CHAIRMAN'S MESSAGE

"Digital imaging has untied our hands with regards to the technical limitations. We no longer have to be arbiters of technology, we get to participate in the interpretation of technology into creative content".

John Dykstra

These words by John Dykstra perfectly describe our aim at Dayananda Sagar Institutions. Beyond providing a sound education, we wish to provide our students a holistic learning experience for life. Our aim is to teach students to learn, not just study. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded. We at DSCE create not the future instead craft the future for our students.

I congratulate the editorial team of "DSI Annual report", who have done an excellent job in bringing out the report successfully.

- **Dr. D Hemachandra Sagar**
Chairman, DSI

VICE CHAIRMAN'S MESSAGE

DSI, a temple of learning and a hallmark of discipline, treads towards the zenith of glory by preferring the education of global standards in the best quality and substantiates to be a benchmark among all the colleges.

Our institution has committed itself to the task of creating highly competent technocrats and business leaders, who can build the enterprises and meet corporate challenges in the changing environments. We at DSI, impart high quality education by providing required infrastructural facilities in an impeccable, conducive and student-friendly campus.

At DSI, the Management, the members of faculty and all other employees travail together with the resolution of grading our Institution at the topmost rung of the ladder of education.

- Dr. D Premachandra Sagar
Vice Chairman & CEO, DSI

SECRETARY'S MESSAGE

The pride of every student and staff would be his college. A college may reach heights of glory but without an annual report, the outside world may not know of it. The role of a comprehensive report is therefore vital in promoting what an institution offers. It brings out into the open things hitherto unrevealed. It brings to light the names of the unsung heroes and their mighty deeds.

I am happy that there are dedicated staffs and students who have brought out the "DSI annual report". They have presented stupendous achievements of our students and staffs in the fields of academics, research, sports and extra-curricular activities. "DSI Annual report" represents the collective work of the team.

I take this opportunity to thank everyone in DSI family, who have made "DSI Annual report", a great success.

- Shri Galiswamy
Secretary, DSI

EDITORIAL MESSAGE

Dayananda Sagar Institutions named in the honor of its founder Late Sri R Dayananda Sagar was established in the year 1960 is run by the Mahatma Gandhi Vidya Peetha Trust (MGVPT). The Trust manages 22 educational institutions in the name of "DAYANANDA SAGAR INSTITUTIONS" (DSI) and multi – Specialty hospitals in the name of SAGAR HOPSITALS - Bangalore, India. This is a year of milestones as we are nearing towards the Centenary celebrations of our founder Late Sri R Dayananda Sagar We proudly publish the first Annual Report of DSI in order to show the outside world, the progress made by DSI family. It would be a Snapshot of various activities and advancements for all the institutions associated with Dayananda Sagar Institutions. This annual report outlines the actions; DSI has implemented to fulfill its vision and mission in the field of education, empowering students as citizens with exceptional leadership qualities to serve national and global needs. In a commitment to ensure student success, DSI stakeholders including faculty, staff, students, alumni, and parents have embraced DSI's journey by ensuring that their efforts are aligned with the Institute's strategic plan.

The Academic Annual Report is an important tool for sharing our story through information that provides insight into the DSI's students, faculty, academic outcomes and, ultimately, its future. It is one of the cherished work that has its roots in the persuasion and its truly an interesting and exciting experience. This report gives the clear picture of DSI's dedication to relentless, continuous improvement and constant strive to be recognized as the front-runner in the field of education today. DSI made incredible progress in 2018-2019, and we are prepared to seize more

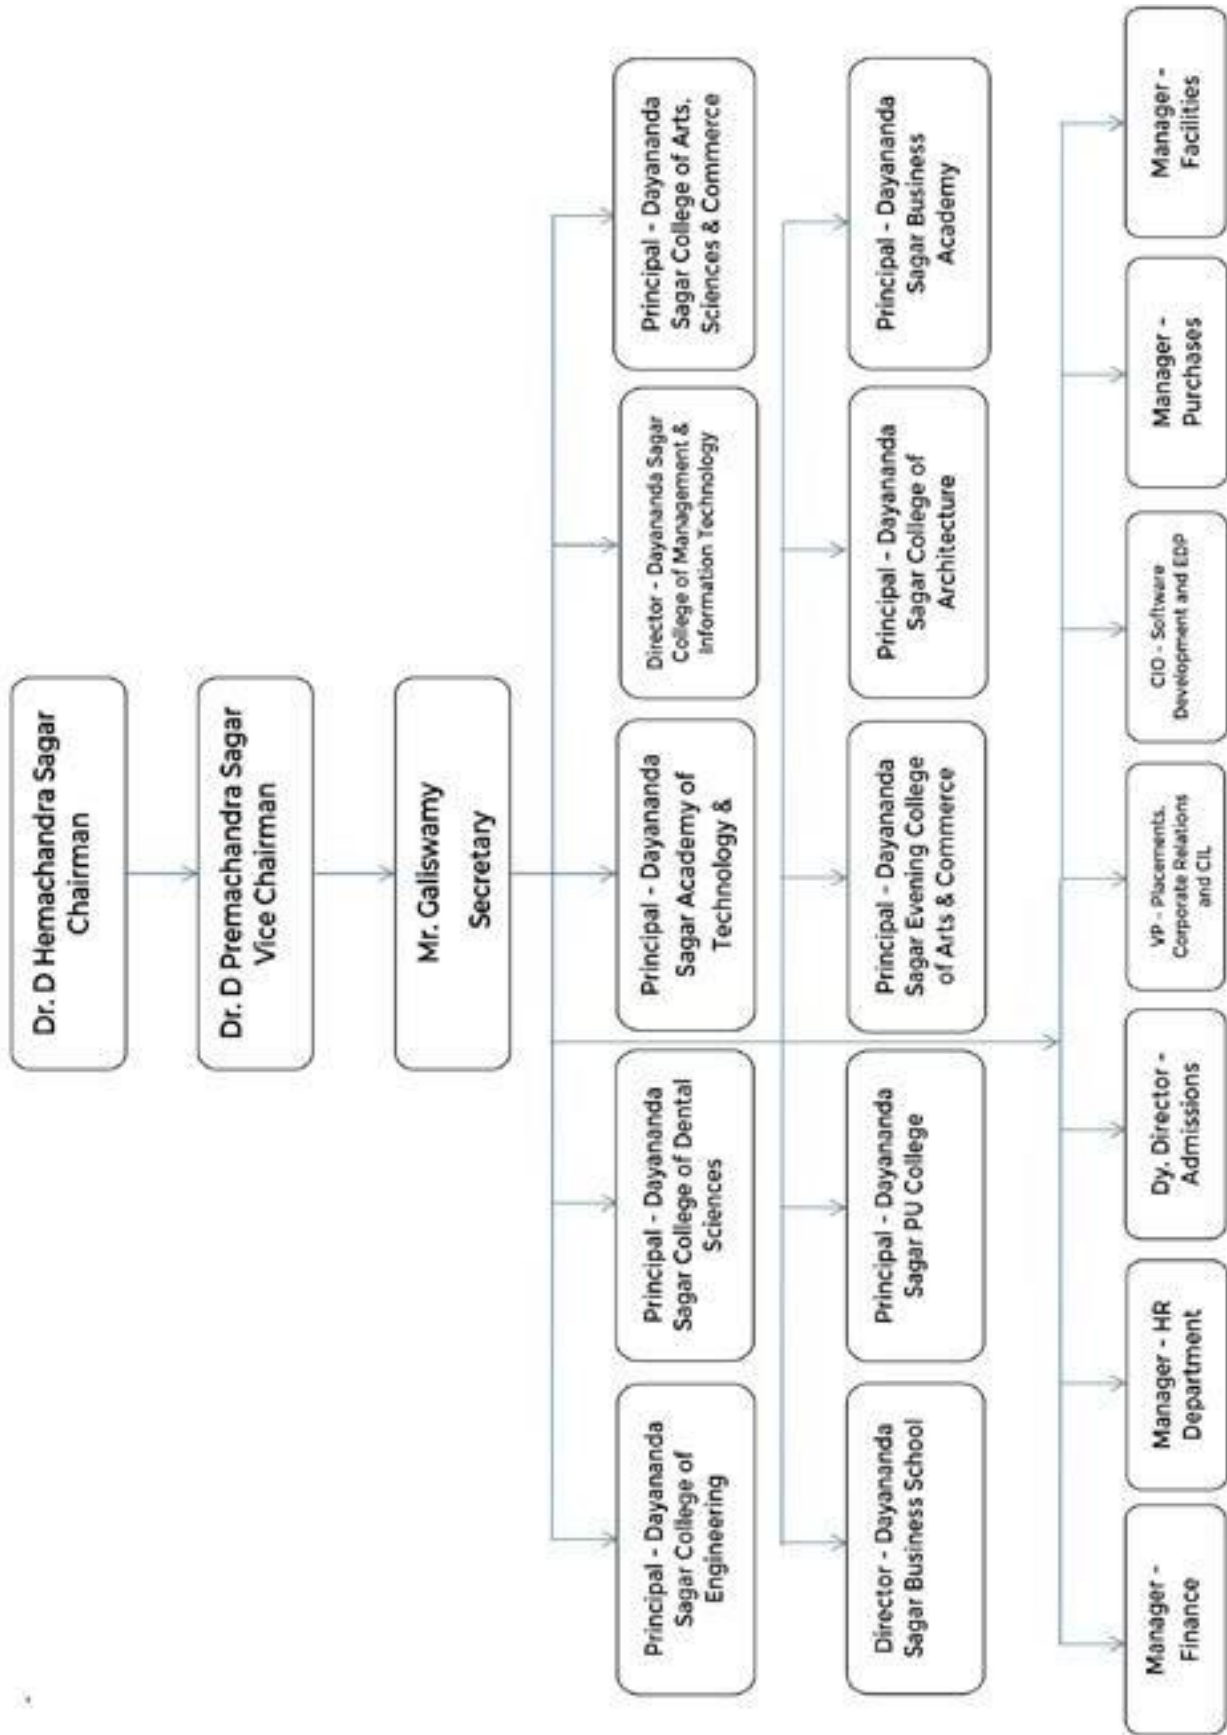

opportunities for success as we continue implementation of the strategic plan. A lot of effort has gone into the making of this Annual Report. We would like to place on record our gratitude and considerable appreciation to all those who have contributed to make this effort a success. With a sense of pride and satisfaction we would like to say that with the active support and encouragement of the management, faculty coordinators from all the campuses, DSI Annual report has taken shape.

OVERVIEW

OVERVIEW

The Dayananda Sagar Schools and Colleges of Science, Arts and Commerce are pioneering institutions founded by late Sri Dayananda Sagar in the early sixties. One of the India's leading educational institutions, a front-runner in the field of education today, Dayananda Sagar Institutions (DSI) operates under the aegis of the Mahatma Gandhi Vidya Peetha Trust, in Bangalore- described as the Silicon Valley of India.

Our institutions are characterized by the quality of education across a broad range of disciplines from pre-university courses to post-graduation and doctoral programs covering Engineering courses, Dental Sciences, Biological Sciences, Arts, Commerce, Sciences, Pharmacy, Nursing, Allied Health Sciences, as well as Business Management and Information Technology.

Besides our high-calibre teaching staff, the students are given a challenging academic environment with well-equipped lecture theatres, laboratories, excellent libraries and computer networking facilities.

VISION

To be a centre of excellence in education, research & training and to produce citizens with exceptional leadership qualities to serve national and global needs.

MISSION

To achieve our objectives in an environment that enhances creativity, innovation and scholarly pursuits while adhering to our vision.

VALUES

The values that drive DSI and support its vision:

The Pursuit of Excellence - A commitment to strive continuously to improve ourselves and our systems with the aim of becoming the best in our field.

Fairness - A commitment to objectivity and impartiality, to earn the trust and respect of society.

Leadership - A commitment to lead responsively and creatively in educational and research processes.

Integrity and Transparency - A commitment to be ethical, sincere and transparent in all activities and to treat all individuals with dignity and respect.

CENTRE FOR INNOVATION AND LEADERSHIP (CIL) – A Prolegomenon

CIL - is established in the year 2006 under the banner of DSI to bridge the gap between pure academics and the corporate realities. The Centre aims to impart innovative soft skill training programs to enable individuals to become champion leaders in their endeavor, and to sustain a high level of performance at the individual and the organizational level. To face the challenge, CIL is armed with eminent Academicians, Coaches, Mentors and Thinkers with hands on experience in the corporate world to design high quality training modules. The primary aim of all the training modules would be to allow individuals to take control of their lives by re-discovering their potential.

Training in the areas such as Communication skills, leadership skills, Interpersonal skills transform the employees and inculcate an attitude that is required to represent the organization to the global business world.

The vibrant teams of innovative trainers who conduct the above programs are: Skill Drives, V2 Global Consultants, Seventh Sense Talent Solutions, Bizotic Talent Solutions Private Limited, Skills Co, Mission Catalyst.

Ms. Yogitha – Mission Catalyst - Engineering

Skill Drives – Mr Irfan and Mr Ismail - Engineering

Mr. Enoch – UG students

Mr. Webster Lonn – Engineering Students

TRAINING & PLACEMENT DEPARTMENT

The Placement Cell coordinates with recruiting companies and handles the entire end to end placement process. The Training and Placement Cell is provided with a well-equipped Auditorium/Seminar Hall for pre-placement talk, well-furnished rooms for training, interviews and counseling.

