangalore**
- 3. Prof. Dr. Ramesh Choudhary - Rajarajeshwari Dental College, Bangalore**

Study material will be given ahead of time.

All HOD's, staff are requested to participate along with PG's and staff.

COMPREHENSIVE IMPLANTOLOGY WORKSHOP (2018)

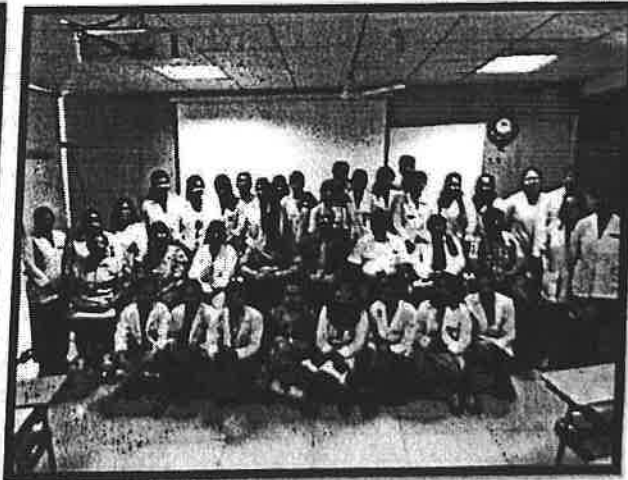

A 3-day Comprehensive IMPLANT Workshop was held at Dayananda Sagar College of Dental Sciences, Bangalore, on 30Jan -1 Feb, 2018

It was an intense, knowledge filled, skill enhancing program & first of its kind workshops done by our institution. The beneficiaries were our Interns, PG students & staff members, who made use of this program to the maximum extent. The program was the result of a collective effort of 4 departments (Departments of Periodontics, Oral Medicine, Oral Surgery, & Prosthodontics). The workshop comprised of didactic lectures by three well known resource persons- Dr. Anuradha Navneetham, Dr. Vinayak Gowda and Dr. Ramesh Chowdary, one lecture on each day.

A live surgery on a patient was conducted by a very reputed resource person, Prof. Dr. Anuradha (An Oral & Maxillofacial Surgeon & a former employee of DSCDS). Demonstration of placement of implants on dummy mandible was given by Dr. Vinayak, following which all the delegates had their hands on course.

The next 2 days were filled by PGs and staff delegates placing a total of 14 implants on patients, an all-time DSCDS record till date. These surgeries were guided by Professor, Dr. Vinayak Gowda. The program ended by a valedictory function.

Workshop on

“Introduction and Demonstration of the DMS Patient Management Software”

The IT-Team and the Software committee, DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES, Bengaluru had conducted a single day workshop with demonstration on “DMS Patient Management System for DSCDS” for all the Teaching staff and Billing/ Reception staff of DSCDS on 13.03.2018

In Coordination with C Stone Software technologies, Dr. Darsan JP conducted the workshop explaining about the various aspects of the Software system and its capabilities. Mr. Karthik from C-Stone Software technologies was available to troubleshoot queries regarding the same.

With a presentation, Dr. Darsan went through the process flow of patient management from entry to treatment allotment, treatment delivery, payment module, billing module, Registration and re-registration upto the point of exit.

All faculty were fully appraised about the functioning and department coordinators were instructed to keep in touch with the IT Team for any bugs/ glitches in the software so that the same may be attended to.

ABOUT THE PROGRAM

The word laser is an acronym for light amplification by stimulated emission of radiation. Lasers are used in clinical dentistry as they are precise and effective to perform many dental procedures. Every discipline of dentistry has been positively affected with the use of laser technology to perform less invasive procedures and this has made a tremendous impact on the delivery of dental care. We are indeed thankful to "INDILASE" for their support.

ABOUT THE SPEAKERS

Dr. Shivaprasad, MDS, PhD, Dip. in LASER dentistry

He is an eminent Periodontist working in Department of Periodontics at Rajarajeshwari Dental College and Hospital, Bangalore. He completed Ph.D from Government Dental College and Hospital, Bangalore and obtained diploma in LASER dentistry from Society of oral LASER applications, Vienna University. He has also completed fellowship in Oral Implantology from Branemark Osseointegration Centre. He has more than 40 publications in national and international journals. He has delivered guest lectures in national and international conferences and CDE programmes.

Lecture on "Introduction to LASER and LASER physics"

Dr. Vinaya Kumar, MDS, Dip. In LASER dentistry

He is a renowned periodontist who completed MDS from M.S Ramaiah Dental College and Hospital in 2006 and has obtained Diploma in LASER dentistry from Bernhard Gottlieb University, Austria in 2016. His interests include periodontal regeneration and lasers. Currently he serves as Professor in Department of Periodontics at Rajarajeshwari Dental College and Hospital, Bangalore.

Lecture on "Clinical application of soft tissue LASERS in dentistry"

Dr. Ajas Pasha, BDS, Dip. In soft and hard tissue LASER

He is an eminent dentist having two decades of experience in clinical practice at M.F. Superspeciality Dental Care. He has delivered lectures on hard and soft tissue LASERS at various dental colleges and has several publications to his credit in magazines, journals and newspapers. He is the director of TDS training centre since a decade and is currently working on the use of i- PRF in endodontics and stem cells.

Lecture on "Clinical applications of hard and soft tissue LASERS in dentistry"

COMPREHENSIVE LASER WORKSHOP (2018)

A 2-day comprehensive LASER workshop was held at CD Sagar & Dept. of Orthodontics, DSCDS, Bangalore, on 16th April & 17th April 2018. With the objective of training our students on all the possible emerging trends, advances & future of dentistry, this program was held after the successful completion of the comprehensive implant workshop in January 2018.

LASERs in dentistry is fast gaining ground replacing many a traditional procedures including scalpel surgical procedures.

Day 1 of LASER workshop took off well with lecture by a very eminent resource person Dr Shiva Prasad BM. His lecture was well appreciated by all & was followed by inauguration. We had our chief guest as Dr Raison Thomas for the program. Inauguration was followed by a lecture by our alumni Dr Ajaz Pasha, who helped the delegates to understand the wider applications of LASERs. Post lunch sessions had the most interesting & much awaited part of the program, i.e. hands on training & surgeries on patients by the delegates. Surgeries on patients were relayed live for all the others present.

Out of 110 registered delegates, around 50 delegates were Interns, PG students & staff members from our college & **more than 50 from other colleges of Bangalore & Tumkur.**

On **Day 2** we were very happy to see the interest & impact that got created among the participants as the program unfolded. It started with a guest lecture by Dr Vinaya Kumar. Day 1 and day 2 witnessed 40 hands-on procedures & 15 LASER procedures on patients. The program ended by a small valedictory function.

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES

TWO DAY STRUCTURED SCIENTIFIC SCHEDULE

This comprehensive LASER workshop spread over two days provides an overview of clinical applications of LASERs in contemporary dental practice. Interactive discussions will provide a balanced view of dental LASER wavelengths, techniques and applications. Participants will also learn the fundamentals of LASER and its application in various fields of dentistry. Live clinical demonstration on patients and hands-on training will be done animal substrate/vegetable.

OBJECTIVES

1. The workshop intends to provide in-depth knowledge about the fundamentals of soft tissue LASER technology and its application in Dentistry.
2. Each participant will be trained about the safety, legal & health requirements of Diode LASER
3. Participants will able to perform soft tissue LASER procedures using diode LASER in Dentistry.
4. Each participant will be trained to have a thorough understanding of case selection and to secure predictable treatment outcomes

REPORT

Digital Dentistry

A CDE Programme on the topic “**Digital Dentistry** ” by **Department of Orthodontics** on **2nd May 2018** in CD Sagar Auditorium. Faculty members, Post Graduate students, interns attended the program.

The talk focused on the aspects of digitalization which revolutionize dental practice. Around 55 people including interns, PG students, and faculty members were part of this program.

CIRCULAR

26.04.2018

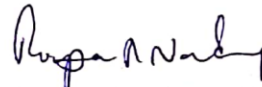

A CDE Programme on the topic "Predictable Restorations with Direct Composites- Making the right choices" by Dr Arvind Shenoy with hands on workshop will be conducted on 4th & 5th, May 2018 at C D Sagar auditorium from 9.00am onwards. All the HOD.s, Faculty members, Post Graduate students and interns, who are interested are requested to register for the same.

The brochure and registration details are here with enclosed for your perusal.

Dr. HEMANTH.M.

For Principal

Dr: ROOPA.R.NADIG

Dean, Prof. & HOD

Brochure:

Dayananda Sagar College of dental Sciences
Department of Conservative Dentistry

**Predictable restorations with direct composites:
making the right choices.**

by

Dr.Arvind Shenoy

4th and 5th May 2018

Practice of Esthetic Dentistry aims at providing natural looking restorations with a conservative approach that is both cost and time effective. Advances in the field of materials and techniques have made this process a reality.

However, the plethora of materials often leaves the practitioner in a dilemma.

This program aims at providing an insight to the choice of material, design features and offers clinical tips for predictable direct esthetic restorations.

