SECRETARY'S MESSAGE

The pride of every student and staff would be his college. A college may reach heights of glory but without an annual report, the outside world may not know of it. The role of a comprehensive report is therefore vital in promoting what an institution offers. It brings out into the open things hitherto unrevealed. It brings to light the names of the unsung heroes and their mighty deeds.

I am happy that there are dedicated staff and students who have brought out the “DSI annual report”. They have presented stupendous achievements of our students and staff in the fields of academics, research, sports and extra- curricular activities. “DSI Annual report” represents the collective work of the team.

I take this opportunity to thank everyone in the DSI family, who have made “DSI Annual report”, a great success.

Shri Galiswamy
Secretary, Dayananda Sagar Institutions

PRINCIPAL'S MESSAGE

“DREAMS ARE NOT THE THINGS YOU SEE IN SLEEP , BUT ARE THOSE THINGS THAT DOESN'T LET

YOU SLEEP” - Dr. Abdul Kalam

I am proud of our college what it has achieved this year and , day by day our college progress and college students are achieving new heights in their academic and in their entrepreneurship. In spite of COVID pandemic , we have been able to do all that was needed for the students & patients . I will mention just a few important events conducted this year. We have conducted several CDE programs & workshops regarding lasers, dental implants, basic life support, medico-legal workshop, rotary endodontics, seminars, webinars , online class etc. I am happy to share with you all that, we have got staff & student grants for approximately 4 lakhs & have applied for around 50 lakh worth grants this year.

This year we have obtained excellent results in BDS with more than 15 distinctions, several first classes including a student who obtained 90% in 1st BDS. I heartfully congratulate the students & staff for progressively bettering the results each year. All study & no play will make us dull. So, we do give importance to sports & cultural activities too. Though, post covid it was a difficult situation for us, we decided to a cultural event in a small way at least.

We didn't stop here, but were good at service to the community too. Our interns , U G students, Pg students ,staff , technicians have taken part in several dental camps this year . Our college team took part in several NMO camps, vaccine drives & had covid postings in many centres, gaining experience in the process. I thank them all from the bottom of my heart.