DSI is working closely with many companies for more than three decades for student's Internship and Placement. More than 150 + companies visit us every year for campus placements. We have signed an MOU with more than 50 + companies for helping students in projects/internships/industrial visits/ research and placements. We have achieved a very good record for placements.

Campus Recruitment Process:

- College will send Invitation mail to the companies /TPO will Visit the companies to get fresher requirements.
- Eligibility criteria, CTC offered, Job location details, Selection process details will be collected from the companies.
- As per the Eligibility criteria student details / Resumes will be shared to the companies.
- Companies will visit the college for recruitment process: Usually the recruitment process will be in the order- Pre placement talk, Onlinetest / Written test (To test students Aptitude / Technical skills), Group Discussion, Technical Interview followed by HR Interview.
- Finally for selects offer letter will be rolled out by the companies.

Placement Training activities:

The Training and Placement Cell is also committed to enhance the employability skills of the students by organizing following training programs.

- Organizing Aptitude training programs to enhance quantitative, verbal, logical & reasoning skills
- Organizing soft-skills training to improve the student's personality, Confidence level, Public Speaking skills, Conducting Mock Interviews, Group Discussions.
- Organizing subject/domain specific Technical Skills Training by Experts. Career counseling for pursuing higher studies.
- Organizing entrepreneurship development programs to motivate the Students to become Entrepreneurs.

Training Pedagogy:

The training modules will be delivered through a combination of Coach-Lead Training, world-class

videos (for maximum retention and recall) learning aids, Simulations, Exercises, Role-plays, Case studies etc. These techniques facilitate understanding of the concepts and the principles of the topics under discussion. The training will also incorporate pre-training subject evaluation to identify trainee's proficiency and Post-training subject evaluation to identify trainee's level of knowledge after training. An on-line training assessment will also be conducted.

ALUMNI RELATIONS

DAYANANDA SAGAR COLLEGE OF ENGINEERING

Dayananda Sagar College of Engineering hosted its annual alumni meet "DSCE MEGA ALUMNI MEET-2018" on 29th December 2018 at the Institute's finest auditorium, Dr. D.Premachandra Sagar Auditorium (Bangalore).

An annual meet ensures to mould the alumni community into a stronger society every year. The Annual Meet emphasized on creating a special bond between the passed out graduates, existing students, faculty and the staff, and this was started off with the motto of "Connect, Create and Communicate".

On this auspicious day, the following dignitaries graced the dais:

1. Shri Galiswamy, Secretary, DSI
2. Shri Prasanna Seshadri, Manager Programs, TCS Ltd.
3. Dr. Radhakrishna, Professor & Head of Civil Engineering, R.V. College of Engineering, Bangalore
4. Mr. Sheshadri Nagaraj, Managing Director, Expert Invest
5. Dr. C.P.S. Prakash, Principal, DSCE
6. Dr. D. R. Ramesh Babu, Vice-Principal, DSCE
7. Dr. Ramakrishna, Vice-Principal, DSCE

The program started with a welcome address by the Principal, Dr. C.P.S.Prakash. He put forth the college achievements in all dimensions and also highlighted the maximum number of VTU ranks fetched by our students. He emphasized upon the participation of alumni in annual which in turn can yield towards Outcome Based Education. These interactions enable to update the curriculum on par with the industry as the alumni are the major stakeholders. He invited the alumni to form a huge forum, capturing all the fellow alumni details and work closely in union with the respective departments, to give back to the alma mater.

Mr. Prasanna Sheshadri, expressed immense pleasure to have been invited as a chief guest of the event. He recalled the Ideathon event organized by CSE department in DSCE, which he witnessed as one of the judges. He appreciated the way the college has progressed over the years. He spoke about the ways in which the alumni can engage more with the college and can give back to the college. He invited fellow alumni to contribute in helping the college to bridge the gap between Industry and Institution and in providing mentorship and opportunities for the students for the internships, projects and placements

Dr. Radha Krishna started his speech by sharing sweet memories of his college days at DSCE. Speaking on the occasion, he recalled how being a part of DSI moulded him into the person he is today. Being an academican, he further expressed his whole hearted support to the student community.

Speaking on the occasion Mr. Sheshadri N, said that being a part of the DSCE family was an honor and he cherishes those memories from his college days. He applauded the progress of DSCE which is recognized as one of the top colleges in the country and globally. He being an entrepreneur also expressed his keen interest to help students by instilling entrepreneurial skills amongst them.

Followed with these, was the Presidential address by the Secretary of DSI, Shri Galiswamy who expressed his happiness in alumni meet which connects the Institution with their proud alma matter.

DAYANANDA SAGAR ACADEMY OF TECHNOLOGY & MANAGEMENT

The occasion, started with lighting the lamp by principal DSATM, Dr B.R Lakshmikanth and alumni guest, followed by invocation song by Shreya Girish , student, 8th sem , department of E&C. Alumnus from departments of computer science and engineering, information science and engineering , electronics & communication engineering, electrical and electronics engineering, mechanical engineering and civil engineering were invited.

Alumnus (guests of honor) also spoke about their college life, work life and achievements. Later, events from all the departments were organized by students of 8th semester students for the alumnus.

DAYANANDA SAGAR BUSINESS ACADEMY

The Third Alumni Meet was conducted at DSBA on 9th March 2019. The meet was coordinated by Prof Nikitha Sreekantha, HOD. Alumni from batches 2013-2016, 2014-2017 and 2015-2018 attended the meet. The final year students were also part of the gathering. Dr [Brig] Sandes, Principal-DSBA, Dr Veena K N, Dean-DSBA and faculty were present on the occasion.

The excited alumni had an opportunity to meet their colleagues and seniors and see the college once again with heartfelt memories. Prof Nikitha welcomed the alumni and stated her happiness on seeing them back at the portals of the institution. She briefly spoke about the preamble of having an Alumni Association, purpose and its importance. There was a cultural dance show by the second year B Com students.

Dr Sandes addressed the gathering. He reminisced his alumni meets and spoke at length about the role of an Alumni Association by stating examples of some alumni associations in the city & country which are very active and vibrant. The Principal also mentioned that alumni can have chapter meetings wherever they are and they can just convey the proceedings of their meets to the institution.

Dr. Veena, Dean welcomed the alumni and voiced similar thoughts. She told the alumni present that everyone at the institution will always wish well for the ex- students and would like meet them at least once a year, to hear about their success; the positive and good things that are happening in their lives.

DAYANANDA SAGAR COLLEGE OF ARTS, SCIENCE & COMMERCE

Alumni meet is a gathering of passed out students of the Institution and the institution felt proud on seeing our successful alumni. DSCASC had organised an alumni meet on 15th August 2018 which brought all alumni on one platform who shared the valuable experiences that they had in DSCASC. It was heart touching to hear from them about their past memories spent in the campus.

DAYANANADA SAGAR COLLEGE OF DENTAL SCIENCES

The first meet of DSCDS alumni was held on 02-10-2019 and was attended by around 15 alumni. The meet discussed the formation of the DSCDS alumni Association. It was presided by the Principal, Dr. Hemanth M and Dr. Anil T John- Principal , Physiotherapy, Dr. Murugan- Principal, Pharmacy, Dr. Ramnarayan BK and Dr . Sunil S. as external observers. The Office bearers of the Alumni Association were nominated. It was decided to register the association. The Alumni were then taken for a tour of the College to showcase the changes that have taken place over the years.

KARNATAKA STATE COUNCIL FOR SCIENCE AND TECHNOLOGY (KSCST)

42nd SERIES OF STUDENT PROJECTS PROGRAMME 2018 - 2019

Karnataka State Council for Science and Technology (KSCST) is one of the first State S&T Councils to be set up in the country under Department of Science & Technology, Government of Karnataka. Motivated by the desire to build a strong base for practical problem solving in several engineering colleges as well as to build their R & D potential, KSCST decided to promote student project programmes in a large number of educational institutions, located in Karnataka, in areas of engineering, medicine, fisheries and agriculture. KSCST, therefore, ventured into launching and implementing a programme, the Student Project Programme for providing financial and academic support for engineering projects.

In 2018-19 Dayananda Sagar College of Engineering received a **total amount of Rs 1, 65,500.00** pertaining to 27 student projects sanctioned by KSCST.

LIST OF STUDENT PROJECT PROPOSALS APPROVED FOR SPONSORSHIP:

SI No	Title	Branch	Name of Guide	Name of Team Leader	Amount
1	Movie Piracy Reduction Using Automated Infrared Transmitter	Tele Communication	Dr. Vinod B Durdi	Ms. Pratiksha	7500.00
2	Application of Visible Light Communication For Satellite Image	Tele Communication	Mrs. Anitha Suresh	Ms. Kavitha V	5000.00
3	Study on Effects of Daily Commodities And Wastes on Environment	Civil Engineering	Mr. V C Chandrashekar	Mr. Manjunath K	9000.00
4	Green Technology For The Treatment of Grey Water With Respect to Recycle and Reuse in Urban Areas	Civil Engineering	Prof. B T Shivendra	Ms. Manasa H S	4000.00
5	Water Characterization and Sediment Analysis of Kalkere Lake, Bengaluru	Civil Engineering	Prof. Jyothi C Nagavi	Mr. Wilson P	6000.00
6	Batch and Continuous Adsorption Studies Of Pollutants From Synthetic Waste Water By Using Modified Biopolymers	Chemical Engineering	Prof. Mahesh Kumar Shetty	Mr. Sacheta Ramachandra Bhat	6500.00
7	Dosa Making Machine	Electrical And Electronics Engineering	Dr. P Usha	Mr. Shashank N S	7000.00

Department of Conservative Dentistry and Endodontics

1.	Dr. Aswathy Menon KV	Dr. Roopa R Nandig, Dr. Yashwanth G	Effect of polymerization shrinkage and loading on cuspal deflection in endodontically treated premolars restored with newer bulk fills composites. An in vitro study.	Completed
2.	Dr. Aesha Akhtar	Dr. Vedavathi B	Evaluation of fracture resistance of maxillary central incisor with flared canals and open apex using different post systems. An in vitro study.	Completed
3.	Dr. Sowmya K.	Dr. Ranjini MA	Effect of addition of Nano biomaterials to carbamide peroxide on the bleaching efficacy and microhardness of bleached enamel- An in vitro study.	Completed
4.	Dr. Arpita Deb	Dr. Veena S Pai	To evaluate the immediate and delayed microleakage in class V cavities restored with chitosan mixed composite study- An in vitro study.	Completed
5.	Dr. Chaturvedi Sathendra	Dr. Roopa R Nandig, Dr. Veena S Pai	Evaluation of immediate and delayed microtensile bond strength of chitosan modified composite to dentin - An in vitro study.	Completed

6.	Dr. Paramarshi Das	Dr. Swapna DV	Comparison of the deformation and cyclic fatigue resistance of Hyflex CM and Hyflex EDM Ni-Ti rotary files after instrumentation and heat sterilization. - An in vitro study.	Completed
7.	Dr. Ashwathy Menon K V	Dr. Roopa R Nadig	Comparative evaluation of fracture resistance of various bulk fill composites and polyethylene fiber reinforced bulk fill composite.	Completed
8.	Dr. Satyendra Chaturvedi	Dr. Roopa R Nadig	Evaluation of safety and efficacy of novel herbal toothpaste, (sensi white) in reducing dentinal hypersensitivity – multi centric in vivo study.	Completed
9.	Dr. Sowmya K Rao	Dr. Ranjini M A	Evaluation of buffering action of new alkasite restorative material.	Completed
10.	Dr. Paramarshi Das	Dr. Swapna DV	Evaluation of microleakage of furcation repair materials using die extraction method –an invitro study.	Completed
11.	Dr. Ayesha Akthar	Dr. Vedavathi B	Comparitive evaluation of fracture resistance of edelwise posts and everstick post in immature teeth with flared canals. An invitro study.	Completed
12.	Dr.Arptha Deb	Dr. Veena S Pai	To evaluate the in vitro microleakage of traditional microhybrid composite and 0.2% chitosan incorporated composite in class V cavities – using total etch and self etch adhesives after storing in artificial saliva for 24 hours –an invitrostudy.	Completed
13.	Dr. Shravya S Girji	Dr. Roopa R Nadig, Dr. Veena S Pai	Evaluation of antimicrobial action, tissue dissolution and smear layer removal using an experimental irritant combining salvadoraPersica with sodium hypochlorite - an in vitro study.	Ongoing
14.	Dr. Shruti R	Dr.Vedavathi B	Evaluation of stress distribution pattern in maxillary incisors restored with Everstick posts at varying core angulations- FEM study.	Ongoing
15.	Dr. Naval Abdul Aziz	Dr. Ranjini MA	Evaluation of microleakage in cervically placed Class II restorations with an Alkasite restorative material and bulk fill composite resin using confocal laser scanning microscopes- An in vitro study.	Ongoing
16.	Dr. Chandni Gupta	Dr. Swapna DV	Micropushout bond strength of fibre post cemented at different time intervals in canals obturated using two different MTA based and AH plus sealers - an in vitro study.	Ongoing