Registration fee:

Lecture – Rs 800/-

Lecture plus Hands on – Rs 2000/-

Contact:

Dr.Swapna D V - 9448110601

Dr.Ranjini M A - 9900696386

Venue:

CD Sagar Auditorium

Payable through: NEFT

A/c No: 141101141000366

IFSC Code: VIJB0001411

Bank Name: VIJAYA BANK

A/c Name: Swapna DV

In association with **3M** Health Care Academy

Day 1 – 4th May 2018 - Lecture Session-I (9:30 am – 1:00 pm)

Achieving competency in anterior composite restorations

- Selection of composite resin for different anterior restorations
- Shade selection to mimic natural teeth
- Class III & IV restorations - newer paradigms
- Avoid demarcation line and defly detection
- Silicone index for predictability
- Finish & polish for superior results
- Diastema closures with direct composites

Lunch Break (1:00pm – 1:30pm)

Lecture Session – II (1:30pm – 4:00pm)

Excellence in posterior composite restorations

- Factors affecting posterior restorations
- Posterior restorations: Minimal intervention - Cuspal coverage
 - Preparation design
 - Choice of material, liners & adhesives
 - Composite resin placement & layering
- Trouble shooting: In composite resin restorations

Day 2 – 5th May 2018 – (9:00 am – 2:00pm)

Demonstration

- Direct Veneer – managing the discolored sub-structure
Selection & utilization of all opacities in multi-layering technique for veneering
- Direct Class II Restorations
Preparation design, Restoration, Building Contacts
Finishing & polishing

Hands on

- Preparation design for Class IV build up
Layering technique
Finishing & polishing

Dr Arvind Shenoy is specialized in the field of Conservative Dentistry & Endodontics, currently working as a professor at Bapuji Dental College, Davangere. He also maintains a clinical practice restricted to Conservative Dentistry & Endodontics.

Having undergone advanced training in Germany and Switzerland, Dr. Shenoy has extensive clinical experience of 27 years in areas of Esthetics, Oral rehabilitation and Endodontics; He has conducted more than 250 lectures and courses on Esthetic Dentistry and Endodontics.

In association with **3M** Health Care Academy

INVITATION

Department Of Public Health Dentistry is glad to inform you that a workshop on Health Research methodology and Health Statistics is being organized from 28th of August to 31st of August 2018. We take the pleasure of inviting you and your department faculty for the inaugural ceremony on 28th of August 2018 at 11.45 AM presided by Dr Hemanth.M, Principal, DSCDS.

Venue: CIL Auditorium, 4th Floor, CD Sagar Building

Time: 11.45 AM

PRINCIPAL
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.

WORKSHOP ON HEALTH RESEARCH METHODOLOGY AND HEALTH STATISTICS

"DAYANANDA SAGAR – SAMSHODHANA"
DEPARTMENT OF PUBLIC HEALTH DENTISTRY
DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES
DATE: 28TH, 29TH, 30TH AND 31ST AUG 2018

Resource Persons:-

1. Dr Nagesh Lakshminarayan, MDS, PGDHPE(KLEU and University of Illinois,USA), 'MPhil'. Professor and Head of Department, Dept. of Public Health Dentistry, DSCDS.
2. Dr Ravi Shirahatti, MDS, PGDHPE (KLEU and University of Illinois,USA), 'MHPE'(University of Dundee, Scotland), PGDB.
3. Dr Shyam Sivasamy, MDS, PGDB (Madurai Kamraj University).

We from the Department of Public Health Dentistry, DSCDS are proud to report you that we successfully organized and conducted a WORKSHOP ON HEALTH RESEARCH METHODOLOGY AND HEALTH STATISTICS from the 28th -31st of August 2018 at the CIL AUDITORIUM, DSI.

Dr Nagesh L, the chief resource person for the workshop, along with Dr Ravi Shirahatti and Dr Shyam Sivasamy (speakers), are faculty in the discipline of Public Health Dentistry and have been conducting workshops on Research Methodology, Biostatistics, Critical Evaluation of Scientific Articles, Research Ethics, Scientific Writing and other allied topics for many years. They have conducted workshops on above said subjects in medical colleges and dental colleges across the country.

The inaugural function took place on 28th August, 2018 at 11:45 AM, and the occasion was graced by Shri Galiswamy, Secretary, DSI, Dr. Hemanth M, Principal, DSCDS and Dr. Roopa R Nadig, Dean, DSCDS.

We had an overwhelming response from the staff of different specialties from our college, and around 10 staff from other medical and dental colleges across Bangalore. There were around 50 registrations for the CDE Programme which was beyond our expectations and the Karnataka State Dental Council has awarded 18 CDE points for the research workshop.

PRINCIPAL
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.

The workshop helped every participant to know the fundamentals of Health research and Health statistics, to identify a Research problem, formulate Research question, Research hypothesis, and Null hypothesis and defend. They were able to clearly formulate the objectives of a research and do literature search (basic and advanced) on a research topic using Pub med and other search engines and compile the available literature. They were also able to calculate sample size for a given research using G power soft ware and enter the dummy data into the excel sheet, import, analyze the data using SPSS and interpret the data.

At the end of the CDE Programme we received very good feedback for organizing such a programme. Most of them were happy to have gained more knowledge and take home messages. Each and every one of the delegates went home with eager minds to pen down their research works and to do further research with the skills that they had acquired in these 4 days.

The programme was a huge success, and this is a remarkable achievement for the Department of Public Health Dentistry, DSCDS, and for the DSI as a whole.

Bangalore - 560 078

ABOUT THE PROGRAM:

This workshop aims at enabling the delegates to develop critical evaluation skills for different designs and convert the descriptive journal clubs into critical evaluation journal clubs. This can drive the concepts of research methodology and biostatistics deep into the realm of 'Known' in the delegates. Articles with different study designs will be critically evaluated using different check lists. The idea is to practice the principle of 'Learning by Doing'. We expect post workshop Journal clubs to become intense learning sessions for all the participants.

PROGRAM SCHEDULE

DAY 1 (30th January 2019)

Time	Topic	Speaker
9.15AM-9.30AM	Ice breaking	
9.30AM-10.15AM	What is critical review and Why critical review?	Dr Nagesh L
10.15AM-10.45AM	Taking journal clubs to next level --- Critical evaluation journal clubs	Dr Shyam Sivasamy L
10.45AM-11.00AM	Break	
11.00AM-12.30PM	Group Activity - 1 Critical evaluation of a CONSORT trial	Moderators Dr Nagesh L Dr Shyam Sivasamy
12.30PM-1.00PM	Open House	
1.00PM-1.45PM	Lunch Break	
1.45PM-3.00PM	Group Activity - 2 Critical Evaluation of a poorly reported RCT	Moderators Dr Nagesh L Dr Shyam Sivasamy
3.00PM-4.00PM	Presentations and Open House

WORKSHOP ON CRITICAL EVALUATION OF SCIENTIFIC ARTICLES.

"DAYANANDA SAGAR – SAMSHODHANA"
DEPARTMENT OF PUBLIC HEALTH DENTISTRY
DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES
DATE: 30TH AND 31ST JAN 2019

Resource Persons:-

1. Dr Nagesh Lakshminarayan, MDS, PGDHPE(KLEU and University of Illinois,USA), 'MPhil'. Professor and Head of Department, Dept. of Public Health Dentistry, DSCDS.
2. Dr Puja C Yavagal, MDS. Professor, Dept. of Public Health Dentistry, Bapuji Dental College and Hospital.
3. Dr Shyam Sivasamy, MDS, PGDB (Madurai Kamraj University). Reader, Meenakshi Ammal Dental College, Chennai, Tamil Nadu.

We from the Department of Public Health Dentistry, DSCDS are proud to report you that we successfully organized and conducted a WORKSHOP ON CRITICAL EVALUATION OF SCIENTIFIC ARTICLES on the 30th and 31st of January 2019 at the Histology Lab, Dental College Building, DSI. We thank the management and Principal profusely for providing the facilities and encouragement to do the workshop.

The proposal for this program was first suggested in a staff meeting, in the department of Public Health Dentistry. Our intention was to conduct a research program which would be a continuation of our first workshop on Health Research Methodology and Health Statistics. The workshop was designed to help every participant to apply the knowledge of basics of Health research and Health statistics into application through group activities. The idea was to practice the principle of 'Learning by Doing'. This can also drive the concepts of research methodology and biostatistics deep into the realm of 'Known' in the delegates.

The registration for the research program was first opened up to the faculty and PG students of our college, till 18th Jan 2019. Later, the brochure was sent through emails and whatsapp groups to the Heads of the Department, Dept. of Public Health Dentistry of other dental colleges in Karnataka. We had an overwhelming response from the staff of different specialties from our college, and around 10 staff from other dental colleges across Bangalore. One staff also from Rama Dental College, Kanpur attended the program. Around 55 postgraduates from the Department of Public Health Dentistry of different dental colleges in Karnataka also attended the research program and workshop. We stopped the

PRINCIPAL

Kumaraswamy Layout,
Bangalore - 560 078.

registrations once we reached 80 participants. Karnataka State Dental Council has awarded 12 CDE points for the workshop. The registration fee for the workshop was Rs. 900/-.

Dr Nagesh L, the chief resource person for the workshop, along with Dr Puja C Yavagal and Dr Shyam Sivasamy (speakers), are faculty in the discipline of Public Health Dentistry and have been conducting workshops on **Research Methodology, Biostatistics, Critical Evaluation of Scientific Articles, Research Ethics, Scientific Writing and other allied topics** for many years. They have conducted workshops on above said subjects in medical colleges and dental colleges across the country.

The inaugural function took place on 30th January 2019 at 10:30 AM, and the occasion was graced by Dr. Roopa R Nadig, Dean, DSCDS. She lighted the lamp and rendered a formal welcome to the resource persons and delegates.

All the participants were assigned into seven different groups for active learning and discussion. This workshop enabled the delegates to develop critical evaluation skills for different study designs and will help them in future to convert the descriptive journal clubs into critical evaluation journal clubs. Articles with different study designs were critically evaluated using different check lists like; (STROBE, CASP, PRISMA and JEDAD). Group activities were carefully designed to facilitate learning. The delegates participated with lot of enthusiasm. The sessions were very interactive and productive discussions happened between the participants and the resource persons. Google forms for feedback were sent to all the participants with a request to sincerely send their feedback without fail on both days. The feedback analysis was done and the report was found to be very positive and encouraging.

