Department of Public Health Dentistry

Report on National Toothbrushing Day Celebrations

The "National Tooth brushing day" as prescribed by Dental Council of India is celebrated in the month of November every year. The Department of Public Health Dentistry, Dayananda Sagar College of Dental Sciences conducted a dental health education camp including the monitored toothbrushing program. A team of faculty and students of the department organized and conducted the monitored toothbrushing program on 14-11-18 at Dayananda Sagar Kannada Medium School, Yelachenahalli, Bangalore. This school majorly caters to the students coming from lower socio economic strata in and around Yelachenahalli.

Oral health education was imparted to all the students using charts and models through demonstrations and lectures. Those students who were identified to have dental problems were counseled and were provided a referral card to receive treatment at subsidized cost on priority basis in Dayananda Sagar College of Dental Sciences. High school students were provided with free toothbrushes.

Separate session for demonstrating brushing technique was conducted. All the high school students were made to brush the teeth as demonstrated by the doctors. The dentists supervised the technique, and feedback was given till they learnt the correct way of brushing.

We thank ORAL B company for the provision of toothbrushes.