17.	Dr. Aparajita Dutta	Dr. Roopa R Nadig, Dr. Yashwanth G	Evaluation of fracture resistance of proclined endodontically treated teeth with different post and core systems- an in vitro study.	Ongoing
18.	Dr. Niveditha S	Dr. Veena S Pai	Effect of chitosan lubricating gel and irrigants on smear layer removal, calcium phosphate ratio and push out bond strength of resin sealer to radicular dentin with different time intervals- an in vitro study.	Ongoing
19.	Dr. Harshitha V S	Dr. Ranjini M A	Antibacterial efficacy of nisin and calcium hydroxide in combination with chitosan as an intracanal medicament against enterococcus faecalis - an invitro study.	Ongoing
20.	Dr. Parvathy P	Dr. Vedavathi B	Stress distribution pattern of endodontically treated premolars restored with different edelweiss post systems: a finite element analysis.	Ongoing
21.	Dr. Saeeda Patel	Dr. Roopa R Nadig, Dr. Vedavathi B	Evaluation of fracture resistance of endodontically treated premolars restored with various edelweiss post systems-an invitro study.	Ongoing
22.	Dr. Saumya Walia	Dr. Veena S Pai	Comparative evaluation of the immediate and long term microtensile bond strength of 0.2%chitosan incorporated composite with total etch and self etch bonding system in class V cavities.	Ongoing
23.	Dr. Urvashi Tanvar	Dr. Roopa R Nadig Dr. Veena S Pai	Evaluation of immediate and delayed push out bond strength of apical plug of mta mixed with 2% chitosan nano-hydrogel: an in-vitro study.	Ongoing
24.	Dr. Vinay Suryavanshi	Dr. Swapna DV	Evaluation of microleakage of chitosan nano hydrogel incorporated mta and glass ionomer cements when used as a retrograde filling material : an in vitro study.	Ongoing
25.	Dr. Chandni Gupta	Dr. Swapna DV	Micro-pushout bond strength of edelwise post in canals obturated with MTA based ,bioceramic based and AH plus sealer.	Ongoing
26.	Dr. Shravya Sirji	Dr. Roopa R Nadig	Evaluation of calcium phosphate ratio after irrigation with experimental formulation combining sodium hypochlorite and salvidora.	Ongoing

27.	Dr. Shruti R	Dr. Vedavathi B	Evaluation of stress distribution pattern in maxillary incisors restored with Zirconia posts at varying core angulations- FEM study.	Ongoing
Department of Prosthodontics, Crown and Bridge				
1.	Dr. Joel Koshy Joseph	Dr. Kalpana D	Comparison of stress distribution at internal hex and morse taper abutment connection in straight and angulated abutment - an in vitro 3 dimensional finite element study.	Completed
2.	Dr. S Kumara Raju Kurapati	Dr. Kalpana D	Comparative evaluation of stress distribution at bone –implant interface (crest and perimplant bone) in one piece and two piece implant with same length and different diameter - an in-vitro 3dimensional finite element analysis.	Completed
3.	Dr. Naila Parween	Dr. Kalpana D	A spectrophotometric analysis of the effect of different beverages and food colorants on the color stability of peek, composite and acrylic resin- an in-vitro study.	Ongoing
4.	Dr.Iti Badola	Dr. Sreeharsha TV	Evaluation and comparison of stress distribution at the implant abutment junction ,crestal and peri implant bone region of straight and angulated titanium and bio HPP peek abutment on immediate and delayed loading : A 3 dimensional finite element analysis.	Ongoing
5.	Dr. Nadira Jabeen. S	Dr. Kalpana D	Comparative evaluation of surface roughness, color, stability and micro hardness in two commercially available provisional crown and bridge material – An in-vitro study.	Ongoing
6.	Dr. Joel Koshy Joseph	Dr. Kalpana D	Digital dental photography- A narrative review.	Completed
7.	Dr. S Kumara Raju Kurapati	Dr. Kalpana D	Occlusal splints used in treatment of temperomadibular joint disorders - A narrative review.	Completed
8.	Dr. Naila Parween	Dr. Kalpana D	Laminates and veneers- A narrative review.	Completed
9.	Dr. Iti Badola	Dr.Sreeharsha TV	Recent advances in prosthodontics- A narrative review.	Ongoing

14.	Dr. Tejaswini Annigeri	Dr. Sunil S	Basal implants: Windfall for atrophic ridges-A narrative review.	Ongoing

Department of Pedodontics and Preventive Dentistry

1.	Dr. Gargi S Murthy	-	Effect of chewing Azadirachata indica (Neem) and Octimum sanctum (Tulsi) leaves on salivary acidogenecity – A comparative study.	Completed
2.	Dr. Kavitha M.	-	A cross sectional study to compare the effect of the conventional white coat versus colored coat on the anxiety level of children age from 3-6 yrs and 6-12 yrs.	Completed
3.	Dr. Gargi S Murthy	-	Perception, attitude, knowledge and experience about child abuse and neglect among dental professionals in South Bangalore,	Ongoing

Department of Orthodontics and Dentofacial Orthopedics

1.	Dr.Yogita Gupta	Dr. Sharmada BK	Evaluation of smile parameters in growing and non-growing individuals – A photographic study.	Completed
2.	Dr. Sumitra M	Dr. Hemanth M	Mandibular molar protraction using mini screws at different alveolar bone levels- A 3D finite element study.	Completed
3.	Dr. Sachin Shaji	Dr. Hemanth M	A comparison of efficiency of lingual retainer wires bonded with different adhesive systems- an in vitro study.	Completed
4.	Dr. Nilosha Costa	Dr. Hemanth M Dr. Karthik J Kab-bur	Evaluation and comparison of commercially available lingual brackets- an in vitro study.	Completed
5.	Dr. Reshma S	Dr. Sharmada B K	Development of an electronic sensor to monitor the wear time of removable appliance – an in vitro study.	Ongoing
6.	Dr. Dhruvi Parikh	Dr. Hemanth M Dr. Sharmada B K	Comparative evaluation of use of electrical tooth brush with sonic vibration on orthodontic tooth movement- A RCT.	Ongoing

7.	Dr. Aparna K	Dr. Hemanth M Dr. Karthik J Kabbur	Evaluation of myeloperoxidase and lactate dehydrogenase in the GCF of orthodontic patients.	Ongoing
8.	Dr. Reshma Banu	Dr. Hemanth M Dr. Karthik J Kabbur	An advanced 3-D facial hard and soft tissue analysis – a CBCT study.	Ongoing
9.	Dr. Amtul Salma	Dr. Sharmada B K Dr. Hemanth M	DHEAS as a skeletal maturity indicator.	Ongoing
10.	Dr. Apurba Saharia	Dr. Karthik J Kabbur Dr. Hemanth M	Assessment of apical root resorption in mandibular molars due to mesialisation of molars- A prospective study.	Ongoing
11.	Dr. BR Shreya	Dr. Hemanth M Dr. Fatima Khalidi	Design and validation of a uprighting spring for correction of a distally tipped canine during anterior alignment- an FEM study.	Ongoing
12.	Dr. Sanda Aamani	Dr. Sharmada B K Dr. Hemanth M	A novel method using CBCT to assess anterior mala prominence among native Bangalore population- A descriptive study.	Ongoing
13.	Dr. Theresa Matthew	Dr. Karthik J Kabbur Dr. Hemanth M	Relationship of salivary leptin and cervical vertebrae maturation indicator in female patients of age 8 to 18 years- a cross sectional study.	Ongoing
14.	Dr. Sujina Sudarshan	Dr. Hemanth M Dr. Jayaprasad Darsan	Evaluation and comparison of stress and displacement using slow and rapid maxillary expansion in cleft palate- a 3D finite element study.	Ongoing
15.	Dr. Prakruthi S N	Dr. Karthik J Kabbur Dr. Hemanth M	Assessment and comparison of rate of anterior tooth retraction with two different corticotomy techniques- a RCT.	Ongoing
16.	Dr. Yogita Gupta	Dr. Sharmada B K	Soft tissue in orthodontic Diagnosis- A narrative review.	Completed
17.	Dr. Sumitra M	Dr. Hemanth M	Molar Protraction-- A narrative review.	Completed
18.	Dr. Sachin Shaji	Dr. Hemanth M	Retention and Relapse -- A narrative review.	Completed

Oral Health Education Program at Kanakapura and Ramanagar

ASHA (Accredited Social Health Activists) workers play an integral part in bridging the gap between the people and health care providers. They are the first point of contact regarding any health issues in rural areas. It is necessary to create awareness about oral health among rural population as they have limited knowledge and awareness about the same. As the ASHA workers interact more with people, it is important for them to have knowledge about oral health and common oral health problems.

In this regard, oral health education programmes were conducted for the ASHA workers at Kanakapura and Ramanagar with the support of Dr. Sharath Chandra, Dental officer at Kanakapura Govt. Hospital, Dr. Kumar, Taluk Health Officer, Kanakapura and Dr. Rakesh, Health Officer at Ramanagar. The programme was conducted on 08/02/2019 and 02/03/2019 which was attended by 480 ASHA workers. (400 at Kanakapura and 80 at Ramanagar)

Oral health education was provided by staff of the Department of Public Health Dentistry in two teams consisting of Dr. Nagesh L & Dr. Nithin N Bhaskar (To Kanakapura) and Dr. Smitha B Kulkarni & Dr. Sourabha KG, (to Ramanagar) using power point presentation and health education models. The programme consisted of the following

1. General information like anatomy, types and eruption sequence of teeth.
2. Functions of teeth.
3. Common oral problems and their etiology that included dental caries, periodontal disease, malocclusion, oral cancer and fluorosis.
4. Treatment options available for each oral health problem.
5. Maintenance of oral health that included brushing technique, importance of diet and the golden rules.
6. Misconceptions regarding oral health and the treatment.
7. Privileges for people with BPL card under National Oral Health Policy (DantaBhagya).

The duration of the presentation was about 2 hours. An interactive session for 30 min was held to discuss their doubts. All the ASHA workers took part actively in the programme.

Inter Class Sports Competition at DSBA

For an all-round development of the student, there is a need of emotional, physical, spiritual and moral development that is complemented and supplemented by Co-curricular Activities. Physical activities are as necessary as studies. They in fact rejuvenate and energize a stale mind and greatly impact a student's progress.

An inter class sports competition was held on 22nd July 2017 at DSBA during the college hours. It was mandatory that all the students participate in one or more events. Both boys and girls of all the semesters and all the programmes participated with enthusiasm.

CENTRE FOR PERFORMING ARTS

The Centre for Performing Arts is the premium platform for Dayananda Sagar Institutions where students are allowed to showcase their vivid talents in the form of Dance , Music , Art, Literature, Theatre, Fashion and Management. We at the Centre for Performing Arts make sure that the students are given an equal chance and opportunity so that they can nurture their Cultural Persona with the daily routine of studies and college. The CPA is responsible for conducting the Cultural and Managerial Events for Dayananda Sagar Institutions.

Induction Program

13TH AUGUST TO 1ST SEPTEMBER

In accordance with the norms of AICTE, the Centre for Performing Arts (CPA) at Dayananda Sagar College of Engineering conducted numerous workshops in the fields of Dance, Music, Theatre, and Literary & Fine Arts, for the first-year students as a part of the college's 20-day induction program. (13th August to 1st September). In addition, DSCE hosted various sessions on yoga and human values, the latter creating awareness among the students about anti-ragging. Moreover, students were taught the value of giving through NSS, simultaneously building on important life values of traffic safety, health and hygiene. The workshops encouraged the newly admitted batch to tap into their creative energies with responsibility and diligence.

The program was coordinated by the students under the guidance of Mrs Pooja Baliga.

Music: Madhurima and Rohith Bernad, Aprameya M, Vidyullatha K S, Parikshith M, Hamsini Hariprasad, Manish M Saunshi

Dance: Pradeep G, Likith M, Sanjana Sharma, Bhargav BV, Pooja NS, Koushik D, Shivangni Kant, Keerthana VR, Ujjwal Shah, Aishwarya G, Ganashree, Shreeya Nayak, Gunashree Gowda

Theatre: Aprameya M.S, Gaurav Sivaraman, Priyanshu Pandey, Nikhil R S

Art: Coordinated by Shriya Emani, Chinmayi N, Arya GV, Shreyas Vernekar
Emcee: Kinshuk Sood and Akhil Dasaneni

Literary: Ishita Singh, Ashley Lobo, Deeksha Desai, Dravya PS, Akash Parvatikar, Simran Umesh Rohra, Ashutosh Pandey

The workshops conducted by the Centre for Performing Arts received phenomenal response accompanied by positive feedback. The sessions culminated in Talents' Day, an event organised on the 30th and 31st of August. Students from chemistry cycle exhibited their talents on the 30th of August and students from physics cycle on the 31st. The first-year students, mentored by their seniors, managed to leave behind their inhibitions and stage fright. They were able to showcase their merits in each of the fields mentioned above. The most promising performances were felicitated by the Principal, Dr. C.P.S. Prakash, and the heads of various departments. Yoga instructors, human value mentors and members from the CPA were thanked for their contribution to the induction program on a whole. DSCE's first ever induction program was a memorable success among the first-years, helping them kick-start their journey at DSCE with a zing! This initiative resonated well with the first years, drawing the best ever participation during the auditions for the cultural wing.