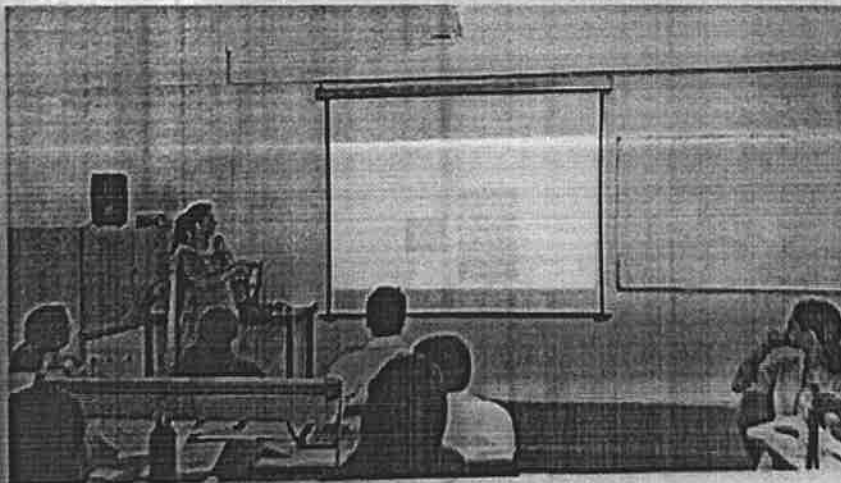

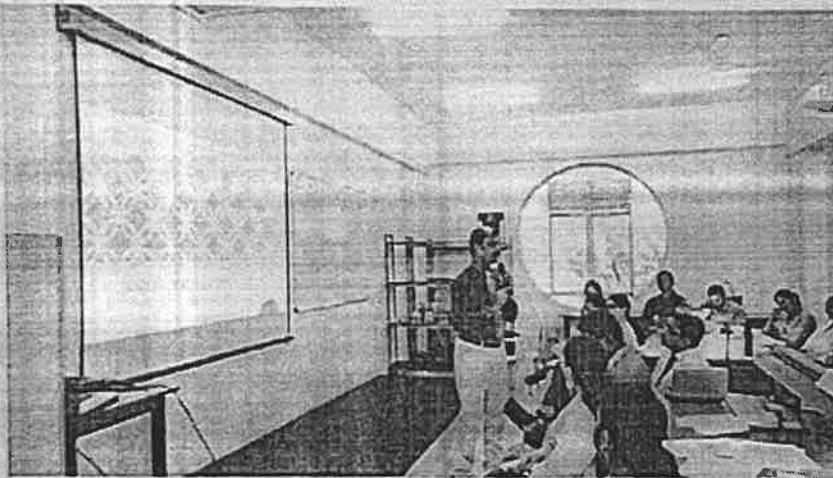

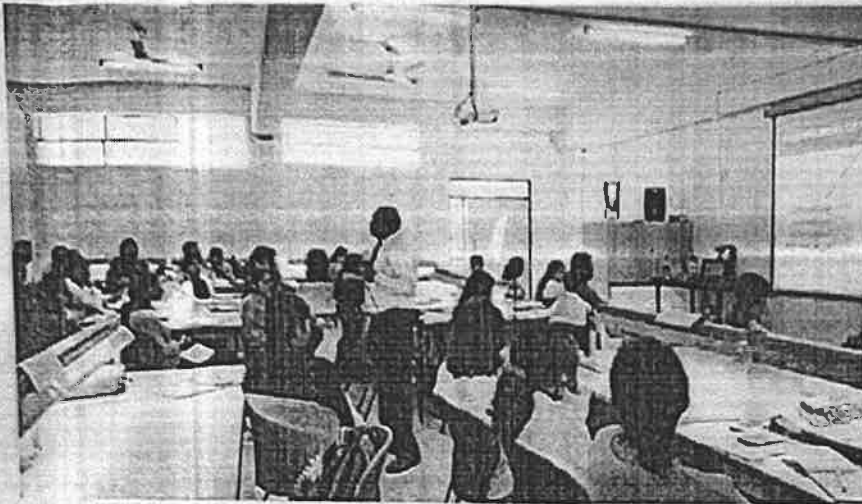

The valedictory function took place on 31st January 2019 at 3:30 pm, and the occasion was graced by Shri. Galiswamy, Secretary, DSI; Dr. Hemanth M, Principal, DSCDS and Dr. Roopa R Nadig, Dean, DSCDS. Our honorable Secretary Sir distributed the certificates to all the participants.

A copy of the brochure with schedule, certificate and feedback are hereby enclosed.

“Oral Pathology: At Crossroads”

CDE Programme held in Dr. D Premachandra Sagar Auditorium & Centre for Performing Arts on February 19th, 2019 by Department of Oral Pathology, DSCDS.

The Department of Oral Pathology & Microbiology conducted a Continuing Dental Education Programme titled “Oral Pathology: At Crossroads” on the 19th of February, 2019 at the Dr. D Premachandra Sagar Auditorium & Centre for Performing Arts, Dayananada Sagar Institution campus.

The event was a highly successful one which saw participation from almost all the colleges in Bangalore with the number of registered delegates numbering upto almost 500 for the day. The event was presided over by Shri.Galiswamy, Secretary, DSI and was organized by Dr. Krishnanand PS, Professor & Head, Department of Oral Pathology, DSCDS. The entire event was conducted under the Chairmanship of Dr. Hemanth. M, Principal DSCDS. The Chief Guest for the event was Dr. Rajakumar Alle, President, Karnataka State Dental Council (KSDC).

The one day CDE programme, envisioned to discuss & deliberate the setting of a clear future path for the specialty of Oral Pathology, also witnessed the Inauguration of the Bangalore Society of Oral Pathologists for Oral Cancer (BSOPOC) of which Dr. Krishnanand PS is the Secretary. It is a registered body formed by the city’s Oral Pathologists who have come together to address the raising concerns of Oral Cancer which is a very prevalent but much less addressed health concern of magnanimous proportions & create public awareness regarding the same.

The programme witnessed scientific talks by speakers of immense repute like Dr. Vishal Rao, an acclaimed Consultant Head & Neck Onco-surgeon & a celebrated TEDx speaker. The gathering was also addressed by Dr. Raghu Radhakrishnan, the Director for International Collaborations & Research, Manipal Academy of Higher Education. Even NGOs like Karnataka Cancer Society were involved in the day’s deliberations. The afternoon session saw a very interesting Panel Discussion conducted for the benefit of the student community in which all the city colleges’ Heads of the Departments took part as Panellists & Moderators.

Cordially invite you to

"Rapid Recap - Sculpting the future"

for the exam-going post graduate students

This program is sculpted so as to fine tune and prepare the students to confidently and effectively face the final theory, practical and viva voce. This will offer a comprehensive and holistic insight by experienced academicians on a single platform. The present day dental post graduate students come with different learning preferences and style. To cater to such a diverse group, interactive sessions are planned to encourage critical thinking, problem solving and decision making skills.

Dates: February 26th-28th 2019

ABOUT THE SPEAKERS

Dr. Kishore HC
Reader
Department of Periodontics
Krishnadevaraya College of Dental Sciences,
Bengaluru

TOPIC: "Scope for Periodontal Practice..The road ahead"

Dr. Kishore HC ,an eminent Periodontist who completed BDS and MDS from from Krishnadevaraya College of Dental Sciences, Bengaluru and is currently working at Krishnadevaraya College of Dental Sciences. Dr.Kishore actively participates in making presentations on the importance of Oral health in general and periodontal health in particular at various forums which includes Guest lecturers for Indian Dental Association, Johnson & Johnson, Colgate Future Dental Professionals program and Hindustan Unilever, School dental health programs, community camps amongst others.

Dr. Savita A.M
Professor and Head
Department of Periodontics
Dayananda Sagar College of Dental Sciences,
Bengaluru

TOPIC: "Modern day approaches in oral hygiene"

Dr.Savita A.M is a renowned periodontist and has completed her BDS and MDS from KLE VK Institute of dental sciences, Belgaum. She has been a guest speaker and panellist at different platforms and also has publications in various journals. She has also initiated various oral hygiene awareness activities.

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES

ABOUT THE PROGRAM

Professional enrichment programme promotes professional growth and provides knowledge, skills and resources needed for continued personal development to meet career objectives. It also promotes the co-operative efforts of its member with regard to the advancement of enhancing the science and practice of periodontics. The programme is held at Dayananda Sagar College of Dental Sciences which is an esteemed education centre dedicated to deliver a high quality and distinct learning experiences. The college also promotes active co-operative learning environment to teach dental science through basic and applied research. Bangalore academy of periodontology (BAP) was established in 1996 by a team of progressive periodontists of Bangalore city. The primary objective of BAP is to transmit and propagate the knowledge among the dental professionals and the general public for better health care.

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES

Comprehensive Implant Workshop 2019

Introduction

Dayananda Sagar College of Dental Sciences recognizes the need for our students and faculty to periodically upgrade their skills. One such area is in the field of Dental implants. The institution will be conducting a comprehensive implant workshop every year, both for our students and faculty and is open to outside delegates too. This will be a multisystem Implant course conducted by the college and is a comprehensive course for the participant wishing to have an implant practice. It is a requirement for the practicing Dental surgeon to have a specific training in the field, to have a thorough knowledge and to develop a promising career in the field of Implant dentistry.

Participants will be given a one to one training with live surgical demonstrations as well as a hands-on clinical experience to treat their own patients under supervision.

