Annexure - I

Oral Hygiene Day was introduced to commemorate the birth anniversary of the doyen of Indian Periodontics, Dr G B Shankwalkar. It is celebrated on the 1st of August every year to spread oral health awareness and prevent periodontal problems.

Dental health care is one of the most neglected among many. While its importance is often underestimated, the need for regular dental care cannot be overstated. However, the lack of information on dental health awareness, attitude, oral health-related habits and behavior among the low-income population prompted us to make them aware of the oral hygiene practices. A dental health awareness session was conducted for all the attenders, housekeeping staff and gardeners of Dayananda Sagar Institutions on 1st August 2023 at Seminar Hall, Heritage building. A total of 135 Participants were present and all were given a demonstration of oral hygiene practices and the importance of inter dental brushing and flossing were explained to them.

Dr Archana R Naik, Reader, Department of Periodontology, explained different aspects of oral diseases and its importance and the impact of oral diseases on overall health was conveyed. Dr Koduru Sravani presented a talk on "Biomedical Waste Management and Segregation". A strong message on the importance of waste segregation was given to everyone.

The programme was graced by Dr Hemanth M Principal, and Dr Savita AM, Head and associate dean, Department of Periodontology. We thank our beloved Principal Dr Hemanth M for his encouragement and his mention about the consideration to provide maximum concession for the basic treatment needs.

At the end of the session Oral Hygiene samples and aids sponsored from Group pharmaceuticals and ICPA were distributed to all participants. Queries of the participants were also addressed. The audience thoroughly enjoyed the entire program and good feedback was given. A day well spent for Department of Periodontology.

Annexure – I

The Department of Conservative Dentistry and Endodontics conducted a CDE program, Lecture and Demo on "3 SHAPE TRIO" on 07-03-2023 for the Post graduates and Staff members.

At the inauguration, the Principal emphasised on the importance of Digitization in dentistry. The speaker Mr Aravind, Unicorn Denmart clinically demonstrated the 3 Shape Trios scanner and software. The upper and lower arches of a volunteering patient were scanner and subjected to digital smile designing. The other features of the equipment such as scanning diagnostic casts, addition of patient photographs and digital smile designing were also discussed. All the participants found the lecture and demo very informative and had a lot to learn from this program. The Principal presented a token of appreciation to the speaker at the end of the program. Certificates of participation were distributed and feedback collected from the participants.

The Department of Conservative Dentistry and Endodontics in association with the committee of Dental Education Technology conducted a CDE program, Lecture and Demo on "Vital tooth bleaching on 10-02-2024 for the Interns batch (2023-2024), interested PGs and faculty.

At the inauguration, the Principal spoke about importance of vital tooth bleaching. The speaker Dr Dharam Hinduja, had a lively interaction with the students during the lecture which ended in a short QnA session. It was followed by a clinical demonstration on vital tooth bleaching in the Department of Conservative Dentistry and Endodontics. Other materials and techniques of tooth bleaching were also discussed during the demo. Students were very much captivated and had a lot to learn from this program. The Principal presented a token of appreciation to the speaker at the end of the program. Certificates of participation were distributed and feedback was collected from all the participants.

REPORT

INTERNS ORIENTATION DAY PROGRAM		
SL NO	EVENT PARTICULARS	DETAILS
1	DATE	8-11-2023
2	VENUE	CIL Building, Dayananda Sagar Institutions
3	TIME	10am onwards
4	CHIEF GUEST	Mrs Gunjan Solanki,
5	OTHER DIGNITARIES	Vice Principal and Associate Deans of UG studies, PG studies and Administration
6	PICTURES	Enclosed
7	REMARKS	Interns Orientation Program is an introductory session designed to welcome and prepare new interns for their clinical journey. This program typically includes an overview of the institution's policies, procedures, and expectations, as well as guidance on clinical protocols, patient safety, and professional development. The orientation may cover topics such as infection control, patient communication, use of dental equipment, documentation standards, and the structure of the internship program. The goal is to ensure that interns feel confident, well-informed, and equipped to deliver quality care and integrate into the professional environment effectively.