Talent's DAY

DSI celebrated Ganesh Chaturthi on the 17th of September 2018. Guests of honour in attendance included the Principal, Vice-Principals, various heads of departments and other faculties of the college. Our student Vidyullatha, and several professors delivered soulful recitals leaving the audiences in awe and harmony. Covering the dance spectrum were crews 'CK-6', 'Atomic BreakDown - ABD', 'Rhythmic Rockers', and 'Mudra' with their respective styles shining brighter than diamonds in the sky. Our Art Team then painted a personal tribute to the Lord through a live portrait creation of Him. We had a satirical skit on our selfish pursuit of God, followed by one based on the tales of Mahabharata by 'Drushya'. The four-odd-hour event concluded with an emotional vote of thanks by the CPA management. Our Classical Music Team-"Samudra" team performed rigorously at the Library, delivering renditions of devout songs one after the other.

Kannada Rajyothsava

ಕನ್ನಡ ರಾಜ್ಯೋತ್ಸವ 22ND NOVEMBER 2019

The festivities kicked off with a Yakshagana procession which students danced along to with great fervor. All the festivities then shifted to the PC Sagar Auditorium where all attendees were in for a delightful treat! We started off by playing the Karnataka State Anthem as a mark of respect for our state. Samudra then took to the stage with their melodious songs. Naatyabhinayasaagari, who then delivered the invocation dance. The Theatre Team then put together a light-hearted performance that displayed the culture, heritage and people of our state. Rhythmic Rockers and Team Mudra, another of our dance crews, then put up an apt performance that revitalized all the audience with energy and zeal. The celebrations then moved to introduction of the chief guest, Mrs. Shamitha Malnad, a song by Professor Deepa, and the lamp lighting ceremony. The Chief Guest then took the podium to share her words of wisdom with us and graced us with an impromptu performance. The celebration concluded with a speech and a thank you note by our Secretary, SHANMUKH.

VIBRATIONS

ವೈಭವ 2018

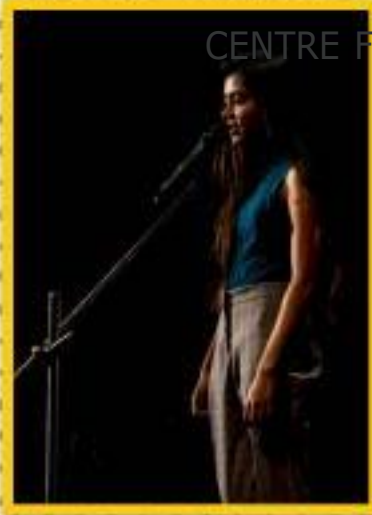

'Vibrations 2018' was the third iteration of Dayanada Sagar Institution's annual intra-college fest. This academic year, Vibrations hosted more than fifty events overall on the 10th, 11th, and 12th of October 2018.

The event was officiated by Dr. Sharanappa, IPS, DCP South Bangalore, the chief guest for the inauguration ceremony.

'Vibrations' is hosted, maintained and organised by DSI's cultural wing – The Centre for Performing Arts – under Mrs. Pooja Baliga. The students use CPA as a platform to hone their skills, meet others with similar interests and abilities, and use it as an official means of participating in inter-college competitions.

All the events were grouped into ten categories: Dance, Art, Music, Literary, Fashion, Theatre, Emceeing, Photography, Faculty Events, and Miscellaneous Events. Each of these was planned, organised, and executed with the corresponding student committee. Students who weren't part of any club, but had amazing ideas for events, did so under the miscellaneous category. Vibrations is a one-of-a-kind cultural fest which hosts events even for faculty. All the professors responded warmly with enthusiasm to the student body's efforts by turning up in good numbers.

The response from students was overwhelming. All the participants were satisfied with the different formats of events conducted, and the way the fest progressed. The joy, satisfaction, and fatigue from participation can be vividly seen in the photos that the media team has diligently captured. Alumni that came to witness the events also contributed to the atmosphere by being sportive and playing along with pranks that students played with them. The extravaganza also received a glamorous touch with two different Sandalwood movie teams coming down to our college. On the second day, the team of 'Bhoothakaala' entertained the crowd and promoted their movie. Famous actor Dhananjaya brought the team of his movie 'Bhairavageeta'. The valedictory ceremony of 'Vibrations 2018' was met with mixed emotions. All the winners were ecstatic to receive their hard-earned mementos. All the students involved with the fest were content with the success of the fest, but disappointed that the three-day extravaganza had to come to an end.

To summarise, the fest took in all the hard-work, efforts, and dedication of students and rewarded them with satisfaction, accomplishment, and content. There's no better way to celebrate student life to the fullest than by devoting time to honing talents collectively. With over 2000 participants, DSI witnessed its biggest and most successful 'Vibrations' till date!

'Furore 2019' was the inter-collegiate cultural fest hosted by Dayananda Sagar College of Engineering on the 18th and 19th of March 2019. The theme for this year's fest was 'Royalty' - symbolic of celebrating the heterogeneity of cultural talents with grace and grandeur much like a 'Royal Gala'. 'Furore 2019' witnessed a footfall of nearly ten thousand across both days of the fest, making it one of the biggest student fests in the city. There were 40 events grouped under the diverse cultural categories, namely - Dance, Music, Theatre, Art, Media, Fashion, Literary, Emcee, Content and Miscellaneous. A good half dozen events were planned exclusively for faculty, making this a one-of-a-kind fest that draws participation from both students and faculty alike. Inauguration 'Furore 2019' commenced on the morning of 18th March. The Chief Guest for the occasion was Ms. Chaitra, a prominent playback singer, and the Guest of Honour for the occasion was Mr. Yograj Bhat, an established director. The Valedictory ceremony was held in the evening of 19th March 2019. Our Secretary Shri. Galiswamy, Principal Dr. CPS Prakash, Dean A R Aswatha and our Vice Principals joined us for the occasion. MSRIT nabbed the overall championship by garnering prizes at most of the events we hosted! The backbone of any fest is the student body. They spend countless hours working round the clock to iron out any problems the fest might encounter. Our student body put on a diligent and enviable fest that will be spoken of for months to come, until the next 'Furore'. All the teams were then felicitated on stage by the dignitaries present.

Dr. Aswatha then delivered the vote of thanks - the

Flashmob

Every year, as part of marketing for 'Furore', the CPA puts on a Flashmob performance. This year, we had three performances on campus – at the Basketball court, and near the Conveno and IEM departments – and one special performance at Vega City Mall, Bannerghatta Road. Each performance had over 60 dancers, each from different teams under CPA. These acts were staged on the 11th and 16th of March respectively. The prelude to the flashmob was a special RAP performance, with both the RAP and flashmob being dedicated to the brave Soldiers that guarantee we enjoy our freedom. On campus, each flashmob performance was met by an audience of over five hundred students. At Vega City, we performed before a staggering audience of 1400! The concluding bit of the performance was a tribute to Wing Commander Abhinandan Varthaman, whose safe return marked relief and joy in all of us! 'Furore 2019' flashmob has been the biggest flashmob

Ethnic Day

One of the days engineering students are eager to mark on their calendars is Ethnic Day. Students across all branches and all years of study come together to plan the perfect dress, the perfect picture booth, and the perfect way to capture memories with each other. This year, Ethnic Day was organised on the 13th of April. The day was marked by a well decked campus, excitement, music and a lot of posing! It is safe to say that we looked and felt our best selves, with the choice of clothing reminding us of the rich culture we inherit, and the wide spectrum of traditions we represent. Perhaps the best take-away from this day is how we all live in peace and harmony, despite our diversity! And also that ethnic day somehow miraculously is met with the highest percentage of students on campus compared to any other day of the year. The basketball court was ripe with music, dance, and photography, with students and faculty alike forgetting all their worries and losing

Achievements

Students from our cultural department have been actively participating in various intercollege fests at other colleges and venues. They've been earning laurels and recognition by winning at events they specialise in!

Sagara Sangama

Founder's Day is celebrated at Dayananda Sagar Institutions every year during the month of July. Celebration of the founder's day continues till the evening with cultural performance by Sagara Sangama, under the guidance of our beloved Secretary Sri Galliswamy.

"Navarasa" is a cultural evening hosted during founders day by Dayananda Sagar Institutions. This initiative of conducting a cultural evening was taken by Mr. Chalapathi from the accounts department. This event is organized by the faculty, for the faculty. Faculties from all the various institutions under the Dayananda Sagar Group of Institutions partake of this occasion.

Cultural programs like music and instrumental events, fashion show, theatre events, group singing, and solo and group dancing are the highlights of this celebratory evening!

VTU Youth Fest

Every year Visvesvaraya Technological University, Belgavi organises It's annual intercollegiate youth festival for all the VTU Colleges across the state. This year it was organised during the month of April. Of all the fests participated in the year 2018, VTU youth Fest (Belagavi) is the top priority simply because of its magnum size and the level of competition. As many as 90 colleges affiliated under VTU participated in the Fest. Centre for Performing Arts had hand-picked as many as 43 participants to represent DSCE across 24 events in the fields of Instrumental Solo, Indian Solo, Western Solo, Classical Dance Mime, Group Singing, Group Dance, Art Events, Photography and One act play.

DSCE Bagged 3rd place in Tribal Group Dance, Vtu youth fest 2018.

The winning team comprised of Sahana Kumari, Pradeep, Likith, Sanjana Sharma, Tanmayi, Nishanth, Priyanshu Pandey, Sreshta, Supriya Srinivas, Shri Hari Nandan

NEW INITIATIVES

SI No.	Activity	Particulars / Description
Department of Aeronautical Engineering		
1	Jet Engine Inauguration	IAF has allotted a Gas Turbine Engine (with after burner) to the department to benefit the academic purpose of the students. The Engine was inaugurated by The Secretary Shri. Galiswamy and The Principal Dr. C P S Prakash on 21 st May 2018.
2	Allotment of Aircraft	Indian Air Force Allotted Aircraft for the Department of Aeronautical Engineering, DSCE.
Department of Automobile Engineering		
1	DSCE – Toyota Center of Excellence	Training students on practical aspects of working of IC Engines, Sensors & Actuators, ECU & Drive systems for enhancing skill sets.
2	MOU with KASSIA (Mechanical stream)	For encouraging start up and entrepreneurship activities
3	DSCE - BOSCH Proficiency Enter	To conduct joint certification programmes on Engine Management Systems and Auto Electrical systems.
4	DSCE - BMW Center of Excellence	Train the students on Advanced Engine components, Electrical Systems and ECU to add value for various courses.
5	DSCE – Volvo Center of Excellence	Train the students on various aspects of Engine components, Electrical Systems and ECU for enhancing the skills.
Department of Biotechnology		
1	Students' Club	Biotechnology students' club - 'BIOZONE' was initiated
Department of Civil Engineering		
1	Technical Field visit to MEA Construction site	Prayojana Construction Management training Institute arranged for a field trip to UG students to the construction site.
2	Invited Talk on "Contracts Management and Opportunities	Prayojana Construction Management training Institute arranged for an invited talk by an industrial expert to benefit our students
Department of Computer Science & Engineering		
1	Ideathon	To ignite the young minds of students towards entrepreneurial culture an ideathon was organized where the students submitted ideas to solve the realistic problems, industry experts were invited to judge and mentor the students for the same.
2	Project Based Learning(PBL)	In order to enhance problem solving skills of students PBL method was incorporated into teaching.
3	Application Based Learning(ABL)	ABL was introduced in department in order to make students understand the application of concepts learnt.
4	Mini projects	Are introduced to bring in hands on experience of the concepts thought.
5	IEEE RAS	To bridge the gap between academy and industry and improve problem solving, soft and technical skills of students thereby improving placements.
6	ACM Student chapter	Students will get a platform to express their ideas, gain advanced knowledge in various technical domains and gain hands on experience, which helps them to come out with innovative ideas.