Goals

The goal of this program is to make our faculty and students competent in the field of Dental Implantology and periodically upgrade their skills and knowledge in this advancing field.

Objectives

This course will enable delegates

- To perform surgical Dental Implant procedure at Dayananda Sagar College of Dental Sciences under one to one guidance of the mentor
- To have thorough knowledge of the anatomy, diagnosis, treatment planning and radiological assessment.
- To identify, clinically assess patients as well as plan the treatment under the guidance and supervision of trained personnel.
- Know the types, indications and materials used for implants.
- Be knowledgeable about the bone (radiologically) and soft tissue preservation techniques.
- Be well versed in the process of Osseointegration.
- Advanced knowledge of the surgical aspect of the implant placement and manage complications.
- To restore form, function, esthetics and overall oral health.
- To know the importance of recall and periodic examination.
- Review of clinical cases, follow up and post-operative care of the case.
- To acquire confidence, precision and practical skills in implant dentistry
- To educate patients on maintenance and importance of review.

Implant Training Highlights

Includes four modules

- Pre-clinical module
- Surgical module
- Prosthetic module
- Advanced techniques and supportive therapy

Pre-clinical Module

The course intends the trainee to have a thorough knowledge of the anatomical, radiological and clinical aspects as well as assessment of the patient before the clinical training program and includes didactic training program of the same for 20-25 hours

Hands-on

- Radiological assessment- OPG, CBCT scan
- Scrubbing and gowning and preparation of the patient
- Preparation of surgical stents on models
- Incision techniques, raising of flaps and suturing techniques on models
- Surgical placement of implants on dummies using various systems

Surgical Module

Includes Didactic lectures and guidance for placement of 2 implants on patients under supervision of the trained personnel with prior case discussion

Prosthetic Module

Includes didactic lectures on Prosthetic rehabilitation of implant in patients and post-operative follow up

Hands-on

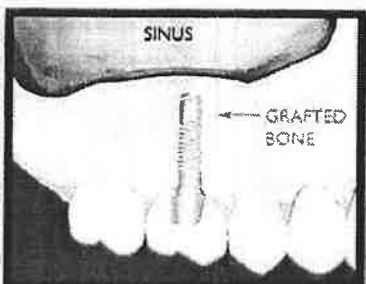

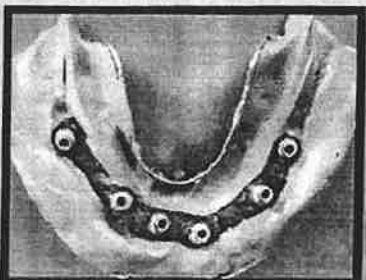

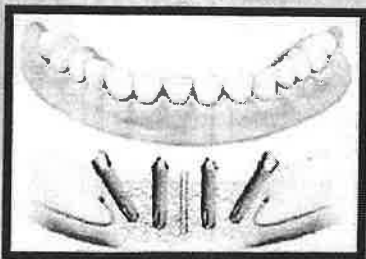

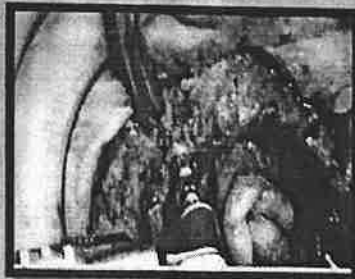

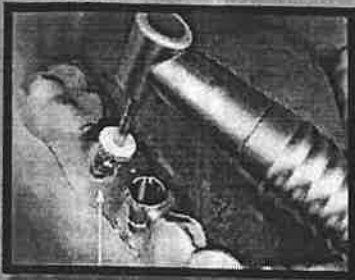

- Prosthetic phase of implant placement
- Mock preparation
- Impression technique
- Various components (identifying)
- Pouring casts
- Implant maintenance

Advanced Techniques & Supportive Therapy

Includes didactic lectures to gain knowledge of the advanced surgical implant procedures and live demonstration

Comprehensive Implant Workshop

2019

Eligibility to the Surgical Module

A written examination will be conducted at the end of 1st module. Eligibility criteria to be fulfilled to attend the 2nd module.

Details of the course Fees

Course fees for the Comprehensive Implant Workshop is as follows :-

Post Graduates: Rs. 14,000/-

which includes Didactic lectures and guidance for placing implants on patients under supervision of the trained personnel

Interns: Rs. 3,900/-

which includes Didactic lectures in all 4 modules and pre-clinical hands-on exercises.

Scheduled dates

- Preclinical module- Feb 2019
- Surgical module- March 2019
- Prosthetic module- April 2019
- Supportive therapy and advanced surgical module- May 2019

2nd COMPREHENSIVE IMPLANTOLOGY WORKSHOP (2019)

Module 1 lectures , Exam and Preclinicals

Module 2-day 1

Module 2-day 2

Module 2-day 3

PRINCIPAL
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 078.

The didactic part of the surgical module (second module) was conducted at the Dept. of Oral Surgery from 28th March till 29th March 2019. The lectures were covered by our staff prior to the hands-on workshop as a 2 - full day program.

This time, we had developed a protocol, where the delegates had to give an exam before taking up the 2nd module. This time we collected feedback in an e-format for the lectures & the workshop conducted.

The study material for all the lectures of Modules 1 & 2 were mailed to all the delegates well in advance to facilitate learning & in a process of providing study material to the participants.

The surgical hands-on module was conducted from 8th - 10th April 2019, which gave a wonderful hands-on training to all the delegates by making them place implants on dummy mandibles as well as on patients. This module was a coordinated effort of four departments: Departments of Oral Medicine and Radiology, Oral Surgery, Periodontics and Prosthodontics conducted with the help of renowned external resource persons Dr Vinayak Gowda and Dr. Deepak. The programme was inaugurated by the Chief Guest, Dr. A.N.N Murthy, honourable Vice Chancellor of DSU and our beloved Secretary Shri Galiswamy as guest of honour. Dr ANN Murthy has helped by signing an MOU for a collaborative project with Aerospace Engineering, DSU.

In 3 days we placed 20 implants as compared to placement of only 30 implants in 5 whole years between 2013 to 2018. All 3 days, cases done by delegates were guided by the resource persons by personally being present in the Minor-OT giving inputs for the implant placement & helping them with each step right from case of the surgical procedure.

Some interesting & challenging cases were chosen for live demonstration by the resource persons Dr Vinayak Gowda and Dr Deepak Shiva who efficiently demonstrated their skills with detailed explanation of each step. The department of Oral Surgery has now been equipped with a TV & facility to project live, the proceedings from the Minor-OT, which was utilized well for the 2-way interaction between the resource persons & the delegates. It was a unique & memorable experience for the delegates at DSCDS, which all of them enjoyed

~~PRINCIPAL~~
Dayananda Sagar College of Dental Sciences
Kumaraswamy Layout,
Bangalore - 560 073.

thoroughly, where many questions raised by the delegates were clarified by the resource persons.

The responses for the training were extremely satisfactory and encouraging. Overall, the delegates enjoyed and liked the hands-on training and appreciated the enthusiasm, motivation, patience and cooperation of the resource persons during the conduction of the workshop. They appreciated & acknowledged the fact of demonstrating unique cases, which they usually don't find in regular textbooks.

The implants placed in this module will be restored in a 2-day program of 3rd module where the implants will be restored with crowns facilitating proper function and esthetics.

The workshop ended on 10th April with a panel discussion, valedictory & a photo session.

**Dayananda Sagar College of Dental Sciences
Bangalore**

Knowledge is power is a phrase rightly put forth by Sir Francis Bacon. This is applicable in all aspects of life including the crucial decisions involving our career.

A program was held on the future aspects/options for fresh interns by the organization VIHA/TUTLE on the 15th April, 2019 at the AV auditorium in the General library. The program manager of TUTLE, Mr. R Vishnu Vardhan, commenced the talk and started by enlisting options of further education both in India and abroad. He laid out the pros and cons for both options and even guided how one can go about the decision making. The students were informed about their app which helps one to locate job opportunities in their nearby vicinity along with its eligibility criteria and pay scale. The app would enable fresh interns to make their first step into the sphere of clinical services.

Mr. Harish Kumar Raju the manager of VIHA, spoke about the services they provided for prospective students who opt to go abroad and went on to explain the different countries who accept Indian dental degrees and the necessary exams required to obtain licenses to practice and obtain further education. They help students with the visa procedures and make it simpler to get through the tedious process of moving to another country.

Overall the program was informative and crucial to the interns who are ready to take their next step in their career. It peddled practical possibilities and options available to the students clearing out a lot of misinformed notions and everybody in the audience was left with something to ponder upon.

Respected sir,

Sub: Invitation to conduct workshop on mentorship at DCSDS, Bangalore

DCSDS is planning to adopt mentorship programme for under graduate and post graduate students from the academic year 2019 onwards. In this connection, we have formed a mentorship committee and we are happy to have you as an external member of the committee. Sir, we are happy to collaborate with you and receive your valuable inputs. We thank you for accepting the membership and for reviewing our policy document.

As per the oral communication with you, we are conducting a workshop titled "Demystifying mentorship" under your guidance on 17th May 2019 from 10.30 AM -12.30 PM in CIL, DSI, Campus 1, Bangalore. We are extending you a warm invitation to be the resource person for the workshop and provide us the benefit of your expertise. Looking forward eagerly to your workshop.