7	Web Development Club	The goal of web development club is to promote learning and professional growth in the field of web development and to establish a network of like-minded individuals who want to pursue web development.
8	Innovation centers(AI and ML lab ,Cloud and cyber security, IOT labs)	Motivating the students to think laterally and out-of-the box to generate innovative ideas and Transforms innovative ideas into commercial products of societal needs.
Department of Construction Technology & Management		
1	Traffic Awareness Programs	A System Approach to Traffic Safety (ASATS) on 26.04.2019 & 27.04.2019
Department of Electrical & Electronics Engineering		
1	Laboratory	EEE Dept. is going to establish new lab for Operational Amplifiers and Measurements.
Department of Electronics & Instrumentation Engineering		
1	Industry attached Laboratories	<ul style="list-style-type: none"> • Process Automation • Control System & Simulation Lab
2	E-learning/IT enabled courses	NPTEL, EDX, Coursera
3	ISOI student chapter	Creates opportunity for the students to improve their technical skills to face the industrial environment. Some of the recent technical activities are Workshop on Arduino programming and Interfacing and Mini Project Exhibition
Department of Industrial Engineering & Management		
1	Indian Institute of Materials Management (IIMM)	Technical Talks on wide Spectrum of Professionals Engaged in various facets of Material Management, Responsible for Planning, Sourcing, Logistics & Supply Chain Management.
2	Karnataka Small Scale Industries Limited (KASSIA)	-For encourage to start small & medium scale enterprises. -Awareness about subsidy schemes for projects by Govt. of Karnataka
3	BOSCH-Rexroth	Workshops & Technical talk on implementation of IoT 4.0
Department of Mechanical Engineering		
1	Certification courses	<p>"Centre for proficiency development", Department of Mechanical Engineering offers a joint certification program in association with M/s Altair Business Solutions Private Limited in the field of Finite Element Analysis.</p> <p>Currently the center offers two certificate programs</p> <ul style="list-style-type: none"> • "certified Engineering Analyst Program" Level 1 • "certified Engineering Analyst Program" Level 2
2	Workshop and Consultancy	<p>Department of Mechanical Engineering in association with M/s Machenn Innovations, Coimbatore has established a special laboratory for training undergraduate and post graduate students on the latest developments in the field of 3D printing.</p> <p>The following programs are being conducted</p> <ul style="list-style-type: none">  Workshop sessions on 3D printing Technology.  Consultancy in the area of 3D printing Technology.
Department of Medical Electronics		

1	Reverse Engineering Lab	This laboratory mainly focuses on identifying existing non-working medical equipment components and their inter relationships. This laboratory helps the students to analyse and explore the product features which give an insight on design process. The main impact of this laboratory is to understand the working of bio – medical equipments with reference to their design aspects, and its related ergonomics. Study projects have been carried out on instruments such as Ventilators, Dialysis machine, infusion pump, syringe pump etc.
2	GE Advanced Healthcare lab	The objective of the GE Advanced Healthcare Laboratory is to provide training and research opportunities to staff and students related to healthcare and technology related departments. The training program is organized to enhance the on-job skills of the students to gear them up for performing optimally in their careers.

Department of Telecommunication Engineering

1	Lamdoid Pvt Limited	Supports antenna based Projects for Post Graduate students
2	BSNL-RTTC Mysore	Supports Internship Program on Digital Switching systems for Under Graduate Students.
3	Aeroware	Supports Communication based Projects and work shops for students.

Department of Physics

1	Scintillating Ideas Science and Technology Project exhibition 2019	Exhibits ranged from drones to various models using the Arduino and Raspberry pie boards. Projects like Arduino controlled drones, hand gestured controlled robot, smoke detectors, drowsiness detectors, smart shoes, and sewage treatment, smart glass etc were exhibited.

Department of MBA

1	Management Development Program	<ul style="list-style-type: none"> Department of Management Studies conducted 3-days MDP on "Business Analytics using R-programming". The MDP was the first of the three series conducted from 28th to 30th March, 2019 to provide an overview of the Business Analytics Domain for Industry representatives, Faculty and Research Scholars and provided a hands-on overview of Descriptive Analytics using R-programming and Microsoft Excel. One-day MDP on "Tableau- Simplifying Visualization" on April 13th, 2019. The resource person for the technical session was Mr. Vidya Sagar Reddy , HCL Technologies.
2	High industry interface	Real time eight weeks organizational study- functional area exposure to 110 MBA students .
3	Certification courses	Advance MS Excel Certification course was offered to I& II Semester MBA students.
4	Business Analytics	Business Analytics Specialization was introduced under which six courses were offered to MBA 2017-19 batch.
5	Student Magazine	Department of Management Studies has launched two student e-Magazines, FINZINE- Finance Magazine and CADRE- Human Resources Magazine in the month of April 2019.

Activities in the departments

SI No.	Activity	Particulars / Description
Department of Aeronautical Engineering		
1	Internship Training Program at DSU	7 Students undergone internship training program at DSU campus from 16.01.2018 to 27.01.2018.

2	Industrial Training Program at HAL	2 Students undergone Industrial Training Program at HAL-Helicopter MRO Division from 17.01.2018 to 30.01.2018.
3	Participated in Project Exhibition at IISc	Final year students of attended the project exhibition on UAVs for the Development of Agriculture held at IISc, Bengaluru on 22 nd January 2018.
4	Participated in Boeing Aero-modelling competition	students participated in Boeing IIT National Aeromodelling Competition at South Zone event held at IIT Madras During January 2018
5	SAE Aero-design west 2018 Competition, USA	The students team of ARCIS, DSCE indigenously designed and built an Unmanned Aerial Vehicle (UAV) to carry a maximum payload weight of up to 12Kg.
6	Alumni Meet 2018	Alumni meet on 24 th March 2018 current students got benefitted by the alumni inputs on current requirements of Industry and also on ways for higher studies with scholarships.
7	VTU Fest	Sri Harinandan K of final year has participated in the VTU fest 2018 and secured third place in Tribal Dance.
8	Industrial Visit	<ul style="list-style-type: none"> • Industrial visit BOSCH Automotives on 22.6.2018. • Industrial Visit to National Aerospace Laboratories for III year students on 17th & 18th September 2018.
9	"International Yoga Day-2018", 21.6.2018, DSCE Campus.	Guided Yoga and Meditation program from Yoga Experts, Mrs.Arathi Rao and Mrs.M.Koteshwari of Yoga enter, Rajajinagar Bangalore.
Department of Automobile Engineering		
1	Interaction of SAE REEV Team with General Motors	Mr. Sunil Gupta from General Motors Technical Centre, mentor of REEV team interacted with our students on 5-3-19 in view of upcoming SAE REEV competition.
2	BOS Meeting	BOS meeting was held on 25-02-19 in the department. Dr. K M Jagadeesh, Associate Professor, PESCE, Mandya, VTU Nominee, Dr. D K Ramesh, Professor, UVCE and Santhosh Kumar, Head of Engineering – Automotive Service Solutions, M//s BOSCH Ltd were the members.
3	Engineering Conclave	Engineering Conclave was conducted on 9 th February 2019 at CIL, DSI. Mr. Anandkumar T S, Senior General Manager, BOSCH Ltd., attended the meeting and offered suggestions to include topics of industries relevant to improve scheme & syllabus.
4	Awareness Program on Importance of Safe Driving and Usage of Safe Equipment.	Awareness Program on awareness on importance of safe driving and usage of safe equipment was organized in collaboration with General Motors Technical Center India on 15.02.2019.
5	GOKART Vehicle	GOKART Vehicle, designed and developed by PARSEC Team was launched by Sri. Naveen Soni, Vice President, TKM Pvt. Ltd., Sri. Sailesh Shetty, Vice President TKM Pvt. Ltd. and Sri. Galiswamy. Secretary, DSI on 4th Feb 2019 in the Department.
6	SAE REEV (Range Extended Electric Vehicle) BOOT CAMP	Faculty and students attended "Energy Calculation and DFMEA" programme on 30-11-2018 at GM Technical Centre, Bangalore organized by General Motors.
7	Faculty Development Program	One week FDP on "Emerging Trends in Mechanical Engineering Sciences" was conducted by the department starting from 18-06-2018 to 22-06-2018.
8	BMW Mini Cooper Engine	Engine donated by BMW under Skill next programme on 27-07-2018.
9	Organized FDP on Auto Desk Fusion 360	Faculty Development Program (FDP) on "AUTODESK FUSION-360" (Hands on Session) was jointly organized by the department of Automobile Engineering and Mechanical Engineering in association with AUTODESK India Inc., from 19-12-18 – 23-12-2018
10	NBA accreditation	Accredited on 19-12-18 for 3 years.

11	"Applications of Machine Learning and Artificial Intelligence for Mechanical Engineering Sciences"	Faculty Development Programme on "Applications of Machine Learning and Artificial Intelligence for Mechanical Engineering Sciences" was organized from 16.01.19 to 20.01.19. Faculty members from the Departments of Automobile Engineering, Mechanical Engineering, Aeronautical Engineering and IEM attended the programme.
12	Visit to VOLVO	As a part of FDP on "Applications of Machine Learning and Artificial Intelligence for Mechanical Engineering Sciences", our Faculty members visited VOLVO Construction Equipment's on 18.01.19.
13	Training programme at TKM, Bidadi	Faculty members Dr. Naveena B E, Murgayya S B and Kavya J T attended Train the Trainers programme at Toyoto Kirloskar Motors, Bidadi on 31.01.19 as part of MOU to establish COE.
14	TVS Industrial Visit	Students of VI Semester visited TVS 2 wheeler Manufacturing Plant at Hosur on 27-02-19 along with our faculty members Mr. Vijay T and Mr. Mahesh B R.
15	Rapsri Industrial Visit	Students of 4 th semester visited "RAPSRI" to understand the practical aspects of foundry & forging on 12-04-19. Mr. Mahesh B R, Asst. Professor and Manjunatha N, instructor also attended the programme.
16	KSRTC Visit	The students of 4th Sem visited KSRTC – Regional Workshop, Kengeri, Bangalore on 25/02/19 as part of curriculum. The Engineers at KSRTC briefed about work flow & process carried out for fabrication of bus body building & reconditioning of Internal Combustion Engines.
17	Tata Auto Components	Students of VI Semester visited Tata Auto Components on 23-03-2018 at Bidadi to enhance skills on practical knowledge on plastic injection moulding.

Department of Biotechnology

1	DSCE - Open Day-Final Year Student Project Exhibition	08 May 2019 Dr. Ishwar B Bajaj, Senior Scientific Manager, Biocon Pvt. Ltd., Bengaluru was external evaluator to evaluate best projects.
2	7 Days Faculty Development Programme on "Recent Advances in Nanotechnology for Sustainable World-2018"	19th – 26th June, 2018 Jointly organized by Department of Biotechnology, DSCE, School of Basic and Applied Sciences, DSU, Centre for Incubation, Innovation, Research & Consultancy Jyothy Institute of Technology and Association of Microbiologists of India (AMI), Bengaluru Chapter
3	ACTIVITY BASED LEARNING: In collaboration with SciTal Talent Services Pvt.Ltd. Solution to transform skill development and employability levels in Science	<ul style="list-style-type: none"> • September 2018 onwards 12 hours. • As a pilot one of the Module in the course Biochemistry was identified. • Industry Faculty have trained the Internal Faculty under Training the Trainers and evaluated the students after the activity.
4	INDUSTRIAL VISIT TO CARL ZEISS	26.10.2018. Industrial visit by fifth semester students to Carl Zeiss (India), a premier Microscope & Lens manufacturers in the world.
5	National Conference on "Advances & Innovations in Biotechnology: Multidisciplinary Approaches to Food, Health, Environmental and Energy Issues" (AIBFHEE) & Annual Meeting of Society of Biotechnologists (India).	15th -16th November, 2018 Jointly Organized by School of Basic and Applied Sciences, DSU, Department of Biotechnology DSCE and Bengaluru Society for Biotechnologist (India) (SBTI)

Department of Chemical Engineering		
1	Faculty Development Program: Five Days Faculty Development Programme on “Recent Advances in Process Industries-2018”	30 th July to 3 rd August 2018 Organized by Department of Chemical Engineering, DSCE. It is an attempt made by the department to invite industrial personnel, researchers from reputed research institute and speakers from reputed collages. The main objective of this FDP program is to orient faculty towards recent advances in process industries. Where series of lectures and industrial visit was arranged.
2	Chemical Engineering Association (ChEA) Inaugural Function	22 nd September 2018 Chemical Engineering Association conducts various academic and non – academic activities In the department. The inauguration for the academic year 2018-19 is a start for the various student activities in the department.
3	Work Shop on “Entrepreneurship Awareness Camp”	4 th to 6 th February 2019 DST-NIMAT project -2018-19, supported by NSTEDB and EDII was jointly organized by IEDC and Department of Chemical Engineering, DSCE. Industrial visit as part of EAC program was organized to Gomti Industries, private ltd, Kumbalgodu, Bengaluru.
4	“ CHEMOVATION-19”	3 rd & 4 th May 2019 Is a national level student symposium on “Geo Jagruthi” organized by Department of Chemical Engineering, DSCE in association with Indian Institute of Chemical Engineers (IICChE), Bangalore regional center. There were many events conducted in this technical fest such as paper presentation, poster presentation, quiz and treasure hunt.