Thanking you,

Yours faithfully,

(Dr Nagesh L)

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES

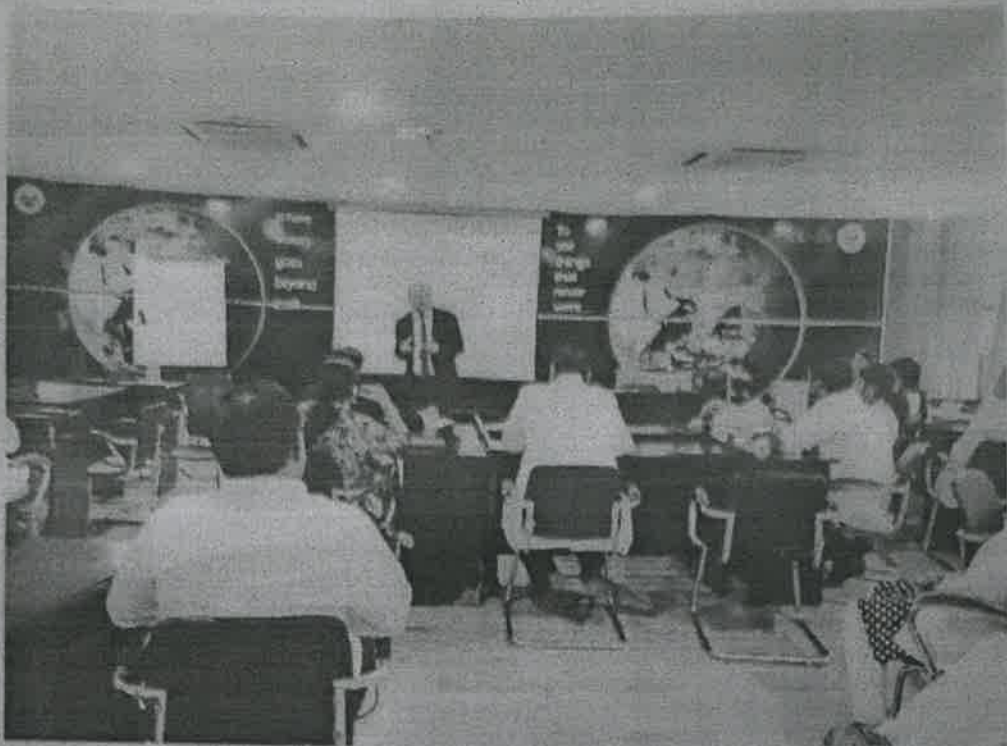

MENTORSHIP COMMITTEE

As an initiative in 2019, Dayananda Sagar college of Dental Sciences, formulated a Mentorship Committee along various other committees in January under the leadership of the Head of the Institution Prof. Dr Hemanth M as the Chairperson of the Committee and Dr Nagesh L, Professor and Head, Department of Public health dentistry as the Co-Chairperson and chief mentor of the committee. Prof. Capt Nagaraj Subbarao was included as the external member of the committee as per the direction of Vice Chairperson Dr Premachandra Sagar. The committee conducted meetings couple of times and formulated a policy document, which was approved by all the committee members and also the external member Prof. Capt. Nagaraj Subbarao. The committee has planned to conduct a series of workshops on mentorship to enhance the knowledge as well as train the faculty of DSCDS to take up the mentees and make a head start of the mentorship programme in the institution including and involving 1st Year BDS students from Aug 2019.

In this connection the mentorship committee organized its 1st workshop titled "Demystifying Mentorship" at CIL on 17th May 2019 between 11.30 AM to 2.00 PM. The resource person for the workshop was Prof. Capt. Nagaraj Subbarao, Dean, Center for Executive Education and Professor, School of commerce and Management Studies. The workshop was conducted for all the teaching faculty of DSCDS. The participants were segregated into five groups to facilitate group activities.

The workshop was very inspiring and informative. The presentations were engaging, highly informative and very productive with multiple group activities. We extend our thanks and gratitude to the resource person for such inspiring presentations. Organizing this programme was a learning experience for the Mentorship Committee of DSCDS and the committee looks forward to organize many more such programmes.

Least Preferred Coworker Scale

Instructions

Think of all the different people with whom you have ever worked . . . in jobs, in social clubs, in student projects, or whatever. Next think of the one person with whom you could work least well, that is, the person with whom you had the most difficulty getting a job done. This is the one person (a peer, boss, or subordinate) with whom you would least want to work. Describe this person by circling numbers at the appropriate points on each of the following pairs of bipolar adjectives. Work rapidly. There are no right or wrong answers.

Pleasant	8	7	6	5	4	3	2	1	Unpleasant
Friendly	8	7	6	5	4	3	2	1	Unfriendly
Rejecting	1	2	3	4	5	6	7	8	Accepting
Tense	1	2	3	4	5	6	7	8	Relaxed
Distant	1	2	3	4	5	6	7	8	Close
Cold	1	2	3	4	5	6	7	8	Warm
Supportive	8	7	6	5	4	3	2	1	Hostile
Boring	1	2	3	4	5	6	7	8	Interesting
Quarrelsome	1	2	3	4	5	6	7	8	Harmonious
Gloomy	1	2	3	4	5	6	7	8	Cheerful
Open	8	7	6	5	4	3	2	1	Guarded
Backbiting	1	2	3	4	5	6	7	8	Loyal
Untrustworthy	1	2	3	4	5	6	7	8	Trustworthy
Considerate	8	7	6	5	4	3	2	1	Inconsiderate
Nasty	1	2	3	4	5	6	7	8	Nice
Agreeable	8	7	6	5	4	3	2	1	Disagreeable
Insincere	1	2	3	4	5	6	7	8	Sincere
Kind	8	7	6	5	4	3	2	1	Unkind

Scoring

Compute your LPC score by totaling all the numbers you circled. Enter that score below:

LPC = _____

Interpretation

The LPC scale is used by Fiedler to identify a person's dominant leadership style (see the textbook material). Fiedler believes that this style is a relatively fixed part of one's personality, and is therefore difficult to change. This leads Fiedler to his contingency views, which suggest that the key to leadership success is finding (or creating) good "matches" between style and situation.

If your score is 73 or above, you are considered a "relationship-oriented" leader. If your score is 64 or below, you are considered a "task-oriented" leader. If your score is 65 to 72, you are a mixture of both, and it is up to you to determine which leadership style is most like yours.

WORKSHOP ON MENTORSHIP TRAINING

JUNE 11TH AND 12TH 2019

Mentorship program when implemented is a value addition and feather in the cap for any institution. It provides an effective support system for the students and helps the faculty to know the students better. In this connection, the Mentorship Committee of DSCDS organized and conducted an exclusive workshop to orient the faculty of DSCDS to mentorship. This program was the result of constant encouragement and support extended by Dr. D. Premachandra Sagar, Vice-Chairman of DSI.

Our Principal Dr.Hemanth.M, is also the Chairperson of the committee who whole heartedly extended his support and provided the required inputs for organizing and conducting the program. The committee selected two very able resource persons for the program, namely:

1. Dr. Medha A Joshi

Professor and HOD,

Dept. of Allied Sciences

Faculty of Life and Allied Health Sciences

M.S. Ramaiah University of Applied Sciences

2. Dr. Pushpanjali

Professor and HOD,

Dept. of Public Health Dentistry

Faculty of Dental Sciences

M.S. Ramaiah University of Applied Sciences

They accepted our invitation and planned a curriculum for the workshop very successfully.

PRINCIPAL

The workshop was held on 11th and 12th June 2019, in the CIL classroom. A copy of the schedule is hereby enclosed. The sessions were very interactive and also encouraged participatory learning. Participants enjoyed learning and they have given a very positive feedback. KSDC has granted nine credit points for this program.

We, the mentorship committee extend our heartfelt thanks to our Vice Chairman Dr. D. Premachandra Sagar, our Secretary Sri. Galiswamy, and our Principal Dr Hemanth M for all the support.

A copy of the brochure, certificate are hereby enclosed.

Report on Career Guidance program on opportunities Abroad

A Career guidance program on the topic "Career opportunities abroad" was organized for the benefit of Interns and post graduate students. The program was scheduled on the 28th of February 2020 in Department of Orthodontics, Seminar hall between 1.45 pm to 3.30 pm.

Dr Vishnu Teja and Dr Ashvath Kulkarni from Abroad Dental Academy were invited as speakers for the program. The programme commenced with introduction of the company and the speakers By Dr Yashwanth G, Reader, Department of Conservative Dentistry and Endodontics followed by welcome speech by Principal Dr Hemanth, the speakers gave information about their company and its history. They spoke elaborately regarding the various opportunities for dental graduate and post gradates in United States of America, Canada, United Kingdom and the Middle East.

This followed by an interactive session with the interns and the speakers made an effort to answer each of their queries.

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES, a world-class dental education centre set under the group of DAYANANDA SAGAR INSTITUTIONS, Bangalore, is synonymous with excellence in higher education, supporting patient care and pursuing innovation in oral health education. The institute has world class facilities and pedagogy, which are constantly reviewed and upgraded to reflect the latest trends and developments in higher education.

Department of Periodontics, Dayananda Sagar College of Dental Sciences, in association with Bangalore academy of periodontology under the aegis of Rajiv Gandhi university of health sciences conducted the Pre-Conference workshop at the very picturesque campus of Dayananda Sagar College Of Dental Sciences on 28th, 29th and 30th January 2020. It was indeed our privilege to host Periopanorma 20'20 at our vibrant campus of DSI, Bengaluru. The Scientific session started at 9.30am with the guest lecture delivered by Dr Shettal Sanikop followed by the session from other renowned speakers. A scholastic journey of three days were planned, which was well organized, to touch and refresh all the domains in Periodontology. Eminent Guest Speakers from all parts of India were invited and they all gave us various insights on the nuances of the subject, shared their experiences and gave practical tips on exam preparation. 130 postgraduate students from various prestigious institutions all over India registered for the conference. With an aspiration to quench the thirst for knowledge among students invited guest speaker Dr Ashwini padhyaye sir a renowned academician, an epitome organizational skills, a pioneer in perioplastic surgery to enlighten us about the programme.

The inaugural ceremony was organised on 28th January at CD Sagar auditorium, DSI and graced by Chief Guest Prof. DR Kumar NC; Senate Member, RGUHS, Guest of Honour Shri Galliswamy Prof. Dr. Mohammed Faizuddin, Dr AV Ramesh (Bap Coordinator), Dr Roopa R Nadig (Dean), Dr Uttamchand Kincha, DR. Hemanth M Principal DSCDS, Dr Nagesh N, (Prof And Head) Department of Community Dentistry, Dr Chaya M Alfred (Prof And Head), Department of Oral Medicine and Radiology, and DR SAVITHA AM (Prof And Head) Department of Periodontology along with the other faculty members, post graduate students, senior dental and medical faculty and postgraduates from other departments.

..... * HOD

DR. Archana Naik, Reader Department of Periodontology, welcomed the gathering and highlighted the importance of Periopanorma 2020 an initiative which is well planned and organized to touch all the domains in Periodontology. The inaugural address was given by Dr. Kumar NC, Senate Member, RGUHS. He appreciated Department of Periodontics, DSCDS for bringing together people from different sides of bilingualism - research and clinical - an inspired decision which paid off volumes. It was a perfect mix of topics, people, science and social gathering. And the inauguration ceremony concluded with a vote of thanks given by Dr Sunil S, Department of Periodontology, DSCDS.

The sessions conducted on 28th and 29th were properly planned and executed meticulously. Renowned speakers like Dr AR Pradeep, Dr Raison Thomas, Dr Shiva Prasad, Dr Arun KV were invited. At the end of every session a new approach of conducting test with multiple choice questions were encouraged an overwhelming response from postgraduate student delegates were recognised. A novel lecturing session on how to distress yourself and to face the exam with confidence was introduced by Department of Periodontics, DSCDS by our inhouse speaker Dr Sunil S, Associate Professor, DSCDS. A panel discussion was organised with participating colleges Vydehi Dental College, VS dental college, Bangalore institute of dental sciences, Bangalore. Experts shared and build upon each other experiences. They advised the students to make the best use of the opportunities available in the present days and appreciated the efforts of the organizers for the successful conduct of the workshop.

The event concluded, on 30th January with a valedictory function. Prof Dr. Mohammed Faizuddin addressed the gathering and thanked the audience for their valuable presence. He also commented on the wave of gratitude felt from the postgraduate students. He also encouraged them to give a feedback on the programme conducted. Dr Savita AM (Professor and Head, Department of Periodontology) acknowledged the support and co-operation to the extended managements, Principals, Dean, Head of departments of various colleges other department faculty & students of all the colleges, audiovisual support, print and digital media and all those who contributed to make the event a grand success. A prize distribution was organised for the students who scored maximum marks for the Question and Answer session conducted at the end of each session. Dr Varsha Venugopal, an third year

postgraduate student ,DSCDS won the first prize and Dr Aisha Vydehi institute of dental sciences for second prize .

The feedbacks were collected on the last day of the workshop where the students expressed their views about the lectures ,live demonstrations and the panel discussion conducted by Periopanorama 2020.The Form consisted questions that were sketched to appraise all the aspects of the demonstration spanning from the content to the clarity of presentation.The responses for the training were extremely satisfactory and encouraging.

Overall, the delegates enjoyed and appreciated the enthusiasm, motivation, patience and cooperation of the resource persons during the conduction of Periopanorama 2020. They appreciated & acknowledged the fact of the session being taken in depth .They expressed their gratitude for making excellent arrangements for food and hospitality also.

Artificial intelligence (AI) is defined as a field of science and engineering concerned with the computational understanding of what is commonly called intelligent behavior, and with the creation of artifacts that exhibit such behavior. The implication of Artificial Intelligence in our day-to-day life is gigantic. Artificial Intelligence can be used in the field of medicine and dentistry as we deal with human lives.

A lecture on "Introduction to Deep Learning and Machine Learning" was given by Dr Sanjay Chitnis, Chairperson in Department of Computer Science Engineering and Professor Mr CVSN Reddy, Dayananda Sagar University to the faculties, postgraduate students and Interns of Dayananda sagar college of Dental Sciences, Bengaluru on 22nd February 2021.

Implant Training Highlights

Includes four modules

- Pre-clinical module
- Surgical module
- Prosthetic module
- Advanced techniques and supportivetherapy

Pre-clinical Module

The course intends the trainee to have a thorough knowledge of the anatomical, radiological and clinical aspects as well as assessment of the patient before the clinical training program and includes didactic training program of the same for 20 hours.

Hands - on

- Radiological assessment - OPG, CBCT scan
- Preparation of patient prior to surgery
- Preparation of surgical stents on models
- Incision techniques, reflection and elevation of flaps and suturing techniques on models
- Placement of implants on dummy models

Surgical Module

Includes Didactic lectures and guidance for placement of implants on patients under supervision of the trained personnel with prior case discussion

Prosthetic Module

Includes didactic lectures on Prosthetic rehabilitation of implant in patients

Hands - on

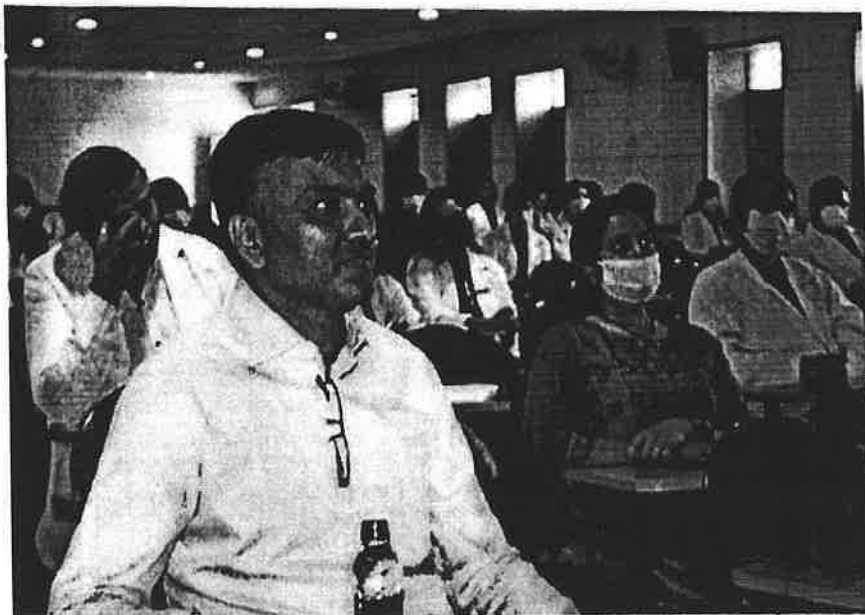

- Prosthetic phase of implant placement
- Mock preparation
- Impression technique
- Identify various components
- Cast preparation

Advanced Techniques & Supportive Therapy

Includes didactic lectures to gain knowledge of the advanced surgical implant procedures and implant maintenance with live demonstration

COMPREHENSIVE IMPLANTOLOGY WORKSHOP 2021

INTRODUCTION

Dayananda Sagar College of Dental Sciences recognizes the need for our students and faculty to periodically upgrade their skills. One such area is in the field of Dental implants. The institution will be conducting a comprehensive implant work shop every year, for our students. This will be a multisystem Implant course conducted by the college and is a comprehensive course for the participant wishing to have an implant practice. It is a requirement for the practicing Dental surgeon to have a specific training in the field, to have a thorough knowledge and to develop a promising career in the field of Implant dentistry. Participants will be given a one to one training with live surgical demonstrations as well as a hands-on clinical experience to treat their own patients under supervision.

GOALS

The goal of this program is to make our faculty and students competent in the field of Dental Implantology and periodically upgrade their skills and knowledge in this advancing field.

OBJECTIVES

The comprehensive workshop is designed to offer the participants a systematic learning approach to Implant dentistry by taking learners through a basic step-by-step learning experience right from didactic lectures to actual surgical placement & prosthetic rehabilitation procedures at Dayananda Sagar College of Dental Sciences under one to one guidance.

Upon completion of this course, the participants should be able to know –

1. The basic principles & clinical sciences of implantology.
2. Have thorough knowledge of the anatomy, clinical & radiographic diagnosis, treatment planning.
3. Basic & advanced surgical protocol with a satisfactory degree of skill and confidence to practice standard implant placement.
4. Basic prosthetic management.
5. Maintenance phase in implantology.
6. Practical tips on how to avoid common mistakes and complications in Oral Implantology

11/10/2021

Dr. Girish Rao, Oral and maxillofacial surgeon, Director, Implant Study Group was invited as the resource person for advanced surgical module.

Guest lecture was given by the resource person on "Advanced surgical procedures in Implantology".

Live case demonstration of direct sinus lift technique was done by the resource person.

Comprehensive Implant workshop manual launch:

11/10/2021

Manual on comprehensive implant workshop was launched by the Resource person **Dr. Girish Rao and Principal, Dr. Hemanth M.**

Manual was made under the able guidance of the chairperson Dr. Chaya David and all the faculty members contributed for the contents of the manual.

Interactive sessions were conducted after each session and feedback was taken by the participants.

Internal assessment was conducted after each module and participants were allowed to the next module only after clearing their assessment test.

Comprehensive Implant workshop 2021 was successfully completed in four different modules beginning from basics till advanced Implantology. Various resource persons were invited and all the faculty of Implantology department worked tirelessly and contributed for the success.