5	PROJECT EXHIBITION 2019	8 th May 2019 Project Exhibition "Open Day" was organized by Dayananda Sagar College of Engineering on 8 th May 2019 to encourage Final year BE students. There were totally 11 teams from Chemical Engineering, which actively participated in the project exhibition held in the department. The event was Judged by Mr. Madhu H N , Founder and Director, Novo Spiro Foods Pvt. Ltd.
Department of Civil Engineering		
1	One day Regional Workshop on "Engineering challenges related to the concept of new materials in Construction Industry"	Dr. Ramaraju H.K and Mr. Shailesh Hundekar received the grants of Rs. 25,000/- from Krishna Bhagya Jala Nigam Limited and the workshop was conducted to commemorate engineers day on 19 th September 2018
2	One day Brainstorming Workshop on "Oil and Chemical intrusion of Mangalore Coastal Soil and Water"	Awareness on "Effect of Coastal oil and Chemicals Intrusion on compaction and Consolidation behavior of Mangalore soil and water" Organized at NEB block, Dayananda Sagar College of Engineering (DSCE), Bengaluru.
3	3 days Workshop on Revit Architecture For Building Information Modeling – BIM	Organized at NEB block, Dayananda Sagar College of Engineering (DSCE), Bengaluru on 3 rd October 2018 – 05 th October 2018
4	Sustainable Advanced Waste Water Treatment Technologies and Mitigation Strategies for Lifeline Structures during Natural Disasters.	A National Seminar was organized to commemorate World water Day – 2019 at Dr. Premachandra Sagar Auditorium, DSCE, Bengaluru on 29 th March 2019 sponsored by Science and Engineering Research Board (SERB), National Disaster Management Authority (NDMA) and The Institution of Engineers (India) with grants of Rs.1,00,000 and Rs. 90,000 respectively
5	SagarTech 2019	Two days annual civil engineering technical conjuncture held on 29-4-2019 to 30-4-2019 sponsored by Youth Forum of Water(YFW)of Indian Water Works Association & Indian Concrete Institute, students' chapter
6	Field Visit	<ul style="list-style-type: none"> • Dayananda Sagar University Near Harohalli Industrial area, Kanakapura road on 17th September 2018 • BWSSB, Waste Water treatment plant, Hebbal & Nayandanahalli on 24th September 2018 • ISCKON TEMPLE, Vaikuntha Hill on 11th Feb 2019 • Sarakki Lake, Visit by UG Students to Sarakki Lake , J.P.Nagar Bangalore, Karnataka on 01 March 2019 • CS Department - under construction at DSCE campus on 24th June 2019
7	Alumni Meet 2019	Department arranged Alumni meet on 11 th January 2019. Our current students got benefitted by the alumni inputs on current requirements of Industry and also on ways for higher studies with scholarships. The Alumni donated Rs. 3 Lakh scholarship for the Toppers.
8	Social Awareness Program	Water, Sanitation and Environmental Awareness Programme (Swachh Bharath Abhiyaan – 2019) In support of Government Higher Primary school, Department of Civil Engineering DSCE, Organised the Awareness Programme at Melukote on 19 th June 2019
Department of Computer Science		
1	Workshop by Emerger technologies	A One-day hands-on workshop on Embedded Systems by Emerger technologies was conducted on 06/09/2018
2	Commencement of Innovative labs	All innovation labs namely AI and ML lab, Cyber security lab and IOT lab was commenced in the department on 01/09/2018.

4	Talk on AI and ML – ML innovation lab	The Artificial Intelligence and Machine Learning Innovation Lab invited Dr. Ramkashi to speak on the topic of chatbots and inspire students to involve in making of chatbots on 07/09 2018.
5	Gaming club commencement with activity	The Gaming and AVR club held a game development using unity workshop on 18/09/2018 for the students to help them get started off on game design skills and how to apply them to real-world applications.
6	Design and photography club : Adobe design workshop	The workshop included hands-on experience and interaction with the software along with parallel teaching that allowed students to try everything they learned at that moment itself.
9	Workshop on packet tracer for Computer Networks	A one day workshop was held for pre final year students on 04/10/2018 who have entered the course Computer Networks. Students learnt to work on a simulator tool, Cisco Packet Tracer.
10	Workshop on Data Visualization	The Artificial Intelligence and Machine Learning Innovation Lab conducted a workshop on numpy, pandas and matplotlib to teach students how to work with numpy arrays, take in data inputs using pandas and make panda data frame, make graphs using matplotlib on 29/09/2018.
11	ACM student chapter lecture	On 09/10/ 2018, the DSCE, ACM student chapter had a lecture conducted on "Constructive Steps towards Research".
12	AI and ML lab activity – Workshop on Regression	The Artificial Intelligence and Machine Learning Innovation Lab conducted a workshop on 23/10/2018 for the students to help them get started off on Prediction models.
13	Code chef Campus chapter	The Code chef Campus Chapter of the college held a competitive coding competition on the platform code chef on 27/10/2018 to develop the logical and coding skills of the students.
14	IEEE Robotics Automation Society Inauguration	Department of CSE inaugurated IEEE RAS student chapter, in association with IEEE Bangalore section, on 23-11-2018 witnessed by Dr. Shikha Tripathi, IEEE RAS chairman, Bangalore section and Mr. I.A Khan, CEO Novatech Robo.
17	Red bull escape room competition	The Gaming and AVR Club had a Red Bull Escape Room competition where students had to solve logical puzzles on touch screen TVs which were developed in Unity.
18	Hackathon – 'Local Hack' – Inter College level	Local Hack was conducted on 11/12/2018 in association with ACM Bangalore and github. The hack was a 9 hour hack with 2 workshops by JPMC on current trending technologies like block chain etc.
	Journal Club talks	Dr. Krishnan R presented a talk on Artificial Intelligence, Techniques & Use Cases on 25-08-2018.
	Workshop on IOT	The workshop on The Internet of Things conducted on 15/11/2018 by Mr. Madhusudhan Rao, Managing Director from Four Corner Technology. During this day, industry experts shared their insights, real life scenarios.
19	Technical talks	A Technical talk On Recent Trends in Technology was held on 13 th March 2019.
20	TCS Tech Bytes	First round of TCS Tech Bytes –it was a College level was conducted in the department of CSE on 25/03/2019. There were 10 teams in total. A total of 30 students participated in Round 1 at college level. Qualified teams were called for the next round
21	Registration of Mobile Innovation Lab 2019 – React Native	Topics covered in the lab included React Native screens using React-Navigation, Scroll View components, Structuring the project, An Introduction to Firebase, and Cloud Firestore Database
22	Bootcamp for AI-ML lab.	The session began with a brief workshop on the platform Git, where the students learnt about its implementation and the various advantages it provides to ease a programmer's work- load.

23	NS2 Simulator workshop	The workshop was conducted by the students of Final year MayankVerma, Mohd.Nahid and Mohd.Faizan, to the students of pre-final year on 08/03/2019 about fundamental concepts of network simulation using NS2.
25	Machine learning Workshop	This course was intended to help those with a basic knowledge of artificial intelligence & machine learning to get the benefit of different algorithms and techniques practices in artificial intelligence and machine learning. The speakers gave a complete overview of various algorithms in AI & machine learning and conducted hands-on practical programming using Anaconda environment.
26	Community development program	Community development program was organized to educate the community and students about the prominence of education, at Government School, Ramanagar
28	Journal club talks	A talk on "Internet Of Things" by a guest speaker Mr.Ashwaq, IBM, Bangalore was organized on 10/02/2019
31	OBE based quiz conducted for the faculty	MCQ based quiz was conducted for the faculty of CSE on 19/12/2018. The quiz was based on outcome based education practices. The outcome of this quiz was to bring in more aware- ness about OBE and practice in our curriculum.

Department of Construction Technology and Management

1	ACT 2018	One day workshop & technical talk on Advanced Construction Technology (ACT) on 30.11.2018
2	Construction Site Visits	<ul style="list-style-type: none"> • Site visit to Concrete batching plant at DSU and a Brick Manufacturing unit near Kanakapura was taken to 2nd and 3rd year students on 22nd September 2018 • Road construction sites of Karnataka Industrial Areas Development Board (KIADB) at Harohalli, Bangalore and Vasanthanarsapura, Tumkur was organized for Mtech students on 15.03.2019
3	Engineering conclave	Engineering Conclave was organised at Centre for Innovation and Leadership, DSCE. Dr.V Ramachandra, Senior Vice President, Ultra Tech Cements, Mumbai. And Mr.Nagaraj B N, General Manager, Tata Consulting Engineer's Limited, Bangalore were experts who gave valuable inputs to equip students to absorb in industry easily.
4	Open day 2019, Student Project Expo	UG student's project expo was organized in department. Mr.Ratnakar Reddy, Managing Director, Infra Support Engineering Consultants Pvt. Ltd was the Industrial expert. Prizes were awarded to the students in four areas - Best Project, Innovation, Social Relevance and Presentation.
5	Parents Teacher's Meeting	Parent teachers' meeting was conducted in the department on 18 th January 2019 for 3rd year students to discuss the Progress of the students.
6	One day seminar on overseas education	One day seminar was organized in the department on April 12th 2019 on 'Overseas Education Opportunities' to educate our students regarding importance and facts of studying abroad. The talk was given by Mr. Devanand and Ms. Shivani of 'Global Reach' consultancy, Bengaluru.
7	Teacher's Day	Teacher's day was organized by students of CTM on 5th September, 2018. Chief Guest of the program, Senior Mathematics Professor, Dr. H N Narasimha Murthy was honored by the department as a mark of respect to his service in the field of education for 5 decades. He addressed the gathering and enlightened the students.

Department of Electrical & Electronics Engineering		
1	Industry Institute Interaction	Industry Conclave(IEEE PES) Bangalore chapter, 18 th August 2018, organized by Department of EEE in association with IEEE PES
2	Faculty Development Programme	FDP on PSCAD/ EMTDC, 14/8/2018, Delivered by Dr. P.Usha, Professor, DSCE, Bengaluru
3	1 Week FDP on Internet of Things & its applications	4/8/2018 to 9/8/2018, Hands on training on IOT and its application
4	Workshop	<ul style="list-style-type: none"> • PCB circuit design using CADANCE tool by Channayya Hiremath, Hardware Engineer, IKA India Pvt. Ltd., Bengaluru, 01/09/2018, Speaker:Mr. Channayya Hiremath, Hardware Engineer, IKA India Pvt. Ltd., Bengaluru • "Power Scenario and Job opportunities in Power/Energy sector", October 22nd 2018, Speaker:Mr.Suresh Babu, Assistant Director, PSTI, BENGALURU , Karnataka • Semiconductor Device selection For High Power Applications, 9th and 10th, October , 2018 • "Latest Trends and Modern Practices in Power Sector And Their Inclusion in Training Courses", 9/10/2018, NPTI, PSTI-Bengaluru. • "Virtual Lab on Electric Circuit Analysis", 21/11/2018, • Virtual Lab on Electric Circuit Analysis", 20/11/2018, • Hands on Training on Relay -switch based control logic circuits, Panel drawing, VFD motor control has been organized for students at Digital instruments& Control systems Peenya, Bangalore on 6th February2019.This workshop is intended to provide practical exposure to Industrial automation concepts
5	Soft Skill Training	For students of VI th semester and IV th semester between 13-06-2019 to 18-06-2019
6	Industrial Visit	<ul style="list-style-type: none"> • Industrial Visit to KARNATAKA SOAPS& DETERGENTS LTD, Bengaluru, October 4th 2018 • Industrial Visit to BMRCL, Baiyappanahalli, Bengaluru , 1st October , 2018 • IEEE PES Student members visited to ISRO Satellite Center on 24th December 2018 • Solar power station to Pavagada organized for 8th semester students on 18th February 2019 to enhance the practical knowledge on solar energy, generation and power distribution. The visit intended to show the Asia's largest solar park
7	Industry Engineering Conclave	An Industry engineering conclave has been organized on 9 th February 2019 to discuss about the scheme and syllabus of the curriculum as per Industry requirement.
8	ISA Annual day (I-ACT)	Students of EEE Department have Participiated for Roborash, Technical quiz and project presentation held at Adishankaracharya Institute of Engineering and Technology, Kaladi, Kerala on 30 th March 2019.
9	State level project Exhibition	Students of EEE Department have Participated in State level project Exhibition held at Sri Siddhartha Institute of Technology, Tumkur on 26 th and 27 th April 2019.
Department of Electronics & Instrumentation Engineering		
1	One Day Workshop	18th July 2018. Programmable Logic Controller from Mr.Anbu from Vi Micro systems Chennai .

2	Six days Faculty Development Program	4th to 9th August 2018. "Internet of Things and Its Applications". Speakers:-Mr. Ravi, Sr. Embedded Engineer, Karunadu Technologies Pvt.Ltd, Bengaluru,,Mr. Balamurali Tripathi, Senior Specialist IOT/ CBU TataElxsi Pvt. Ltd.
3	Faculty Development Program	21 st to 23 rd , February 2019. "Role of ARM processors in Industrial applications" Speakers:- Mr. Kasinath, Managing Director, ALS Technologies, Bangalore, Mr. Nandish and team from ALS,-Mr. Manikanta Reddy, CEO, Yuva Impulse Pvt, Ltd, Bangalore and Mr. Nagendra B, Team Leader, Embedded Linux Systems, Tessolve Pvt. Ltd, Bangalore
4	"ATHARVA" Technical Event	12 th March 2019 Interdepartmental Technical event organized by the department
5	Two days Workshop	26th & 27th April 2019. PLC SCADA by Industrial experts from Prolific systems Mr.Shiva Shankar, Branch Manager, Ms.B.R.Rajni Core Reasearch Group Engineer Mr.Naveen, Core Research Group Engineer PLC SCADA
Department of Industrial Engineering & Management		
1	International Conferences	<ul style="list-style-type: none"> • ICIVBS-2018 • ICIVMS-2019 3 days program where paper presentations and plenary sessions were organized
2	Workshops	One day programs:- <ul style="list-style-type: none"> • MSME-DI supported – (5 days) One week Entrepreneurship Development Program (EDP's) for 6th semester students • Advance Data Analytics use in Industrial Application • Future Industry & Entrepreneur • Internet things of Smart Manufacturing • Entrepreneurship Awareness Camp supported by NSTEDB & EDIT
3	Seminars	Japanese talk (Seminar on Job opportunities in Japan)
4	Industrial Visits	<ul style="list-style-type: none"> • IMTEX Forming-2018 • Rapsri Industries • Volvo Constructions & Equipment's • HHV Pumps Pvt. Ltd. • HAL Engine Division
5	FDP's	<ul style="list-style-type: none"> • Emerging Trends in Mechanical Engineering Science • Application of Machine Learning & Artificial Intelligence for Mechanical Engineering Sciences
Department of Information Science & Engineering		
1	FDP Conducted on " Data Science"	7 th to 11 th August 2018 In the FDP the following topics are covered: <ul style="list-style-type: none"> • Data Science • Learning aspects through Machine Learning. • Artificial Intelligence. • Deep Learning. • Natural Language Processing. • Statistics. • Machine Learning in Medical Imaging. • Design of Chatbots. Hands on Session.