KARNATAKA STATE DENTAL COUNCIL

No.143, 5th Main Road,
Chamarajpet, Bengaluru-560 018
Tele : 080-2667 4068

Ref. No. KSDC/ 68 /2021.

Dated...23-08-2021.....

To,

The Principal
Dayananda Sagar College of Dental Sciences,
Bengaluru.

Sir,

Sub:- Allotting credit points for CDE Program/ Workshop/ Conference -Reg.

Please refer to your letter dated 21.08.2021 wherein, you have requested this Council to award credit points for the CDE program conducting by your College on 25.08.2021.

On Scrutinizing your application, we are pleased to award 6 (Six) credit points to the said Program. You have to send the certificates to our office for credit points stamping at least one week before the Program. You have to issue the said Certificates to the participants at the end of the Program/ Conference. The extra / unused Certificates if any, should be return to the Council. All the Certificates should be signed by the Principal of the said College and CDE Convener only. Company Advertisements, Logos are not allowed to print on the Certificates.

After completion of the Program, you have to furnish the participants list in the Excel Format mentioning the Name of the Participants, Date of the program (mm/dd/yy), KSDC Reg. No., Phone No., Attending Hours, Qualification, Email, Claimed Credit Points, Remarks, if any to the Council at the earliest.

Yours faithfully,

Registrar

Dayananda Sagar College of Dental Sciences

Dayananda Sagar Institutions, Campus - 1, Shavige Malleshwara Hills, Kumaraswamy
Layout, Bangalore 560 078, Karnataka; India

The Dayananda Sagar College of Dental Sciences in association with Macula Healthcare conducted a Career Guidance program for the House Surgeons on 01.10.2021.

Dr. Hemanth M, Principal welcomed the guest speakers, Dr. Jithendra and Dr. Madhumalathi J and thanked them for taking time off to share their experience and guide our students on career prospects after completing the Graduate Program in Dentistry.

Dr. (Major) Madhumalathi J spoke about setting up a business model and explained concepts of entrepreneurship which is beneficial for the workforce as well as society in large. With this, Dr. Madhu, set the stage on all activities of Macula Healthcare, and it's involvement with DSI and DSCDS.

Dr. Jithendra briefed the audience on the importance of having a Entrepreneur like mindset to see success in clinical practice or venture into business models that provide an insight into innovation which is in line with the Atal Innovation Mission an initiative of the Government of India. He explained the idea of this program was to provide education on the incubation centre which had been setup in collaboration with School. Of Engineering, Dayananda Sagar University, as well as to expose the entrepreneurial qualities that every individual has. He reinforced that Macula Healthcare provides such support and solutions with a highly motivated and integrated team of professionals to take up business plans and invited all to be part of the same when required by taking up projects that may be in Healthcare, with options for scalability and Lean or limited Management.

This program gave an insight on thinking out-of-the-box with regard to career options after the Graduate program in Dentistry. While it is imperative that Clinical practice be of main stay, business oriented Dental innovations could now be possible too.. In collaboration with Macula Healthcare and DSCDS.

Pictures shared show glimpses of the event.

UNDERSTANDING THE GENDER ISSUES

Internal Complaints Committee for Sexual harassment against Women, Dayananda Sagar College of Dental Sciences, Bangalore conducted an online webinar on Gender Sensitization on the topic "Understanding the Gender Issues" on 7th Jan 2022. The Guest Lecture was delivered by **Dr Sudeshna Mukherjee**, Associate Professor, Centre for Women's Studies, Bangalore University. Gender sensitization is a process of creating awareness about gender equality. The aim of Gender Sensitization is it to make people aware of power relation between men and women in society and to understand importance of affording equal opportunities and treatment for men and women. Many gender sensitization programs are being conducted at household level, Institutional level and community level to provide healthy safe working environment for women. In this webinar, Dr Sudeshna Mukherjee talked about the basic difference between gender and sex, various gender issues and discrimination faced by women at work and issues like gender division of labor, gender pay gap in India, gender based violence, child sex ratio in various parts of India and Karnataka.

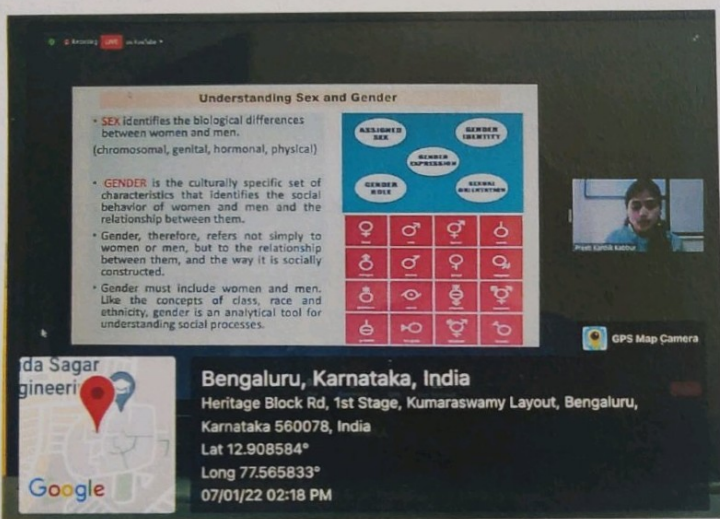

She also spoke about various commitments made by the Government to create gender equality in India like constitutional mandates, legal provisions, public policies and public expenditure. She talked about various Articles like Article 13(equal rights and opportunities in political, economic and social sphere), Articles 15 (prohibits discrimination on grounds of sex), Article 39(equal means of livelihood and equal pay for equal work) etc and policies with gender

perspective like the criminal Law (amendment Act), Sexual harassment of Women at work place Act, The Equal Remuneration Act etc.

The program was attended by 160 participants and was much appreciated for its content and delivery. Live streaming of the webinar was done in Youtube and the recording of the programme is available in the Youtube.

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES
ADVANCED RESEARCH STUDIES COMMITTEE

Report on webinar on Awareness Program on Intellectual property Rights

Dayananda Sagar College of Dental Sciences in association with **National Intellectual Property Awareness Mission (NIPAM)** by Ministry of Commerce and Industry, Government of India conducted a webinar titled “**Awareness Programme on Intellectual Property Rights (IPR)**” for the benefit of staff, post graduate students, interns and undergraduate students of our college on 20th January 2022 from 2pm to 4pm. Dr. Hemanth M our Principal introduced the topic to the participants and also threw light about the status of patent registration in India which is low compared to some other countries and that we require that these numbers should improve. The program gave insight about the 6 types of intellectual property rights namely, **Patents, Copyrights, Trademarks, Designs, Geographic indications and Semiconductor designs**. The main speaker was **Mr. Ramashish Paul**, an IIT, Delhi Alumnus appointed by the Ministry. He explained the process of applying for research patents, their timelines and processes involved in obtaining them, he also gave insights on various aspects of branding and logo registration. The program saw an attendance of more than 120 beneficiaries who participated in it. A quiz was organized at the end of the program for which there was active participation by all the delegates.

Ref: IPOC/NIPAM/KA/RamashishPaul/311221/54

On the occasion of the 75th anniversary of Independence, Government of India has begun a mission to spread awareness on IPR among college and school students under the scheme – National Intellectual Property Awareness Mission (NIPAM). As a part of this mission, Office of the Controller General of Patents, and Designs Trademarks (CGPDTM), is approaching selected institutions for conducting awareness programs on IPR.

Intellectual Property Rights (IPR) are exclusive rights granted in the form of Patents, Designs, Trademarks and Geographical indications. This awareness program would expose the students of your institution to various types of IPR which will ignite their intellectual thoughts and motivate them to innovate and further transform their innovative ideas into Intellectual Property assets. As you are aware, IPR is recognized as an important factor in grading institutions under NAAC and NIRF frameworks.

The awareness program is offered free of cost and will be available both in physical/offline mode and online mode. The sessions will be handled by officials of the Intellectual Property office. Kindly, fill the enclosed form with necessary details.

Please find the attached letter- an official invitation for your esteemed institution to collaborate in this mission.

For further details, you may please contact:

1. Shri. Ramashish Paul,
Examiner of Patents and Designs,

Report on Career Guidance Program

A Career Guidance program "Career Opportunities abroad- A fireside chat "was conducted on the 14th of March 2022. A panel consisting of the guest speakers Dr. Kshama Swamy, Dr. Kumar N C, Dr. Avinash J and Dr. Hemanth M carried out the fireside chat. It was an informal interactive session about the various career prospects for the budding doctors in India and USA. Details about various courses such as DDS bridge course, Masters in Public Health, Dental informatics, Masters in Hospital Administration, Clinical research, Artificial intelligence and machine learning were discussed. The students interacted with the speakers by asking questions that were promptly answered by the panelists. Overall, the program was very informative and we hope it would help the students in their future career planning.

Dayananda Sagar College of Dental Sciences Alumni Association ®

The Dayananda Sagar College of Dental Sciences' Alumni Association conducted a Career Guidance program for the benefit of Interns and Final Year BDS students by inviting it's Alumni member Dr. Smruthi Ramprakash Panyam from the Batch of 1997 to give her insights on Clinical research as a Career Opportunity.

Dr. Smruthi is currently the Director of Clinical Data Informatics, in Beigene GmbH and based in Germany. She has held multiple positions in the industry globally spanning across India, Japan, USA, Poland and Germany.

Dr. Vinod Rangan Secretary of the DSCDS Alumni Association spoke about the programs planned out by the association commencing this year with the 'Knowledge Exchange Series' with fruitful interactions between Alumni and the College.