2	Training Program on "BASIC HEALTHCARE"	3 rd to 7 th September 2018 SHPL wants to impart domain knowledge in the area of healthcare to its employees so as to improve their product knowledge and produce better quality software. With this objective in mind, they requested CAH to prepare and deliver such a training program.
3	CISCO Certification orientation Program	6 th October 2018 The speakers gave overview on 'Cisco Networking Academy program', 'What Networking Academy Provides' and explained how these certification courses help our students prepare for entry-level career opportunities, continuing education, industry-recognized certifications, and career advancement.
4	CODING CONTEST	06 th October 2018 Programming contests can provide a high-profile method for attracting interest in computer technology.
5	Inauguration of ACM Student Chapter	15 th October 2018 Dr. Ram P Rustagi delivered a keynote address on the "Power of Studying Computing!" following the inaugural of the Student Chapter. He suggested that students of the current generation cannot simply aim to have high aggregate percentage of CGPA but must be observant of social problems and try solving them through computing.
6	Invited Talk on "Discrete Mathematical Structures and its applications"	29 th October 2018 The speaker highlighted on the topics of groups, probability and its applications. Students are able to apply & solve the real time problems on these topics.
7	BOOT CAMP 2K18 - Workshop on Deep Learning	13 th to 17 th November 2018 Boot Camp on Deep Learning 2018 is focused mainly on deep learning applications. The environment set up has been done by installing python, python libraries, Keras the python deep learning library. Keras is a high-level neural network API, written in Python and capable of running on top of Tensor Flow, CNTK, or Theano. Theoretical concepts on Neural Network, Concurrent neural network and recurrent neural network have been explained.
8	EMERGING TREND Talk Title "Management Practices and Technopreneurship"	15 th November 2018 The Speaker briefed the students about the significance of Management skills in any organization. She discussed the functions of Management, and also introduced the students with "Technopreneurship". At the end of the session she engaged the students with few activities which focused on both Management and Entrepreneurship
9	HACKMAN2K18 24 Hours	17 th to 18 th November 2018 Event was an occasion for the students of Engineering colleges to come together at ISE department of DSCE and present their innovative ideas. These innovative ideas were implemented into their products that they developed.
10	Conducted FDP on "Cloud and Big Data Applications"	16 th to 20 th January 2019 The program was conducted for faculty members, and topics covered were Introduction to Cloud, Microsoft Azure Cloud, Virtualization, Open stack, Big Data and its Applications, Hadoop framework etc.
11	Technical Talk On "Computer Networks, Cyber Crimes & Cyber Security"	9 th February 2019 The Speaker introduced the main concepts of cyber security and how to look at cyber security from an Indian perspective. She talked about the different cyber security threats individuals, properties, organisations and countries face and ways to overcome them. She also shared some real-world incidents of cyber security threats such as the malware attack on the Union Bank of India and the cyber-attack by Russia on Estonia.

12	Entrepreneurship Awareness Camp	11 th to 13 th February 2019 A Three days Entrepreneurship Awareness Camp was conducted in the department. It was about creating awareness among the students about Entrepreneurship. Students were taken to DERBI Foundation and were exposed to the working environment of various startups and other companies.
13	DSCE-ISE ACM Student Chapter Poster Presentation	12 th February 2019 In this event students have presented research information in the form of a poster. Every team has chosen recent upcoming technologies which were appreciated by judge of the event.
14	Hands on – One day Workshop on “ARM Processors and it’s Applications”	9 th April 2019 The workshop mainly focused on architecture of ARM processor, instruction set and hands on session using the Keil software. Sample interface programs were demonstrated. The workshop enabled the students to understand the significance of ARM processor in terms of working, programming and its applications.
15	Invited Talk on “Big Data & Modeling”	25 th April 2019 The invited talk conducted, focused on the applications on Data Modeling and its usage in real world. This talk encouraged students in applying the data modeling techniques.
16	Technical Talk on “Parsers and its applications”	25 th April 2019 The technical talk conducted, focused on the types of parsers, importance of parsing in language processors, applicability of parsers in natural language processing. This talk enabled the students to understand the role of parsers in compiler design.
17	Workshop on “Ethical Hacking & Cyber Security”	26 th April 2019 The workshop was organized on “Ethical Hacking & Cyber Security” for 6 th sem. students Topics covered in the workshop are Introduction to Network Security Introduction to Hacking , Introduction to Kali Linux and working with Kali Linux for penetration testing, Network Attacks, Network Attacks & Security, Cyber attacks and types, Social engineering attacks. The objective of this workshop is to focus on why ethical hacking is required, create awareness on cyber security.
18	Aptitude Test - Genesis 11-12 th April (Round-1) 25-26 th April (Round-2)	Mock Aptitude Tests were conducted for the students as Round 1 and Technical test was conducted as Round 2 as a part of tech scoffing from ISE Student forum – Genesis. This helped the students to have an idea on the question that arises for the Round 1 of the companies.
19	Tech-Scoffing (Final Round Interviews)	4 th May 2019 The event comprised of Quantitative and Technical Aptitude test taken by the students of 6 th semester, Information Science and Engineering Dept. Students were segregated based on USN into 3 different laboratories and given an online aptitude test. The duration of the test was one hour, which took place from 4pm to 5pm. Questions were a combination of math and technical aptitude.
20	Technical Talk on “Artificial Intelligence”	6 th May 2019 The talk was delivered in the various important topics of Artificial Intelligence, namely Heuristic functions, how computers learn and recognize speech, Blocks world problem, Crypt arithmetic problem, solved few AI problems.

21	Open Day - Project Exhibition	8 th May 2019 In view of projecting the innovative ideas and thoughts of our young minds who are capable of contributing to the society were given an opportunity to exhibit their ideas in this technical platform. The enthusiastic students of Information Science have carried out their projects using advanced tools and technology in par with current industry requirements. The projects focused on different areas like Machine Learning, Artificial Intelligence, Image Processing, Cloud computing, IoT, Networks, cyber security etc. We are delighted to congratulate all the participants of our department.
22	Technical Talk on "Video Situation Analysis Using Stream" DSCE ISE ACM Student Chapter	12 th June 2019 The technical talk conducted, through DSCE ISE ACM STUDENT CHAPTER focused on the , Video Situation Analysis Using Stream data processing approach, importance of this topic was video stream analysis for situation monitoring due to the ubiquitous ... Scene Understanding for Real Time Processing of Queries Over Big Data Streaming Video.
Department of Mechanical Engineering		
1	International Symposium on Advances in Nano Materials	International Symposium on "Advances in Nano Materials" – 2018 (ANM-2018) jointly organized by Department of Mechanical Engineering and Department of Chemistry was held on 24 th September, 2018 at A.V. Auditorium, Central library, DSCE.
2	Internship Program	The "Centre for Advanced Robotics" conducted an internship program in the Department of Mechanical Engineering from 2 nd July to 3 rd August 2018 on "Auto Adjusting and Positioning of Light Sensitive Roof Panel to Maximize Day-Light in Buildings"
3	Demonstration on FEAST- Finite Element Analysis software	A demonstration of FEAST-Finite Element Analysis software (developed by ISRO) was held in the department of Mechanical Engineering on 30 th August, 2018. It was demonstrated by Mr.Venkatakrishnan and Mr.Vishak from Intercad systems.
4	Autodesk Fusion 360 Training session	Training session using "Autodesk Fusion 360" software was conducted in the department of Mechanical Engineering from 1 st October, 2018 to 9 th October, 2018.
5	Workshop on MATLAB and Simulink	Workshop on MATLAB and Simulink was organised in the department of Mechanical Engineering on 22 nd Oct, 2018 in C.D.Sagar Hall. The workshop focused on the contents such as Suspension modelling, Vehicle modelling, Battery modelling and management, Powertrain modelling, Introduction to Embedded Coder. The guest Speakers for the event were: Dr.Veer Alakshendra, Student Competition Technical Evangelist, Mr. Abhishek Roy, Application Engineer and Mrs. Maitreyee Mordekar, Student Competition Technical Evangelist.
6	"Robotic Workshop : ARDU-BOT"	Robotic workshop "ARDU-BOT" was held in the department of Mechanical Engineering on 17 th and 18 th November, 2018. The workshop included various modules such as – Basics of Arduino, Introduction to IOT, line follower, Projects related to blue tooth, IR and ultrasonic sensors.
7	"PYTHON Workshop"	Two days workshop on PYTHON was held in the department of Mechanical Engineering on 17 th and 18 th November, 2018. The Workshop involved projects with RASPBERRY PI cloud on IOT. The workshop was conducted by Mr. Kiran, CEO, Impeedcraft.
8	Workshop on "Additive Manufacturing"	Department of Mechanical Engineering in association with Infocloud organized one day workshop on 4 th December, 2018 in the field of "Additive Manufacturing". The workshop was conducted by Mr. Shridhar, Director, Infocloud, and Bangalore.

9	Faculty Development Program on Autodesk Fusion – 360	Faculty Development Program (FDP) on "AUTODESKFUSION-360" (Hands on Session) was Organized by department of Mechanical Engineering and department of Automobile Engineering in association with AUTODESK India Inc., from December 19 th to 23 rd , 2018.
10	Faculty Development Program (FDP) on "Applications of Machine Learning and Artificial Intelligence for Mechanical Engineering Sciences" (AMAMS-2019)	Faculty Development Program (FDP) on "Applications of Machine Learning and Artificial Intelligence for Mechanical Engineering Sciences" was jointly organized by Department of Mechanical Engineering, IEM, Automobile Engineering & Aeronautical Engineering from 16 th to 20 th January, 2019 at Dr. Premachandra Sagar Auditorium. The speakers were Mr. Santhosh M. S., Senior Manager – Connected Hydraulics, Bosch Rexroth India Limited, Mr. Chetan Rajdev, Head -Industrial Sales (Southern Region) , Hydac India, Mr. Vinay Reddy M. H., Predictive Analytics Manager, Honeywell Technology Solutions, Dr. Kuntal Das Barman, Principal Research Engineer, Volvo Group India Private Limited, Mr. Arun Sahani, Delivery Lead, Accenture India Private Limited, Mr. Rahul Ghali, Senior Manager, Accenture India Private Limited. The faculty development program also included industrial visit to VOLVO industry on the last day of the program.
11	Workshop on "Quadcopter"	Workshop on quad copter was organized in the Department of Mechanical Engineering in association with 'skyfi labs' on 8 th and 9 th February, 2019. This workshop event was a hands-on session where the students were allowed to build, design and test quadcopter right from scratch.
12	Workshop on Entrepreneurship	Students from the department of Mechanical Engineering and department of IEM participated in workshop on Entrepreneurship which was organised at Karnataka Small Scale Industries Association (KASSIA), Bengaluru on 15 th February, 2019.
13	Autodesk Fusion-360 Training program	Four days Autodesk Fusion-360 training program on " Modelling of Mechanisms and Motion Study" for the fourth semester Mechanical Engineering students was conducted by the Autodesk Student experts from pre-final Mechanical Engineering stream from 12 th to 15 th March 2019.
14	Awareness on Importance of Modelling and Analysis software for Mechanical Engineering students	Awareness program on the importance of Modelling and Analysis software for Mechanical Engineering students was organised for the pre final year students on 12 th March, 2019. Mr. Naveen and Ms. Ramya from Educadd Center, Jayanagar educated the students about various software's like CATIA, ANSYS.
15	Workshop on Programmable Logic Controller (PLC), Supervisory Control and Data Acquisition (SCADA) and Variable Frequency Drive (VFD)	Three days workshop on Programmable Logic Controller (PLC), Supervisory Control and Data Acquisition (SCADA) and Variable Frequency Drive (VFD) was held in the department of Mechanical Engineering from 8 th to 10 th March, 2019. The Workshop involved hands-on practice session on PLC, SCADA platform. The workshop was conducted by Mr.Dhanus Kodi C, Application Engineer, (Axis Global Institute of Industrial Training, AGIIT, Bairam Sunil, Application Engineer, AGIIT.
16	Workshop on Autodesk FUSION 360	Workshop on Autodesk FUSION 360 was held for fourth and sixth semester students on 1 st and 2 nd of April, 2019. The resource person for the event was Mr.Anand Pujari, Autodesk Inc. The theme for the workshop was "Generative Design". It was an interactive hands-on session where the students learnt the generative designs using Autodesk Fusion tool.
17	Workshop on "Advanced IC Engines Technologies – ECU specific"	Two days Workshop on "Advanced IC Engines Technologies –ECU specific" was organised in the department of Mechanical Engineering on 10 th and 11 th April, 2019. The workshop was organised as a part of Engine Research laboratory, DSCE in association with ARTIS Technologies and Services, Bangalore.