Dr. Hemanth, Principal welcomed the Guest speaker and appreciated the efforts of the Alumni Association in bringing about the programs as planned. He urged the students and Interns to be proactive and be part of the Association once they complete the course and be role models by achieving great heights in their careers and come back to bring their experience to their juniors in the future to come. He acknowledged the presence of Dr. Ajaz Pasha, Vice President of the DSCDS-AA UG Batch of 1993, Dr. Vinod Rangan, Secretary DSCDS-AA, UG Batch of 1998, Dr. Veena Pai, Treasurer DSCDS-AA UG Batch of 1999 and all other Alumni members gathered.

Dr. Smruthi then spoke about various aspects of clinical research and the opportunity that comes with it in association with other bio diverse organizations in the field of Research and Clinical trials. The students had an informative interaction.

The talk was followed by a short Q & A session where the participants interacted one to one with the Guest Speaker.

Vote of thanks was proposed and delivered by Dr. Ashok HK, Alumni UG Batch of 1999.

Event concluded with thanks to the organizing team that included Dr. Fatima Khallidi (PG Alumni), Dr. Brunda Gowda (PG Alumni) Dr. Darsan JP (PG Alumni) as well as the Alumni association.

MAXFAC PROSTHETICS - A HEALING ART

Dates: 14th and 15th July 2022

Dayananda Sagar College of Dental Sciences
Shavige Malleshwara Hills, Kumaraswamy Layout
Bangalore 560 078

GUEST SPEAKER
Prof. Dr. SANDEEP GURAV

Dr. Sandeep Gurav MDS Prosthodontics
Professor, Department of Dental and Prosthetic Surgery
Tata Memorial Hospital, Mumbai
Homi Bhabha National Institute, Mumbai

Dr. Sandeep Gurav, Fellow in Dental and Prosthetic Surgery, Tata Memorial Hospital, Mumbai and MFDS from the Royal College of Physicians and Surgeons, Glasgow, UK, has keen interests in areas of rehabilitation of Oral Cancer patients and has actively participated at various positions in research projects. His notable research contributions include quality of life studies in cancer patients post rehabilitation, development of an indigenous Dental Implant – Animal trials and surgical techniques for treatment of Osteonecrotic lesions in cancer patients. He has also conducted various hands-on programs across India on Maxillofacial Prostheses. He has further written a Book chapter on ‘Prosthetic rehabilitation and reconstruction’ in the book on ‘Cancer Reconstructive Surgery with Free Flaps’. Dr. Sandeep Gurav is also a reviewer in various indexed journals and is also the Founder Joint Secretary and the Treasurer of the Association of Dental and Prosthetic Oncology.

COURSE OVERVIEW

As prosthodontists, we should aspire to alleviate the painful, psychological impact of Maxillofacial defects along with the need to enhance esthetics as well as restore function to all our patients.

But, are we proficient to handle this requirement?

This workshop is aimed at empowering the aspirants with the knowledge and honing their skills towards this Healing art.

COURSE OBJECTIVES

- To understand the basics of rehabilitation of Maxillofacial defects.
- Skill oriented training in planning and fabrication of a custom auricular prosthesis.
- To understand the handling of Medical-Grade Silicone material.

PROGRAM SCHEDULE

DAY 1	
09:00 AM to 09:30 AM	Inauguration
09:30 AM to 10:30 AM	Lecture - Rehabilitation of Extra-oral defects
10:30 AM to 10:45 AM	Tea Break
11:00 AM to 12:00 Noon	Demonstration of Primary Impression for Auricular defect
12:00 Noon - 01:00 PM	Fabrication of Wax Pattern
01:00 PM to 02:00 PM	Lunch
2:00 PM Onwards	Wax trial, 3 part Mould fabrication, Silicon packing, Curing of silicon
DAY 2	
09:00 AM to 10:00 AM	Lecture – Rehabilitation of Intra Oral Defects
10:00 AM to 10:15 AM	Tea Break
10:15 AM to 12 Noon	Fabrication of Wax Patterns by the Delegates
12 Noon to 01:00 PM	Fabrication of a Mould
01:00 PM to 02:00 PM	Lunch Break
02:00 PM to 03:00 PM	Final Prosthesis – Adjustment and Delivery
03:00 PM onwards	Manipulation of Medical Grade Silicone Material by the Delegates

DEPARTMENT OF PROSTHODONTICS

MAXFAC PROSTHETICS- A HEALING ART

Department of Prosthodontics conducted a CDE Program "MAXFAC PROSTHETICS- A HEALING ART", on the 14th and 15th of July 2022, Dayananda Sagar College of Dental Sciences, Bangalore. Principal, faculty and delegates comprising of staff and students from various dental colleges across Karnataka attended the program. Program started by 9.15 am with welcome address by Dr. Sarandha, introduction of resource person by Dr Sreeharsha followed by a key note address by our principal Dr Hemanth M. Lecture on Rehabilitation of Extra-oral defects was conducted by Dr. Sandeep Gurav followed by demonstration of Primary Impression for Auricular defect. Post lunch session involved presentation of laboratory procedures with live demonstration of fabrication of wax pattern Wax trial, 3 part Mould fabrication, Silicon packing and Curing of silicon.

Day 2 started with Lecture on Rehabilitation of Intra Oral Defects followed by Fabrication of Wax Patterns and moulds by Delegates. Post lunch Manipulation of Medical Grade Silicone Material by the Delegates was done. An exhibition of indigenous maxillofacial materials was organised for benefit of students. To conclude the workshop, certificate distribution was done by the resource person and HOD, and vote of thanks was delivered by Dr. Smitha Sharan.

REPORT

BIOMEDICAL WASTE MANAGEMENT: 08/08/2022

In the world of medicine, dentistry has a big role in safe guarding our society. In dental hospitals there are number of hazardous wastes generated every day. These wastes should be properly segregated, treated and finally disposed of. Recently, COVID-19 outbreak increased the quantity of urban solid waste generated and changed its composition. Hence this is the need of the hour to discuss about management of bio-medical waste generated in hospitals follows standard protocols for segregation and disposal.

A CDE programme was conducted in Dayananda Sagar College of Dental Sciences on 08-02-2022 at Preclinical block, first floor in Class Room No.1 on Biomedical waste management in dentistry. The Program commenced from 2:15 PM, faculty, post graduate students and interns were attended.

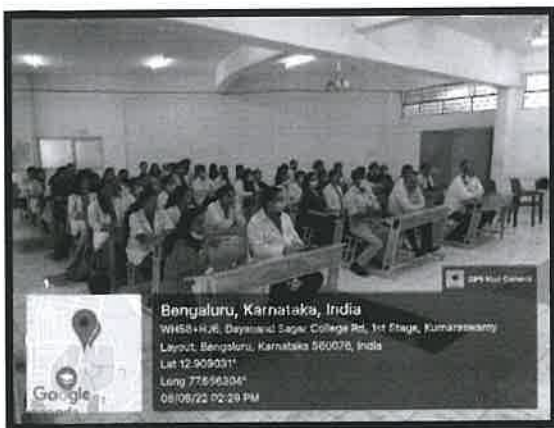

Dr. Pavan Kumar. T Assistant Professor in Faculty of Dental Sciences, Ramaiah University of Applied Sciences, Bangalore was invited to deliver a guest lecture. The programme started with the inaugural ceremony and introductory note by Dr. Koduru Sravani Senior lecturer (Department of periodontology) welcoming the chief guest and gathering by Dr Savita A M, Professor & Head (Department of Periodontology) followed by keynote address by our Principal Dr. Hemanth. M.

The guest lecture compiled on biomedical waste classification, segregation, treatment and also emphasized on importance of pre-treatment and disposal of biomedical dental waste management. The resource person also explained the various modes and steps involved in the segregation and disposal of waste at institutional and hospital sectors. The programme concluded with a positive note by thanking the chief guest, management, principal, faculty, organising committee, AV team, post graduate and undergraduate students.

**Committee for Dental Education
Technology**

Presents a Training Program on

**BASIC COURSE ON EDUCATION
METHODOLOGY**

Date: 29th & 30th August 2022

Venue: Seminar Hall – Department of Orthodontics

PROGRAM INVITE

Education is a process, the ultimate goal of which is to bring about desirable changes in the behavior of learners. The changes are

- A) Acquisition of knowledge
- B) Proficiency in skills
- C) Development of attitudes

Education is not teaching (learners) what they do not know but making them behave as they do not behave – Ruskin.

Every student who enters a professional institute would bring his/her own level of competencies (entry level competencies). It is the sole duty of the institution to turn him/her into a competent finished product so that he/she would serve to the expectations of all the stakeholders. Faculty play a vital role in turning the student into a fine professional by imparting favorable changes in knowledge, skills and attitude of the students. Hence faculty need to refine their teaching skills periodically, keeping this in view the “Committee for Dental Education Technology (DET)” of Dayananda Sagar College of Dental Sciences, Bengaluru, is organizing a BCEM (Basic course in education methodology) to the faculty members on 29th and 30th of August 2022. We extend a hearty invitation and warm welcome to the participants.

Member Secretary

Dr. Nagesh L

Chair Person

Dr Hemanth M

PROGRAM SCHEDULE

Day 1 (29th August 2022)

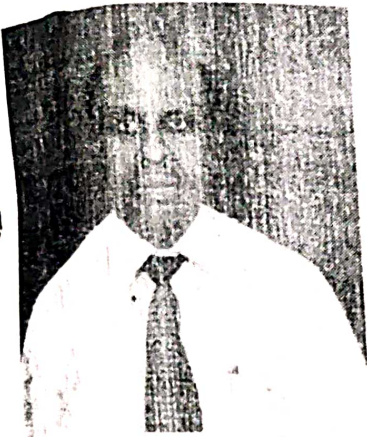

Time	Schedule	Resource Person Faculties, Resource Persons, Participants