Department of Medical Electronics		
1	Hands on workshop on Arduino microcontroller	A hands-on workshop on Arduino Microcontrollers was organized on 21st and 22nd of March, 2019 in association with the student chapter of Instrument Society of India. The workshop focused on the basics of Arduino microcontroller and practically oriented the students towards the biomedical applications of Arduino.
2	Expert Lecture on Musculo-Skeletal system and instruments used in physiotherapy	An expert lecture was delivered on 23.10.2018 by Dr. Srihari Sharma, Cardio-pulmonary rehabilitation clinic, School of Physiotherapy, Dayananda Sagar University on the basic structure and functions of musculo-skeletal system and the various instruments used in physiotherapy.
3	Technical Talk on Product design, development and management in healthcare	Mr. Abdul Rahman Shariff and Mr. Dilip Kirani, Regulatory Analysts, HCL Technologies, who are also the alumni of the department, delivered a technical talk on 13.10.2018 about the process of medical device design and development.
4	Visit to Physiotherapy clinic	The students of Medical Electronics visited the Physiotherapy clinic at Dayananda Sagar University in April 2019, for understanding the functions of instruments used in physiotherapy for rehabilitation and treatment.
5	Electoral Awareness Campaign	The department conducted a campaign at the institution for creating electoral awareness on 9.4.2019. It was an initiative to disseminate the importance of voting amongst youth and to convey that voting is the fundamental right and responsibility of every citizen.
6	Technical Writing	As part of the pre-placement activities, a technical writing event was conducted at the department on 9.2.2019 by the student chapter of ISOI. The participants were asked to discuss in groups and pen down their views and opinions about the advancements in Robotic Surgeries and Biomaterials.
7	Invited Talk on Career opportunities in Medical Electronics	An invited talk was organized at the department on 2.2.2019 on the career opportunities in Medical Electronics. The talk was delivered by Mr. M. N. Guruvenkatesh, Vice President, Placements & Skill Development Centre, Dayananda Sagar College of Engineering. He spoke about the various opportunities for Medical Electronics graduates and the skills expected by healthcare industries.
8	Invited Talk on IT Tools in Healthcare	An invited talk was organized on 9.3.2019 about 'IT tools and softwares in healthcare' by Mr. Maraswamy, Head, IT Services, Sagar Hospitals, Bangalore. He spoke about the various software tools that are used in hospitals for database management
9	Pick and speak	A Pick and speak event was conducted by the student chapter of ISOI in April 2019 with an objective to cultivate public speaking and improve communication skills of the students.
10	Group Discussion	A group discussion was conducted by the ISOI student chapter at ML in April 2019. The primary objective was to prepare the students for placements and also to improve their soft skills. The topics of the group discussion were related to current affairs and prevailing social issues.
11	Creative writing contest	A creative writing event on 'Recent advancements in healthcare technologies' was organized with an objective to prepare the students for placements on 22.9.2018.

About the College

Dayananda Sagar College of Dental Sciences was founded in the year 1991. Today it is one of the best equipped colleges in the country providing quality dental education, patient care, conducting research & extending community services. It is ranked 40 according to Times Survey 2018, amongst more than 350 dental colleges in India.

The college has state of the art facilities with advanced training in all fields of dentistry. It also offers specialized training in Implantology, Lasers, Esthetic Dentistry, iTOP and Micro-surgeries. It has advanced equipment such as Surgical Microscope, Digital Radiography, 3D-Nemoceph to name a few. The basic science labs and the phantom head lab are equipped well to train the students to develop adequate skills before they enter clinics.

The clinical facilities are geared to provide a wide range of high quality clinical treatments to the patients. The college has a mobile unit to provide dental care in rural areas & in areas with limited access for dental care. The college has satellite centres where students are posted and acquire first-hand experience of clinical practice.

To ensure optimal training to students, there are 204 dental chairs, fully equipped classrooms, auditoriums to conduct CDE programs & conferences. The hospital has a digitized patient management system and state of art AV facility for each department. We have created a system to live stream CDE events & other educative programs to all departments & even for places outside the college, via our You tube channel & zoom meeting facility to have a 2 way interaction with the audience

We have mentorship program & soft skill development program for students. We also place emphasis on innovation & research to encourage creativity. Overall, it is a center for learning & excellence providing opportunity for all the interested youngsters to create a glorious future for themselves.

NEW INITIATIVES

SI No.	Activity	Particulars / Description
Department of Civil Engineering		
1	MoU with Infinity PMC Pvt. Ltd	to bridge the gap between the industry and academia with additional knowledge gains and skill development on Project Management Techniques
2	MoU with CADD Center, Huli-mavu	to bridge the gap between the industry and academia with additional knowledge gains and skill development on AutoCAD and Autodesk features

Department of Computer Science and Engineering		
1	MOU with E mind Technologies	For Training& Certifications - Placements for unplaced students.
2	MOU with Bosch Rexroth for Innovation Lab	Set up IOT lab with Module with Sensor XDK kit.
3	MOU with Red Hat Linux	Training and Linux Certification for students
4	MOU with SKYCULTURE	For Professional Activities
5	Oracle Work Force Development Programme	Distinct Certified Courses - Renewed the license for Oracle Java and Oracle SQL.
6	Special Lab – IOT(Internet Of Things) GeeksLab	Arduino Board, Sensors, XDK sensor
7	Big Data Lab	VGST Granted Big Data Lab
8	Ethical Hacking Lab	Established by CyberCure Technologies Pvt Ltd
Department of Electrical and Electronics Engineering		
1	MoU with Power Research Development Corporation (PRDC), Bengaluru.	To Conduct Workshops ,Seminars & To Train the students & Faculty in the specified areas
2	MoU with Dept. of EEE, DSATM and Just Robotics Powered by Spenroit Technologies Pvt Ltd, Bengaluru	To Conduct Workshops, Talks & FDP in the concerned areas.
3	MoU with DSATM and National Instruments Academy (Lab-View) Based Competence Development Center,Bengaluru	For Technical hands-on training, Interns/placement support in core companies
4	MoU with Dept. of EEE,D-SATM and Venjay Automation(VA),Process Automation solutions, SCADA & Embedded Systems Peenya Industrial Area,Bengaluru	To give Hands-on Training in Automation & Embedded Systems
5	MoU with Dept. of EEE,DSATM and Pragna Micro designs, Bangalore	To Conduct Workshops ,Seminars & To Train the students & Faculty in the specified areas
Department of Electronics and Communication Engineering		
1	MOU with National Instruments /Labview and Lab set up	NI Labview Academy Based Competence Development Center, for Technical hands-on training, Interns/placement support in core companies
2	Texas Instruments Innovation lab	Project implementation and workshop
3	MOU with Notaden corporation, Bengaluru	To carry out Internship and Project workshop for students
4	MOU with Speckbit Exploratories,Bengaluru	For Internship and workshop for students
5	MOU with Loyal Pouch Pvt. Ltd.	To carryout Internship for students

Department of Information Science and Engineering

1	MoU with DataLore Labs Pvt Ltd, Bangalore	For promoting and reinforcing Technological concept of Machine Learning and Data Science with joint collaborative work in students projects, internships and placements development.
2	MOU with KASSIA	To promote entrepreneurial, technical skill development of the students along with internship and placement opportunities.
3	Cerified LabView Associate Developer (CLAD)	For this test 18 members were registered from all respective departments. Mrs. Preethi S of ISE Department has cleared the exam and certified.

Department of Mechanical Engineering

1	MoU with CADD Centre, EDU CADD, Design Tech	To Train the Students in CADD and allied areas
2	Set up of NI LAB-college level	5 Faculties from Department are trained on NI Lab view software.

All other activities in the department relating to the Program/ Course

Department of Civil Engineering

SI No.	Activity	Particulars / Description

DAYANANDA SAGAR COLLEGE OF ENGINEERING

CHIEF LIBRARIAN: Dr. Johnson C David

The Library and Information centre here is cutting edge following the most recent RFID innovation and Dayananda Sagar College of Engineering is the primary private segment Engineering College in India to introduce this framework. This most recent framework is easy to use and gives access to any book accessible in couple of minutes. The Library has a tremendous gathering of over a lakh of Books and digital books, alongside CDs and DVDs separated from most recent Dailies and Periodicals. Library is automated with Libsys software and RFID technology.

Clear from the affirmations and positive comments by the meeting personnel and dignitaries, the scholarly models of Dayananda Sagar College of Engineering is genuinely reflected in its exclusive expectation Library. This Library is open to all undergraduates, postgraduates, PhD researchers of various specializations and further more to the faculty. Alongside this, digital library and e-resources are additionally accessible through the advanced Library with committed frameworks. DSCE Library has got 80 seating capacity A V Auditorium intended for presentations, workshops, scholastic introductions and other instructive exercises.

The Mission of the DSCE library is to provide wide-ranging resources and services in supporting of the teaching and learning needs of DSCE community and also to create a sustainable, comprehensive plan of succession for human resources in the engineering specialty at global standards.

Vision of the DSCE Library continues to embrace change and align itself to thrive on diversity, to support growth and opportunity and to reward flexibility and innovation.

Library Advisory Committee

Library Advisory committee plays an advisory and advocacy role regarding the Library in its support of teaching, learning, research and community-building needs of the Institution. RFID (Radio Frequency Identification) modules

Self Check-out station: The Self Check out station is basically a computer with a touch screen and a built-in RFID reader, which will handle the book and other media for circulation. After identifying the user with a library Smart Card or his personal ID number and the user is asked to choose the next action (check-out of one or several books). After choosing check-out , the user puts the book(s) in front of the screen on the RFID reader and the display will show the book title and its ID number (other optional information can be shown if desired) which have been checked out.

Book Drop: The Book Drop can be located anywhere, within or outside the library. This offers unprecedented flexibility and convenience of returning library items at anytime of the day, even when the library is closed. Users insert the borrowed library books/CDS into the slot. The RFID reader captures the electronic signature and sends to backend system for loan cancellation. The user will receive one Email as a confirmation of cancellation. As such, users who have reached their checked out quota can start borrowing items once they have returned them through the Book Drop.

Hand Held Reader/Shelf Management Device: This device of RFID system makes locating and identifying items on the shelves an easy task for librarians. It comprises basically of a portable PDA and an Antenna. The device is designed to cover three main requirements:

- Search for individual books requested
- Inventory check of the whole library stock
- Search for books which are misplaced

EAS Gate Antenna: RFID EAS Gates is the anti-theft part of the Library RFID Management System using the same RFID tags embedded in the library items. Each lane is able to track items of about 1 meter and would trigger the alarm system when an un-borrowed item passed through them. The alarm will sound and lights on the gate will flash as user passes through with the un-borrowed library material. Library staff are alerted immediately when un-borrowed items pass through the theft detection gates.

Librarian's Day

Every year DSCE library is celebrating Dr. S.R. Ranganathan's birth day as LIBRARIAN'S DAY. In this occasion a well-known personality in the field of Library and Information science is being honored every year. During this time many more activities like quiz competitions etc. are also conducted.

Cultural Activities along with Ganesh Festival

Every year DSCE library celebrates Ganesh Festival in the campus with grand way. During this time several cultural activities take place. Performances from eminent artists, college students take place during this event.

A V Auditorium / Media Resource Centre

Facilities in Auditorium

- Base Sound System with one wireless phone
- Huge Screen (wall-mounted)
- Projector (ceiling-mounted)
- Controlled Lighting and Sound
- DVD/ CD/ Video Player
- Educational CD/ DVDs
- Awarded and Scientific Movies Shown on Every Saturday at 11.00 AM

Video surveillance

In our Library IP based 26 CCTV Dome cameras are installed in all the sections.

Video surveillance and security cameras are great security tools for libraries, as they can protect large areas of space and allow librarians and Staff Members to immediately check in on concerns from the reference desk or office.

User awareness

The library takes an active part in the orientation programme for the benefit of new students in the beginning of academic year. They are taken around the library to familiarize them with various resources and services available in the Library. Training sessions are also organized whenever a new product or service is introduced.

Any user desiring to know more about library resources and service or to learn how to use a particular resource like OPAC, e-journals, databases etc. should contact any library Staff Members or at Information Desk.

Future plans

- Planning to install several book drops in prime places of the campus
- Planning for virtual library
- Web centric will be adopted to bring all engineering college libraries of DSI to bring under one database platform

DAYANANDA SAGAR COLLEGE OF DENTAL SCIENCES.

LIBRARIAN: Mr. Narasimha Murthy. A. V.

The Central Library and Information Centre of Dayananda Sagar College of Dental Sciences started in 1991. The library is Housed in an independent 2nd floor of Pre-Clinical Dental Block with 5100 sq.ft. The primary objects of the library is to serve the information needs of the faculty and students community. It acts as a center for the collection of literature, predominantly related to Dentistry and its allied subjects and aims to develop as a comprehensive collection of information that is useful for both teaching and references. It also ensures that information resources are acquired and organized so as to meet the present and future information needs of our time. The entire library block is well equipped with proper lighting and seating arrangements more than 150 students at a time. An excellent ambience is created for the readers to utilize the library facilities.

The Library is well equipped with modern facilities, such as e-learning, access to internet and web resources including online journals and e-books. The library is providing a growing range of databases on the campus network. Access to e-resources subscribed by the library. All the library services have been automated on a modern line. The library has fully computerized its collection, which could be accessed through OPAC. The library is enabled with Wi-Fi technology and Security systems with CCTV surveillance.
